CANADA'S ONLY REAL PLEASURE RESORT Lies on the western shore of wonderful Vancouver Island. For nine miles the holdings of the West Coast Development Co., Ltd., border the wide open Pacific. The beaches, in a series divided here and there by headlands, extend from end to end of the property. They are REAL ocean beaches, of pure white sand, hard as macadam, wide and gently sloping. The summer sea that laps these shores kno ws no break of island or promontory; it comes from the distant Orient.

The lots, all approximate quarter acres, lie on a level, just sufficiently high to get a fine view. The soil is excellent, black loam merging into the sand of the beaches. The property back from the beaches is well wooded, affording a delightful contrast as different from the average summer resort as day is from night.

The sport to be enjoyed on this property probably has no superior in all America. Fishing for salmon and trout is rare fun and these fish are plentiful in the streams and lakes about the place; shooting includes ten varieties of duck in myraids, all wild fowl common to the temperate zone, deer, etc.

This property is now being developed as a first class, modern, pleasure resort. Improvements will include modern hotel, sanitarium beach bath houses, board walk along the strand, steel pleasure pier, golf links, tenn is courts, etc.

Think of the opportunity this resort presents to you. Look at the prices and easy terms; as an investment it has no equal; fortunes were made by first investors in Atlantic City. Bar Harbor, Coney Island. Vancouver Island is fast becoming a tourist centre of world-wide fame. This Canadian resort will be wonderfully successful, NOW is the time to buy a lot.
