TWO MURDER TRIALS FOR THE ASSIZES THIS WEEK

Heavy Bill Faces the Coming Session Which Opens on Tuesday

There will be fourteen cases for trial at the criminal assizes, which will open on Tuesday next in Calgary, before Judge Scott. This is the largest number which has ever been up at any assize here and it is expected that the session will be a particularly long one. On Tuesday the proceedings will be to a large extent of the formal nature and the grand jury will be sworn in to consider the various cases to see whether a true bill should be returned or not. The trials it is not expected start till the day following as no true bills may be returned before that time so a good allowance of a start of the trials before the petty juries. A large number of citizens have been summoned to serve on the juries and many business men may have to serve a time in court during the next week or two.

There will be two murder cases up for trial. The one of most interest to the people of Calgary will be the trial of Joseph Dionne for the murder of

Justine Frick, the little German girl, a fortnight ago. The other cases are all of a serious nature, and heavy punishments may be enacted by the presiding judge according to the terms of the law.

List of Cases.
The list of the cases with their dates is as follows:—
King vs. Joseph Dionne, murder, May 28.
King vs. Baptiste Macdougall, murder, May 29.
King vs. William Riddick, abortion, May 29.
King vs. Annie Weinroth, arson, May 29.
King vs. Reinhold Ernest Froby, attempted murder, May 22.
King vs. Mike Instanowski, attempted rape and indecent assault, May 22.
King vs. Alex. Bell, false pretences, May 24.
King vs. W. A. Elder, obstructing police officer, May 27.
King vs. Henry Huff, cattle stealing, May 28.
King vs. Wallace Bell, theft, May 28.
King vs. Jimmy Musket, attempted murder, May 29.
King vs. Crona, attempted murder, May 29.
James Short, K.C., will conduct the cases on behalf of the king, while Joseph Dionne, William Riddick by Frank E. Eaton and Ernest Froby by M. B. Peacock.

News of Him
"Here is a story of a woman who says that present marriage laws make women the slave of man," said the square jawed matron as she looked up from the newspaper.

"Why don't they enforce the law, then?" weekly asked Mr. Henpecke.—Buffalo Express.

VESSELS HANDICAPPED IN CARRYING EXPLOSIVES

London, May 18.—Among the various obstacles which the British authorities are discovering to a general armament of American lines, one of the greatest is said to be the port regulations. As a rule port authorities prohibit vessels from lying alongside wharfs or docking with explosives on board, and it appears that before British armed vessels could violate these rules the permission of a great many authorities of several nationalities would have to be obtained. The port of London has particularly stringent regulations in this respect, for vessels have to discharge even rockets and blue lights before docking. How exacting are some of the requirements is shown by the case of the Auckland harbor board. There is a frigate between Great Britain and Auckland in explosives, and at one time vessels discharged powder for Auckland at a point some distance from the town. But it was decided that the distance was not great enough, and now vessels have to discharge their explosives at a point some distance from the town. Should they have explosives for other New Zealand ports they have to return to this island to reship the consignments. The discharge and reloading of the ammunition at a large number of ports would involve, to put it mildly, serious problems.

Good may come from transplanting. When we go away from home we leave behind old enemies as well as old friends. When we are free from the sinister expectations of schoolmates we may amend old errors on a new stage with success.

GENERAL OUTLOOK FOR CROP IS MOST OPTIMISTIC

All Wheat Is Sown and 75 Per Cent. Is Already Above the Ground—More Than Half Oats and Barley Is in the Ground—Flax Crop Will Probably Be Less This Year Than Last.

WARM, BRIGHT, SUNNY WEATHER IS NEEDED

Moisture has been sufficient to last till the beginning of July and few points report too much damp weather—Season Is Later Than Last Year But Outlook More Favorable.

The latest reports from the country on the crop situation are the most optimistic, and it is felt by many of the farmers that if all things go well the crop this year will be the best since 1909. All of the wheat has been sown, and practically 75 per cent. of it is above ground, some of it as much as three and four inches. Of the oats and barley more than half has been sown, and of the latter there will be far more this year than in any previous year in Alberta.

The flax crop will be smaller for a variety of reasons. These include the embargo placed on flax last year by the railways, the low prices in the market, and the difficulties experienced last year in harvesting, and threshing. Very little of the flax has yet been sown, and it all depends on what is yet to be done by the farmers whether there will be more or less, but present indications are for the latter.

Moisture, Satisfactory.
In Alberta, more particularly the southern part, the last fortnight has brought almost daily rain, and the much needed moisture, the absence of which was earlier complained of, has been provided to the satisfaction of all. There are very few complaints of too much rain and of damp ground except a little to the north, in the neighborhood of Olds and Red Deer. The snow has had the most beneficial results so far, and has kept the ground well moistened.

But for the next two weeks the farmers hope for nothing so much as good bright, warm, and sunny weather. Given that there will be such a growth after the fortnight of moistening as has never before been experienced in the province. This comes with gratification when it is reflected that the crop is at present fully two weeks behind what it was in 1912, but that is no harm if the warmth and growing weather which is needed can be got during the next few days. The bed is this year much better than last year. Less wheat has been sown on stubble, and the ground has been better prepared in every way. Very few points report too much moisture, though the majority say that there is now enough to carry the crops right on into the end of June and even to the beginning of July.

Some of Last Year's Still.
At some points there are reports of a considerable amount of the crop of last year being still held in the hands of the farmers. In the north of the province, near Edmonton, this is particularly the case.

icularly the case, and from one point a report comes to the effect that there is as much as 50 per cent. of the wheat still to be sold from last year. At the greater majority of points, however, there is no report of such a nature, and even those places where there is wheat still left say that the wheat is hard, and not very seriously affected.

Outlook is Fine.
This report shows the outlook for the present summer is of the best, and given good warm weather during the rest of May and June there will be the bumper crop of the west. The weather forecasts are for the best for the next few days, and with the last few days of the week warming up, though only a little, the outlook is of the best. The situation in Alberta appears to be much better than in the other prairie provinces where there are at some places actual complaints of the need of rain. As Alberta can command, it appears from past experience, more sunshine than the others, Alberta may be looked on to do much this year to come near the record of the others in the product of grain.

With increased means of transportation available this year in the way of new branch lines, two new routes to run into Calgary and other arrangements in the vicinity of Winnipeg, in the shape of cut-throughs which will facilitate transportation to the east, shipping time, the outlook is one of the brightest that the farmers of Alberta have ever experienced.

An American firm of publishers strongly protests against Bibles being put upon the free list.

FIRE RANGER HENSLEY MISSING FOR A WEEK

Edmonton, Alta., May 18.—Provided with two days' provisions and two horses, Fire Ranger Cyril Hensley left Hinton nearly a fortnight ago to reach a certain point two days' travel from there. A week passed and nothing was heard of him. He never reached his destination, it is stated, and it is feared that some harm has befallen him. Search parties were instituted, but up to this morning no word had been received from them as to whether the man had been found or not.

ENGLISH CONTRATS GIVEN TO FIRMS IN GERMANY

London, May 18.—Two big contracts have gone to Germany for two pairs of lock gates and a swing bridge for the East India docks. The port of London authorities found it necessary to place the contracts abroad, the lowest tender of a British firm being 51,371 pounds, against 34,729 pounds from a continental firm, with considerable acceleration in the time of delivery.

A stereopticon entertainment on "Jehovah" will be given by Rev. Martin Bore on Monday evening, May 19, at 8 o'clock, in the Heath Baptist church, East Calgary, corner Twelfth street and Tenth avenue. A cordial invitation is given to all. No admission.

CRANKY CHRISTABEL IS CONSECRATED TO CRIME

Militants Would Stop Their Tactics but for Woman Who Is Afraid to Face Her Trial in Court of Law

London, May 17.—It is stated that the relations between the leaders of the militant suffrage movement are not entirely cordial and some members of the militant organization are strongly of the opinion that the time is reached when it would be wise to call a truce to militancy. It is realized that the extreme to which some of the militants are going is alienating public sympathy, and it would be advisable to abandon militancy in favor of a vigorous educational campaign.

The real obstacle of such a truce is said to be the attitude of Christabel Pankhurst, who is expected to refuse her assent to any abatement in militant activity until the vote is obtained.

Harms Students

More Than Most Anyone Else.

The Chief of the Presbyterian Hospital in N. Y., Dr. Fisher, tells one very easy way to avoid some physical ills.

His comments on

TEA and COFFEE

are most interesting (see letter in southeast corner).

If the subject appeals to you, try leaving off tea and coffee entirely, use Instant Postum and carefully note, day by day, the return to health and strength.

A level teaspoonful of Instant Postum in an ordinary cup of hot water dissolves instantly and makes it right for most persons.

A big cup requires more, and some people who like strong things put in a heaping spoonful and temper it with a large supply of cream.

Experiment until you know the amount that pleases your palate, and have it served that way in the future.

Postum comes in two forms.

Regular (must be boiled).

Instant Postum doesn't require boiling, but is prepared instantly by stirring a level teaspoonful in cup of hot water.

"There's a Reason" for POSTUM

Canadian Postum Cereal Co., Ltd., Windsor, Ont.

PIANO SALE

The Entire Stock of the Gerhard Heintzman Piano Parlors to Be Sold Before May 26th!

We have to vacate our present premises on May 27, and our new piano parlors
