A FATAL FEAT

By a St. Catharines Man-The Strain Was Too Much For Him.

St. Catharines, May 14.-Mr. Walter T. Duncan, brother-in-law of Mr. Jas. Robertson, of the Globe Hotel, Queenston station, dropped dead shortly before noon yesterday in the yard of the hotel. He and eight or ten others around the hotel were out in the yard yesterday morning throwing a heavy stone, jumping, etc., and then several of those present began stooping over, touching the ground at their toes without bending their legs. Duncan put the palms of his hands on the ground in this way, and after some of the others had done the same, Mr. Duncan stood on a stone about three inches high and again touched the ground. He then straightened up and went over to meet a horse that had just come in, and when he reached the horse's head he fell to the ground. Mr. George Robertson called to his brother James, and they carried him into the house, but he never spoke, and was dead almost instantly.

Mr. list yesterday held in the Princess Rink Victoria bridge yesterday. A little further Yatman gave an excellent discourse on "Faith." In the evening he spoke from his sins shall not prosper, but whoso confesseth and forsaketh them shall have mercy." The attendance, owing to the wretched weather, was not as large as on Sunday, but the rink s comfortably heated by stoves, and sitors need have no fear of being

In the course of his address Mr. Yatman said: "It is an awful thing to sin, because broken law always has its penalty. You will find this to be the case in the jails, asylums, penitentiaries, reformatories, and even in your own body, when you break the hygienic laws. Whatever stands between the individual and his God should be let go. Repent of your sins before God at once and be saved. Some people are ready to do almost anything, but there is generally one thing which stands between them and God, which

they will not give up. 'Let the wicked forsake his way, for whosoever covereth his sin shall not prosper.' "If you are a hypocrite, get out of the church; do not disgrace it. If there is anyone hated in heaven, earth and hell it is a hypocrite. I have not patience with anyone who gets up in a public meeting and confesses a promiscuous lot of sins. If you have sinned against God or man go to that individual and square up. It is not necessary to get out on the street corner and throw your hat in the air and shout because you are converted. You should go to God and return thanks quietly."

WEEKLY HIGH COURT.

### i Very Brief Session During Which Five Motions Are Argued.

The regular weekly sitting of the High Court began at 11 a.m. this morning before Hon. Mr. Justice Robertson. The first motion was in the Canadian Masonic Mutual Benefit Association, an appeal of McVean and Switzer against the report of the local master. Appeal dismissed. R. K. Cowan for the appeal,

The second motion was a similar appeal brought by Dewar and Bicksworth. This appeal was also dismissed. Gibbons, Q.C., for plaintiffs, Flock & Flock for the receiver.

Telfer vs. Stewart-Motion for vestthe two schools, the members, parents ing order. Referred to the local master or clerk in chambers. Meredith, Cameron & Judd, for motion, Betts for official guardian. Welsh vs. Welsh, also a motion for

vesting order, and referred to the local master or clerk in chancery. Stuart for motion, Betts contra. Re Mary Costello, lunatic, motion for past maintenance. Stands; no action. Stuart for motion, Betts for the official

guardian.

The session of the court was very brief, the arguments in the five motions only occupying half an hour. The Apollinaris Spring's Great Capacity. "The drinkers of Apollinaris water may feel assured of being supplied with their

favorite beverage, while those who have not yet drunk it need have no fear of being sent empty away. Careful tests have been made which demonstrate that the existing supply is adequate for filling 40,000,000 quart bottles yearly. When the demand is in excess of these figures then the Apollinaris Company may have to sink a second well. It is quite clear, however, that the Apollinaris spring yields enough water not only for present requirements, but also for those of a fature which is still remote."-[The Times,

## FAST DYES.

A few years ago Fast Black Dyes were unknown. All the "World's Leading Dyers" had experts working from sunrise till sunset puzzling their brains to find a process by which Black Dyes would remain Fast.

Their efforts were in vain. It remained for a poor penniless dyer (Mr. Louis Hermsdorf) in an obscure German town, to discover the process. This discovery proved to him to be the "Philosopher's Stone"—the road to wealth. The four corners of the earth paid tribute to his inventive genius, and he soon became a multi-millionaire.
