London's Lace and Embroidery center is bounded by a line that marks the centers of our "Three Busy Stores." We strove for and obtained a reputation for our Laces and Embroideries. EMPEROR STAYS AT SIAN FU

Will Not Return to Pekin While Present Conditions Continue.

Still Discussing Indemnities—Requests From the Chinese-United States to Purchase Legation Land.

EMPEROR STAYS AT SIAN FU. London, March 6 .- The Reuter Telegraph Company has received the following from Pekin, dated March 5: Inquiry concerning the reports of Emperor Kwang Su's return elicited assurance from the Chinese officials that he had not the remotest intention to leave Sian Fu while the present situation continued, and that if the powers persisted in fortifying the legation quarter it was 'extremely probable that the court would never return to Pekin. The Chinese appeal regarding the latter question points out that if forts are constructed five of the six Chinese boards, namely, war, rites, civil, appointments, words, works and revenue, will be swept away, as well as one of the most sacred temples in the empire, containing the ancestral tablets of the present dynasty. The ministers of the powers are still discussing this appeal and the question of defenses, but have arrived at no decision, owing to the divergence of views.

THE INDEMNITIES. Washington, March 6.—Such reports remains were as reach here from Pekin indicate for interment. that the state department by no means under-estimated the difficulties that would be experienced in reaching an agreement between the foreign ministers regarding the amount of indemnities to be levied upon the Chinese Government and the method of collection. It appears that the demands in their present shape are of a generous character, and grave difficulty is anticipated in securing an amelioration of the demands. It will not be surprising if it should become necessary for the powers sincerely desirous of avoiding a partition of China to address them-selves direct to the foreign offices of the other powers, as was done in the case of the punishment section of the agreement, in the hope that they may instruct their ministers at Pekin on different lines from those they are now

CHINESE MAKE REQUESTS. Pekin, March 6.-Gen. Yin Tiching Yin Chang, by order of Li Hung Chang, wrote to Count Von Walder-see, making the following requests: "If it be possible, let there be no more expeditions. iGve permission to the Chinese troops to remain within ten miles of the allies, for the purpose of preventing depredations by Boxers and Direct allied troops, while searching for and punishing robbers and Boxers to ask assistance of the Chinese officials. Preventing native Christians from making extortionate claims, which the missionaries often help to enforce." To this communicaton Count Von Waldersee sent the following reply: "The headquarters staff of the allied army cannot enter into an agreement to undertake no more expeditions, but must reserve the right to act according to circumstances. If no general conditions, political or otherwise, arise, like the ap pearance of bands of robbers or the behavior of Chinese regular troops that would necessitate expeditions, Count Von Waldersee is inclined to agree to the request of Li Hung Chang to have no more expeditions. The local authorities will be asked to ascertain the guilty as far as possible. Indemnities to native Christians or missionaries will be settled in future by the mutual agreement of the dip-The daily committee meetlomats." ings of the ministers of the powers deal with the legation quarters, the forms of assessing indemnities and questions of ceremony in connection with audiences of the emperor. An improved railroad service is promised within the next ten days.

U. S. TO PURCHASE LAND. The enactment of the diplomatic and consular approbation bill has placed at the disposal of the state department a sum of money for the acquisi-tion by purchase of legation premises for U. S. legation at Pekin. Therefore, the secretary has instructed Special Commissioner Rockhill that he is permitted to proceed immediately to consummate the purchase of a suitable tract of land. With the exception of Great Britain, who owned its own legation premises in Pekin before the Boxer outbreak, it is believed the United States will be the only foreign power which will have paid cash for every foot of ground in its legation compound.

HOW TO CLEANSE THE SYSTEM.—Parmelee's Vegetable Pills are the result of scientific study of the effects of extracts of certain roots and herbs upon the digestive organs. They are easy to take, and their action is mild and beneficial.
