The Evans-Jaffray case is the suit of George Evans, of Windsor, against Mr. Jaffray, of Galt, for half of the profits in the formation of the Canada Cycle and Motor Company, buying the plants. etc. At the hearing of the argument last January, the court of appeal upheld the decision of the trial judge in dismissing the case as against Mr. Jaffray's co-defendants, Senator Cox, Senator Melvin Jones, Warren Y. Soper, of Ottawa, and E. B. Ryckman. Judgment was reserved on the appeal as against Mr. Jaffray, of Galt, with whom Mr. Evans caimed a partnership. According to the latter, Mr. Jaffray was to get \$25,600 for his work, and he (Mr. Evans) was to get half. He didn't get any, charged Jaffray with violating the agreement, and his co-defendants with "having conspired to procure the breach of it."

The only printing presses to be placed on the free list are rotary printing presses.

It is provided that in the case of the budget, if they enter Canada on or before the last day of August next, they will be admitted under the old rate of duty. This will apply to woolen goods, large quantities of which were ordered from England before the duty was increased on June 7.

Preliminary Hearing in Case of Robert Powell at Police Court.

Evidence was taken at the police court this morning in the much-adjourned case

didn't get any, charged Jaffray with violating the agreement, and his co-defendants with "having conspired to procure the breach of it."

But Mr. Justice Britton, at the trial, dismissed the suit, holding that the agreement was only for a short time, and ended in April, 1899, the meeting of the persons whom the plaintiff had agreed to interest in the promotion having ended in nothing being done. Further, that the relation between himself and Jaffray was not such as to entitle Evans to an account of the agreement, and so no "breach" of the agreement, and so no "breach" of the agreement, and so no "procuring" of one. The appeal having failed as against the co-defendants, the court today dealt only with that against should share in the profits.

To be in the profits of the agreement and so no seemed to be very intelligent. Powell listened most intentity to every word of the story of the unnatural crime that he solved to be heard, including a number of doctors.
