Neglect of the daily movement of the bowels, so necessary to health, soon poisons the whole system from the impurities retained in the body. Headaches, indigestion, biliousness and lassitude follow, and often more serious female disorders are brought on or aggravated.

Dr. Morse's Indian Root Pills not only regulate the bowels, but they stimulate kidneys and skin as well to throw off waste matter and purify the blood. The result is quickly apparent in the disappearance of the headaches and biliousness, and the return of health and vigor. Thousands of women all over the world owe their present good health to Dr. Morse's Indian Root Pills.

"And you state: 'And what I urged upon him was to provide for them by the I. O. F. surplus.' What I. O. F surplus do you refer to?"

"The surplus of the I. O. F. was the amount that remained after they had met their expenses for the month. . . Under our agreement we were to in vest that surplus in so far as they chose to give it to us. That was the main part of the moneys that one had to invest, and this surplus amounted to anywhere from \$70,000 to \$100,000 month, so that the directors of the Union Trust Company did their business in respect to the monthly amount which would probably come in from the Foresters as a surplus."
