Right on top of the \$150,000 Groh deal, the Giants also made public a deal whereby they will turn over four players to the Indianapolis American Association club for Ralph Shinners, an outleider. Judge Landis, commissioner of baseball, added his celebrated presence to the dignitaries leaning against the posts in the hotel lobbies.
The commissioner issued a frief statement in which he said the Ruth casewas closed and that he figured his verdict was just to all parties concerned.

Repeal Rule.

It was learned that the commissioner will not seek a repeal of the rule Ruth violated, which prohibits members of a championship club from barnstorming.

Judge Landis is to address the convention at the annual banquet tonight. It is understood that he will tell the magnates that baseball is going on fine and that the game is in fine condition.

Hamilton will go into the opening game Saturday evening next week with a little the edge in condition over the Ottawas. The champions have not been on ice yet, while the Tigers have been skating for over a week.

I helped as I thought the promising young players, and I never got any thanks for what I did, and was treated badly by them in the end. I have ample proof and many witnesses to back up my affidavit. I never made a secret of paying the players. Many saw me do so and my wife aided me in getting ready the accounts. The Royal Bank holds some of the checks with which I paid them at times, though often I paid in cash."

Just before 10 o'clock the team of Brocco and Goullet endeavored to steal a lap, but they were unable to shake off the other riders, and finally gave it up. DeRuyter was leading when the riders settled down to the regular grind.

The teams of Grenda and Belloni and Bello and Gaffney were still one lap behind the leaders, while that of Billard and Alavoine was two laps behind.

A meeting of the principals of the bublic schools will be held shortly to form a Public School Hockey League. Dr. J. F. Bryant, director of athletics in the schools, stated last evening that he had not set a definite date yet, but the meeting would in all probability be held some time next week.

By holding the organization meeting next week and getting the league down to a sound working basis, the schools would have plenty of time to pick players.
