guest of Mrs. F. Gostevin of Cape
Cove.

Mr. Ernest Biard gave a party of
young people a very pleasant outing
on the afternoon of the 26th in his
convenient and comfortable motor boat
around the island of Bonaventure.
It is no wonder that tourists flock
to Perce each summer to view the
picturesque scenery which I don't
suppose can be excelled in Canada.
This beautiful trip will long be re-
membered by the writer and I'm sure
each one in our party who gazed on
this wonderful feat of nature. Silently
asked themselves the question,
without God, how could these things
be?

The party included the Misses Est-
her and Eva LeGrand, Elsie Biard,
Hilda Biard, Florence Jacobson, Greta
Mahan and Lillian MacGee, and Mes-
srs. Ernest Biard, Francis Biard, Chas.

BLACK CAPES.
On June 16th, a very quiet but pretty
wedding was solemnized at St. An-
drew's Church, New Richmond, when
Miss Malvina Powell, only daughter
of Mr. and Mrs. James Powell of this
place was married to Robert Sydney
Campbell of Caplin River. Rev. Alex-
ander Mackay, pastor of St. Andrew's
Presbyterian Church officiated. The
happy couple will reside in Caplin
River. Their many friends join in
wishing them every success and
happiness.

An interesting event took place on
Saturday morning, June 18th, at the
Roman Catholic Church, New Rich-
mond, when Miss Eva Cyr, daughter
of Mr. and Mrs. Napoleon Cyr was
united in marriage to Mr. Achille
Raymond of Montreal. The happy

ing relatives and friends in Black
Capes.

Lyster, Que., where he has been
attending college.

NEW CARLISLE.
The much needed rain has come at
last, and the crops are doing much
better than they have been doing in
the past.

Mr. John Thompson accompanied by
his grand daughter, Miss Alice Ross,
left on Saturday's train for Campbell-
ton where they attended the Sales
Photo circus and also to visit friends.
Miss Lily Gallant and her sister
Miss Olive were also passengers on
Saturday's train.

The twelfth is expected to be a glad
day in New Carlisle as the Orange
Lodge will hold their annual here.
It is rumored that scarlet fever is
in town and the Sunday school has

been closed on that account.
Mrs. W. S. Stevens and son returned
home from Montreal last week.
The 12th of July will be celebrated
by the Orange Order in the School
grounds. The Committee are work-

BOY SCOUTS
GOING TO CAMP

Over Three Hundred Will Be
At Grand Lake In
August.

During the past few months the Boy
Scouts have increased their organiza-
tion and membership very largely in
New Brunswick and arrangements
have been made by the Provincial
Council for a "bumper" camp to be
held on Grand Lake from the 1st to
the 15th of August. It is expected
that over three hundred boys will take
advantage of his outing.

The aims of the Camp are those of
the Boy Scout Movement, viz.—Char-
acter-building, Citizen-training and
Canadianization.

The Camp is open to any boy in
New Brunswick who has passed his
Tenderfoot tests and has been invested
as a Scout. The cost to each boy
will be \$7.00 for two weeks, so that
financially it is within the reach of
all. Hundreds of Scouts throughout
the Province have been saving up their
after-school earnings for months to
"Be Prepared" for this big event.

The Camp Committee consists of J.
D. Tohill, V. C. Timberley and W.
V. B. Riddell. Professor Tohill,
Dominion Entomologist, of Frederic-
ton, is Camp Director and Instructor
of Forestry, Camping and kindred
subjects. Among the instructors al-
ready obtained for the Camp are Prof.
William McIntosh, M.Sc. for Nature
Study, Forestry and Camp-lore; Dr.
William Warwick, Health subjects;
Mr. G. H. Prince, Provincial Fore-
ster, Woodcraft; Mr. W. V. B. Riddell,
Physical Culture, Field Sports, and 1st
Aid to the Injured; Lt. Col. T. E.
Powers, D.S.O., Signalling, Field Sket-
ching, Judging Distance and similar
subjects; and Mr. V. C. Timberley,
Swimming, Life Saving, Aquatic
Sports and Camp Cooking.

The Camp is situated on a fine site one
and a half miles above Douglas
Harbour, near Grand Point, where
there is a ten acre clearing sloping
down to a wide and beach which af-
fords splendid facilities for boating
and swimming.

Every care is being taken with re-
gard to the sanitary arrangements of
the Camp and the providing of a sup-
ply of pure water. The Camp will
be under inspection by the Provincial
Health Authorities.

A staff of professional cooks has
been engaged and a bountiful supply
of food, both wholesome and nourish-
ing will be provided. Cooking
tests and instruction will be given on
"hikes" taken away from camp
when each boy will be issued
with a sufficient quantity of raw food.
This Camp will be a red letter event
in the history of Boy's Work in New
Brunswick and will do a great deal to
consolidate Scouting in the Province.

nothing so soothing for tender,
aching or blistered feet. It will
end the burning, draw out the
excess, prevent blistering and

SEMI-MONTHLY CROP REPORT.
A summary of the reports of Crop
Correspondents reporting to the Pro-
vincial Department of Agriculture,
Frederickton on June 15th, affirms that
sowing and planting is now complete.
The acreage in crop is fully equal to
that of last year. Grain suffered
somewhat for lack of rain, as well as
the pastures, clover and hay meadows,
particularly in the northern part of
the Province. Recent rains have
proved beneficial. Milk production
is above the average for this season
in the counties of Kings, Westmor-
land, Albert and Kent, though only
normal in other counties.

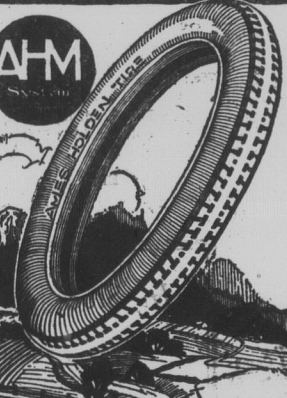

Labor appears plentiful, with wages
from \$35 to \$45 per month with board.
A Canadian entomologist asserts
that in one season the descendants of
a pair of potato bugs would, if un-
checked, number 60,000,000.

Lift off Corns!
Doesn't hurt a bit and Frezome
costs only a few cents.

With your finger! You can lift off
any hard corn, callus, or corn between
the toes, and the hard skin calluses from
bottom of foot.
A tiny bottle of "Frezome" costs little
at any drug store; apply a few drops
under the corn or callus. Instantly it
slips lifting, then shortly you lift the
callus, corn or callus right off, red
and all, without one bit of pain or sore-
ness. Truly! No humbug!

ANTHRACITE COAL—1921
To those who are hoping for lower prices:

We are in the coal business. We be-
lieve we know conditions.
We cannot predict future prices. We
do not think further reductions are likely.
Present mine wage agreements don't ex-
pire until March 31, 1922.

There isn't much hope of general re-
duction in freight rates.
If the proposed Pennsylvania State
Tax on anthracite becomes a law, this
will mean an additional 14.25 or even 25
cents after next July 1st.

Coal is far cheaper today than it will
be next winter if you hold off buying!
This is absolutely certain.

You received the same advice in 1919
—those who took it suffered no hardship
of consequence during the big bituminous
coal strike.

We are simply appealing to your com-
mon-sense.

You insure your house against fire,
don't you? Not because you expect fire,
but as a protection in case a fire does
occur. The best insurance you can buy
now is fuel insurance—you don't know
what's coming next winter.

The Manufacturers' Record of Balti-
more says:
"Protect yourself at once for all family
and factory coal needs."
We say: "Buy your coal now—take
reasonable quantities throughout the
spring and summer. In this way, you
will avoid an excessive demand (like last
fall) and a shortage with high prices
next winter. Then, if unusual condi-
tional time in the winter, who can mea-
sure the value of the coal already in your
cellar?"
Call us up—we'll work with you.
