NEW YORK, Oct. 31.—Wall Street, 10.30 a. m.: The uneven course of early prices in the stock market to-day was indicated by Mexican Petroleum's loss of 1½ points and Balwin Locomotive's gain of 1½. Oils as a group were lower, further selling of pacific issues being noted. Rails, equipments, motors, chemicals, leathers and textiles strengthened fractionally to 1½. Of the speculative steels Vanadium was heaviest, falling 1¼ points. Developments over the week-end seemed to offer little incentive to professional traders.
