Different Kinds of Women

Looking constantly through our own glasses at the world does not tend to make us broader minded. If we have had our fling and have settled down to the sedater joys of hoardiug the money we formerly spent, we are prone to think that everyone else should be doing the same. But the woman who makes a god of her housekeeping, who gets down on her knees to her shiny stove, has this disease of the mind in it's worst form. She measures every other woman by her own standard. If the other woman thinks that there are things in life far more important than shiny stoves and well-waxed floors, if the other woman has ability for greater things, then let her beware of the tongue of the self-righteous, good-house-keeper. Perhap, in her soul, the other woman despises the woman who selfishly spends all her days polishing floors and windows, regardless of the souls that are perishing, but, she cannot escape the criticism of the woman she despises. For there is no woman more vain than the woman who makes an immaculate house her fetish. She has only one standard, one bushel measure and those who do not fit into her measure are utterly condemned. She says "I am a pattern of all the virtues. I am a perfect woman. My idea of a woman's sphere is the only one." But she forgets that while the Marthas of the world are to be commended, there are other women who render great service, a service which was once called "the better part."

Twenty-one Crops in Field Crop Competition

The Expert Field-Crop-Competition judge was in this section Tuesday and awarded the prizes in the local field crop competition held under the auspices of the Brooke and Alvinston Agricultural Society. Twenty-one fields were in the contest and the judge reports them all of a high quality.

This district is well known for the splendid quality of oats produced and this to a large extent is due to the Field Crop competitions pulled off during the past few years.

The farmers are now taking a very keen interest in the production of good oats and this makes the contest a greater success as there is no difficulty in getting farmers to enter the contest.

Below are the winners in this year's contest :—

First Prize—George Oke.
Second Prize—Dan Maddock.
Third Prize—James Hand.
Fourth Prize—T. H. Lovell.
Fifth Prize—John Hand.
Sixth Prize—Frank Oke.
Seventh Prize—Elijah Armstrong.

Forty Thousand Men Required

Farm Laborers' Excursions—This Year's Wheat Crop will be the Largest in THE HISTORY OF CANADA

The wheat crop of 1913 will be the greatest ever harvested in Manitoba, Saskatchewan and Alberta, thus requiring the farm laborers of the East to recruit and assist in harvesting the World's greatest bread basket.

The Governments of the respective Provinces state that forty thousand men will be required for this year's harvest. These will have to be principally recruited from Ontario, and the prosperity of Canada depends on securing labor promptly. The Canadian Pacific, on which Company will fall practically the entire task of transporting the men to the West, is already making special arrangements for this year. Excursions from points in Ontario and Manitoba, Saskatchewan and Alberta will be run, and special trains operated, making the trip in about thirty-six hours and avoiding any change of cars or transfers. This will be a day shorter than any other route.

"Going Trip West," $10.00 to Winnipeg, plus half-cent per mile from Wihnipeg up to MacLeod, Calgary or Edmonton.

"Return Trip East," $18.00 to Winnipeg, plus half-cent per mile from all points east of MacLeod, Calgary or Edmonton, to Winnipeg.

A Purely Vegetable Pill.—The chief ingredients of Parmelee's Vegetable Pills are mandrake and dandelion, sedative and purgative, but perfectly harmless in their action. They cleanse and purify and have most healthful effect upon the secretions of the digestive organs. The dyspeptic and all who suffer from liver and kidney ailments will find in these pills the most effective medicine in concentrated form that has yet been offered to the suffering. m

Albert Walker, aged 5, son of Mr. W. Walker, who resides three miles out of Ailsa Craig, had his left ear torn off on Friday when he was trying to separate two dogs which had started to fight. He had gone over to a neighbor's place and took his pet dog with him. Soon after his arrival his dog and the neighbor's got into a fierce fight, and when the child tried to separate them one of the animals flew at him and tore his ear right off. He is doing nicely at present, and unless poisoning develops no serious results are anticipated.

With so thorough a preparation at hand as Miller's Worm Powders the mother who allows her children to suffer from the ravages of worms is unwise and culpably careless. A child subjected to the attacks of worms is always unhealthy and will be stunted in its growth. It is a merciful act to rid it of these destructive parasites, especially when it can be done without difficulty. m
