NOTE AND COMMENT

In New York there is a murder a week by drunken policemen, and sobriety on the part of the civilians is no protection to them.

The first woman appointed to the U. S. Senate is 87 years old. She would feel quite at home in the Canadian senate as far as age is concerned.

Farmers say that there is no money in farming just now. Plenty of other businesses are in the same condition, expenses are too great for the prices obtained for the goods.

Germany's paper money circulation is increasing at the rate of 7 1/2 billion marks a day. Before long the German shopkeepers will begin to refuse it. That will be the beginning of the end.

The most sensational day in New York for a long time was Sunday, October 8, because on that day not a single person was accidentally killed. We presume there were the usual murders, however.

In Germany now a thousand marks are required for a boy's pair of shoes. Fifty marks will buy a cheap handkerchief. A Berlin newspaper sells for six marks. The only thing that sells for a mark yet is a nail.

Windsor Border Cities Star:—Politeness is one of the first results of education. But the funny thing years and become less and less educated because they confine their studies to those things which they think will help them to "make money easy." In that spirit one can pursue elusive gems of learning for a thousand years and become less and less educated as time goes on.

St. Catharines Standard:—It must strike even the good citizens who do not agree with summary laws that it is an intolerable condition in our midst by rival gangs intent on breaking the prohibition laws of the two adjacent countries, but there are at least three such murders in the nine months recorded, and possibly more. The traffic is rapidly killing itself.

Only millionaires can carry on any extensive correspondence from Russia to Canada. A letter mailed in Russia for Canada costs 450,000 rubles for the first ounce and 225,000 rubles for each succeeding ounce or fraction, according to the October supplement of the Canadian Official Postal Guide. The Postoffice Department has been advised of this rate by the International Bureau of the Universal Postal Union, Berne, Switzerland.

So far as the Methodist Church of Canada is concerned, Church union is no longer a debatable issue. Without a single dissenting vote, the Methodist General Conference at Toronto approved the draft Act of Incorporation of the United Church of Canada, and directed that the necessary steps be taken to select the 150 Methodists who shall represent that body on the first General Council of the proposed United Church of Canada. The decision, which irrevocably commits 410,000 Canadian Methodists to a union not hitherto attempted in any country in the world other than Canada, came as the dramatic climax to a debate which piled surprise on top of surprise.

"Teach me that 60 minutes make an hour, 16 ounces one pound and one hundred cents one dollar. Help me so to live that I can lie down at night with a clear conscience without a gun under my pillow and unharmed by the faces of those to whom I have brought pain. Grant that I may earn my meal ticket on the square and that in earning it I may do unto others as I would have them do unto me. Deafen me to the jangle of tainted money and to the rustle of unholy skirts. Blind me to the faults of the other fellow but reveal to me my own. Guide me so that whenever I look into the faces of my friends I will have nothing to conceal. Keep me young enough to laugh with little children and sympathetic enough to be considerate of old age. And when the day comes of darkened shades and the smell of flowers, the tread of soft footsteps and the crunching of wheels in the yard—make the ceremony short and the epitaph simple—'Here lies a man.'"

A NEW DECLARATION

The Detroit News, looking over the events that have taken place in the United States during the last few months through the continuance of the coal strikes, thinks it is about time that country had a new and a stronger declaration of independence based on the rights of the individual.

It has been made very apparent during the last few months that the individual had no rights.

If he were a coal buyer he could not get coal.

If he had wanted to go out and do the work himself, and dig the coal, he would not have been allowed to do it.

In other words, no person could or would sell him coal, neither would he be allowed to go out and get it.

The Detroit paper can well suggest that it is time to put some new props under the liberty plea in the United States.

A WORD WITH THE FARMER

No country can really prosper unless its farmers are prosperous, said S. Levitan, in an address to the farmers the other day, and no farmers will be happy and successful unless the small villages and towns to which the farmers' families have access are highly prosperous. "Remember," said Mr. Levitan, "that you have an interest in building up towns and villages. Stick to your home merchant. Patronize your village butcher. Get friendly with your town banker—he's always glad to help and advise. Buy your furniture, your groceries, your implements in your nearest town. Don't let your village barber starve. Every cent you spend in town remains in town. The value of your land, the ease with which you secure help, the happiness of your family, the likelihood of the boys staying on the farm, these all depend not on the farm so much as on the nearby village. By increasing the prosperity of the village you make your farm more valuable and your life more pleasant."

THE TEN COMMANDMENTS

- 1. Have all flues and chimneys properly cleaned before attempting to use them. 2. Look very carefully at the chimney or flue, at the point just above the peak of the roof where the chimney goes through, as the lower part may have settled and the upper portion, being held up by the roof timbers, may have pulled away, leaving an open space or break in the chimney that will permit sparks slipping through into the attic or concealed space. 3. Be sure that all flue holes that are not to be used this year have good metal stops, as innumerable fires are caused by sparks through papering over unused pipe holes in chimneys. 4. Clean the ventilating collars around all flues, removing all lint, cobwebs and dust, leaving nothing in the ventilator, in this way permitting the air to cool the pipe where it goes through. 5. Be careful that the supply of kindling wood is not piled up in the yard in such a manner as to carry fire of your house in case your neighbor's house should burn. 6. It is best to keep all lightwood kindlings, and boxes in sheds, stables or basements, in orderly piles, and not to have papers or excelsior mixed with it. 7. Extra caution should be used in the handling of gasoline. In the winter months all windows and doors are closed, eliminating the possibility of the air blowing the inflammable vapours away. 8. Never use gasoline inside the house for cleaning, and when compelled to use it for any other purpose do not forget that you are handling a powerful explosive which may endanger your life and property. 9. Remove all dry grass and leaves from your premises before some one carelessly throws away a match. 10. Do not dry clothing and inflammable materials above or near hot stoves. If you will obey the above commandments, you can prevent many fires and much loss of life and property.

TRY IT! IT IS WORTH WHILE.

WORDS OF PRAISE FOR BABY'S OWN TABLETS

No medicine receives such great praise from thankful mothers as do Baby's Own Tablets. Once a mother has used them for her little ones she will use nothing else. The Tablets are a mild but thorough laxative. They regulate the bowels and stomach; drive out constipation and indigestion; relieve colds and simple fevers; promote healthful sleep and make teething easy. Concerning them Mrs. Omer LeBleu, Maddington Falls Que., writes: "I am well satisfied with Baby's Own Tablets and will always use them for my little ones." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

QUESTIONS and Bible Answers

If parents will encourage children to look up and memorize the Bible Answers, it will prove a priceless heritage to them in after years.

To whom, and for what sum did Judas sell his Lord and Master? —Matt. 26:14-16

How did Judas deliver Jesus into the hands of the chief priests? —Matt. 27:47-56

What did Judas do with the money which he received for betraying his Lord, and what was the end of Judas? —Matt. 27:3-5

How was Jesus crucified? —Matt. 27:26-38

Where, and by whom was the body of Jesus buried? —Matt. 27:57-60

After the burial of Jesus what did the chief priests and Pharisees say to Pilate, and what answer did he give them? —Matt. 27:62-66

How did the chief priests make sure the Sepulchre in which the body of Jesus was placed? —Matt. 27:66

Who was the first to announce the resurrection of Jesus, and to whom was the announcement made? —Matt. 28:1-8

After Jesus the Christ appeared to his disciples, what command did he give them? —Matt. 28:19, 20

EVERYBODY DANCE AND EXPRESS YOURSELF

(Dunnville Chronicle) "The Dance," says the dictionary, amongst other definitions, is a "form of self-expression."

You said it, Die! A form of self-expression. Once upon a time you had to learn the intricacies of a step. Once there were rules to dancing. There was a time when some men and women did not dance because they couldn't learn the steps.

Everybody can dance now. There aren't any steps to learn. There are no intricacies left. All you do is get out on the floor and mooch around and express yourself.

Look at a modern roomful of dancers and what do you see? A crowd of people doing as they please. The music is the same for them all. But the only thing they are all doing is breathing. No two couples are performing the same steps or doing the same evolutions or even stepping at the same part to the beat.

There is one couple conspicuous by their grace and lightness. They are good dancers. But what is it they are dancing? The program says it is a fox trot. If that is a fox trot they are doing then everybody else on the floor is doing a horse trot, a truck horse step.

They gleam and glide and float amongst the rest of the heavy-footed crowd. They dip and curve and poise. They have hold of each other gracefully. The girl's skirt scarcely moves, yet they are speeding faster than any others on the floor.

Don't Risk Loss. You don't leave a valuable horse straying on the road for someone to steal or injure. Your money is just as valuable as your horse and should be in a safe place—a Sterling Bank Savings Account. THE STERLING BANK OF CANADA. SAVE Because

Sarnia Business College. IT'S A GOOD SCHOOL

AGSTONE. Mr. Farmer, Read This! Is your soil acid or sour? Does it produce maximum yields? If not, take a sample of your soil to our agent or send it direct to us and we will analyze it for you free of charge.

If this is self expression then there is a nice young couple indeed. But what of the others? There is a couple expressing themselves as a pair of mud turtles, yonder a couple of skirts flying on a clothes line on a windy day and there a pair of fowls scratching in a barn yard and yonder a team of brewery horses playing round and round the mulberry bush.

A HARD ROW TO HOE

may prove to be a rich row to harvest. Of all the many classes that go to make up the strength of Canada, the farmer appreciates best the value of patience and industry and the importance of thrifty living. With courage and determination he turns hard rows into fruitful ones and barren acres into rich soil.

This Bank knows the farmer, his problems and difficulties, and knows how to serve him in a practical manner.

We shall be pleased to have you consult with our nearest Branch.
