

PANDORA

Owing to the fine construction of most ranges it is a rather difficult feat to cook and bake successfully at the same time.

But the arrangement of the Pandora flues differs considerably from others. They are so constructed that the draft for baking is also the best for cooking, the heat circulating around the oven twice and under every pot hole before passing up the chimney.

The Pandora bakes and cooks perfectly at the same time.

Do you know of another range that does? If your local dealer does not sell the Pandora write direct to us for **Free Booklet**.

Mrs. Charles F. Chase, Mrs. John Smith and Miss M. Cornwall went to Sussex, N. B., this week to attend the Convention of the Women's Aid Society.

The school re-opened on Monday last with Miss Best, of Waterville, in charge of the advanced department, and Miss Durling, of Brighton, looking after the primary work.

Nine young men went from this station on the latest excursion to the Northwest. Some of them will remain if they find conditions satisfactory.

A tourist tramped 22 miles the other day, doing four miles an hour. He makes it a point to walk 10 miles a day in preparation for the hunting season in October.

Mrs. Buchner, of Boston, who is visiting Postmaster Potter, is quite ill. Dr. Lovitt is attending.

Stanley Weir has accepted a position in H. T. Wane's store in Digby. Rev. Mr. Glendinning, the new Methodist minister, called on the members of his congregation here the other day, and made a good impression.

"Everybody works but father," would seem to apply in many cases, judging from the big stroke of laundry work some of the women are doing. Owing to the large number of tourists, the laundry business is developing to quite an extent, and it continues it will not be many summers before a steam plant is necessary.

Miss Winnifred Flagler, daughter of James S. Flagler, St. John, and Robert J. Flagler, of Newton, Mass., were married at the Imperial Hall here on Monday evening last. Imperial Hall is the summer home this year of Mrs. Flagler and daughters, and Mr. and Mrs. Lyon Lingley, the latter being a daughter of Mrs. Flagler's married daughters. The ceremony took place at six o'clock in the evening in the presence of the relatives and immediate friends of the family, and was performed by Rev. Mr. Glendinning, pastor of Grace Methodist Church, Digby. After the ceremony all sat down to a well prepared wedding supper. Shortly after eight o'clock, the newly married couple drove to Digby, and the next day they boarded the East bound Blue-nose for Halifax. After a honeymoon spent in the Eastern part of the province, they will return here for a short visit. Their future home will be in Newton, Mass. The bride became a bride on Monday evening last. Among those who took part were Messrs. Fred Hastings and Thomas J. Gunn, the former being very prominent in musical circles in New York. His solos were rendered in a faultless manner and his auditors would not rest contented until he responded to many queries. All were loud in their praise of his singing, saying they had not enjoyed such a musical treat for many a day. Mr. Gunn, who represents Manchester, Bolton & Allison, St. John, was also in fine form. He was heard with much pleasure by all present and the hope was expressed that similar occasions in the future would be adorned and made happy by the presence of Mr. Gunn's company. On the completion of the program delicious ice-cream was served, after which there was a short but very interesting literary talk, Mr. Gunn proving particularly entertaining in this respect. His selections from the "Habitans" by Drummond were read with fine expression. Squire and Mrs. Winchester were voted to be entertainers of a high order, and they were ably assisted by their charming daughter, Miss Lillian Winchester.

John C. Harris, Vernon Jones, Maurice Brown, Freeman B. Rice, Wallace Graham, William Parker, R. D. Harris, Chipman Chisholm, Frank VanBuskirk and Joel Long were among those who left for the golden grain fields of the great West on Tuesday.

Mrs. A. C. Archibald, wife of the pastor of the First Baptist church, returned Saturday to her home after being at a local hospital for several weeks. Her improvement in health is pronounced, and it is believed she will wholly recover. Her mother, who came here from Nova Scotia several weeks ago when Mrs. Archibald was most seriously ill, is still in this city. In about three weeks, if improvement continues as steadily as expected, Mrs. Archibald will go to Nova Scotia with her mother for a long period of recuperation.

The above is taken from a Brockton paper of August 18th, and at this date Mrs. Archibald is still improving—ED.

Among the able principals of our school, none have advanced it more rapidly, or are entitled to more credit for its present high standing than the present incumbent. For the past seven years, he has been at the head of the schools and they have been the most successful and brightest in the history of school life in the town. Principal Ruggles is by nature and education an instructor. He puts his whole heart and life into his school work. He has had years of experience as principal of the leading schools of the province. He has a happy faculty of conveying knowledge to others, possessed by but few, and since he enlisted as pilot the schools of our town have sailed in smooth waters and gradually advanced from good to better until they stand today the pride of a credit to the community. A more practical, thorough school man it would be hard to find and those who receive a high school training from his hands can be assured that they have received an education that is solid and substantial and that will polish and brighten their entire lives. Thoroughness is the motto of our schools under the management of Principal Ruggles, and his best recommendations are those who have graduated under his supervision.

What Blending means to You and to your Baking.

No one flour—milled of a single kind of wheat—will make perfect bread. Spring wheat is rich in gluten and other food properties. Winter wheat contains less nutriment—but makes perfect cake and pastry.

Beaver Flour

is TWO flours in one. We take Manitoba Spring Wheat—find out just what each one lacks—and SUPPLY IT THROUGH THE OTHER.

BEAVER FLOUR is not a mixture of flours—but a scientific blend of Canada's finest spring and winter wheat flours, in the exact proportions to give perfect results for all kinds of baking.

This means a lot to YOU. Using BEAVER FLOUR means that Bread and Biscuits will contain all the nutriment of the best wheat—and also that the flour that makes the best Bread will make the whitest, lightest Cake and Pastry.
