Northey Gasoline Engine

An Ideal form of power for the Farm

All farmers have felt the need of a simple and reliable form of power—which would be safer and more economical than the steam engine and require little or no experience to run. Such an engine is our Gas or Gasoline Engine—small, light, but powerful and durable. It will do more hard work in a day of ten hours, and more satisfactorily than any other form of power.

Our booklet tells all about it. Send for it.
