

Exhaustion

HORSFORD'S ACID PHOSPHATE.

Prepared according to the directions of Prof. E. N. HORSFORD.

Every fibre of the human body contains the phosphates. They are the vital elements of every tissue, and are essential to the maintenance and promotion of sound bodily health.

These phosphates are consumed with every effort, and if the waste is not supplied exhaustion will follow.

HORSFORD'S ACID PHOSPHATE supplies these phosphates, and thereby relieves exhaustion and increases the capacity for labour.

DR. A. N. KROUT, Vant Wert, O., says:

"Decidedly beneficial in nervous exhaustion."

STANLEY'S THROUGH THE DARK CONTINENT.

CLOTH BOUND, GILT BACK AND SIDE. 35 CENTS, POST-PAID.

NOTE.—This is not Stanley's recent work, but the cream of his first or original book. It contains a full and authentic description of the "Dark Continent," written in a pleasing, interesting and attractive style. This is as thrilling a story for boys as any of Kingston's, Ballantyne's, or Henty's. There are seventy-eight illustrations (seventy-two small and six full page), and is emphatically the cheapest work now issued of Stanley's first explorations.
