

Friend H. F. Hunt, Villa Mastai, Que., has furnished us with the following. We suppose that it is almost too late this season to find, any of the bees referred to. However it can be kept in mind for another season. Mr. Hunt says: Referring to Dr. Thom's loss of bees, which is supposed to be from Paris Green, as this is composed of arsenic, would it not be possible to take some of these bees and test them chemically for that substance? it would then establish the fact beyond question.

RAILROAD FARES TO DETROIT CONVENTION.

S. T. PETTIT.—Will you kindly allow me to say to all whom it may concern that Mr. W. Z. Hutchinson, Secy. of N. A. B. A., writes me that he will undertake to secure reduced fares over Canadian railways as well as all roads leading into Michigan during coming Convention to be held at that place, thus relieving me of any further responsibility in the matter. He thinks it a part of his duty and therefore proposes so to do.

HONEY MARKET.

CINCINNATI.

There is no material change in the market. Demand is slow for manufacturing purposes, while trade is fair in comb and extracted honey for table use. Arrivals are good. Extracted honey brings 4 to 8 cents on arrival, according to quality. Choice comb honey 14 to 16 cents in the jobbing way. Home demand for beeswax is fair, which brings 20 to 22 cents for choice yellow on arrival.
