smaller than those of last year. The Senior Eleven don't find it so easy to defeat them, when both clubs are playing at practice.

—There have been two additions to the printing staff since school opened. On the 21st ult. Nelson Wood was allowed to enter the office as the Printer's Devil. On the following day little Ernest Hackbusch began to learn the printing trade. They are getting along well.

—John Jabster, who was Captain of our First Foot Ball Club last spring, remained here all vacation working. When the pupils returned they were very glad to see his happy face again. He went away on the 21th ult. He intends to open a shoe-shop of his own in Peterboro'. We wish him success.

—The boys miss Mr. McAloney on the play ground now. He was the second club's goal-keeper last spring and was an excellent one. The boys thought he would be the senior eleven's goal-keeper this term in place of John Patrick, but when school opened they were surprised to find out that he had gone away to the States.

—John Patrick and Mr. McAloney were the best goal-keepers the boys could find last term, and as they were both Irish, the boys used to say the Irish will make the best goal-keepers, but this term they have a lendal goal-keeper in the person Willie McKay, who is of Scotch origin. Willie was the second eleven's best back last year.

—All the boys who worked in the printing-office last term returned, except three. There were seven. John Patrick and John Fisher, who worked all day, and Herbert Roberts, the Printer's Devil, are those who did not return. We are glad to say that John Fisher has got a situation in an office in Tilbury Centre. We think Herbert Roberts will return next term.

—Charlie Holton has hung up two pictures in frames in the second story of "Wood Hall." One of them is a picture of Zimmerman, the World's Champion Bicyclist, and the other is an awful pretty picture. "Well, what do you think it is?" It is a dudo pic under which Charlie wrote his own name. He drew it himself. When any one first notices it, he has a good laugh.

—Christopher Gillam's three year old brother had the misfortune of having his left arm run over by the cars last summer while playing near the station at Winona, which is a small village about 18 miles from Hamilton, where he lives. When picked up it was found that his arm was terribly mangled, so he had to be removed to the Hospital at Hamilton, where the doctor had to cut it off. Christopher's father thinks of moving to Hamilton next winter, as he does not like to live so near the station at Winona, as he does at present.

## The Deaf in the North-West.

The arrangements for the reception of the deaf of the North West have not yet been completed. The Dominion Government made an offer to the Provincial Government to provide for the children of the N. W. T. at a fixed rate for a term of three years. The Local Government, after considering the matter fully, have concluded that they would not be justified in making provision for twenty or twenty five pupils for such a short period, feeling that if a school was established in the Territories we would have buildings beyond the needs of the Province.—*Silent Echo.*

Boys will be boys, and no mistake. We wonder if any of the boys here had as jolly a time during vacation as did a boy not far from here who spent his holidays out in the country. Here is his account of the fun he had, as he wrote it to his mother: "I got here all right and forgot to write before; it is a very nice place to have fun. A fellow and I went out in a boat, and the boat tipped over, and a man got me out and I was so full of water that I didn't know nothing for a good long while. The other boy has got to be buried after they find him. His mother came from Toronto and she cried all the time. A boss kicked me over, and I got to have some money for fixing my head. I lost my watch and am very sorry. I shall bring home some mud-turtles and I shall bring home a tame wood-huck if I can get 'em in my trunk."

## PUPILS' LOCALS.

From the Boys' Side of the Institution.

(BY DAVID LUDDY.)

—Lovi Lewis is the head-monitor this term.

—James Delaunoy is learning the baker's trade this season.

—James Chambers, the star of our Senior Eleven, is Captain of that team this fall.

Mr. Nurse gave us a lecture in the chapel on the 6th inst. (Saturday) in the evening. We all took a great interest in it.

—Our first holiday this term will be Thanksgiving Day, which is on the 22nd of November. We must not forget that we will get some turkey on that occasion.

—We had a half-holiday on the afternoon of the 5th inst. The girls went to town shopping and the boys played foot ball. The first and second elevens had a long practice on that afternoon.

—Only four players of our last season's senior foot-ball team returned and the vacant places have been filled by players of last year's second eleven. We are glad to say that the boys are getting along nicely.

—There are only two boys working in the industrial departments all day this term. They are Christopher Gillam, who works in the shoe-shop and the reporter of the above heading, who works in the printing office.

—Percy Allen, an old pupil of this Institution, is at present working in a saw mill in Deseronto and earning good wages. He paid us a flying visit on the first Sunday of this term. He rode on a bicycle all the way up and back.

—Hugh Carson was very much pleased to have a visit from his uncle, Mr. John Carson on the 7th inst. He lives about 10 miles from Meaford where Hugh lives, but has been in Napanoo since August on business, and expects to return home next December. He is a fruiterer.

—The Second Foot-Ball Club this term is far better than it was last term. Although the majority of them are
