GREAT AMMONIUM CONDENSER

GYPSUM

OR PURE

LAND PLASTER

The Cheapest and best Fertilizer in the World.

Maximum effect when used with Manure, as it saves half of the virtue which otherwise escapes as ammonia into the air. Scatter on manure heaps, on Barn-yard, on manure in the fields and under Cattle's bedding. \$100 to \$200 Profit on every ton of Gypsum used, is the result of numerous experiments.

THE GRAND RIVER PLASTER CO.

Has entirely new and improved machinery for the manufacture of pure white Land Plaster.

By a patent process, not used elsewhere in Canada, the Gypsum, besides being pulverized to a fineness hitherto unknown in the Dominion, is purified during manufacture, and therefore the benefits accruing from using this Land Plaster are greater than any other.

ONTARIO SCHOOL OF CHEMISTRY, TORONTO, March 16th, 1881.

W. H. MERRITT, Esq.,

My DEAR SIR,—In accordance to your request, I have obtained Average Mercantile Samples of Land Plaster from dealers in Toronto, and beg to report as follows:—

	Grand River White.	Oswego Grey.	Paris G e
Calcium Sulphate (Fertilizer)	77.18	52.00	54.00
Carb. Lime Magnesia (Useless)	trace	15.27	15.01
Iron and Alumina	trace	1.50	1.60
Insoluble Matter	1.27	8.75	15.60
Water and Organic Matter	21.55	22.48	13.60
	100.00	100.00	100.00

The insoluble matter consists of clay and sand, being the residue left after boiling with hydro-chloric acid.

Yours obediently,

THOMAS HEYS, Analytical Chemist.

The above analysis adds theoretical proof to the practically known facts that the Grand River White is 25 per cent, purer than any other Land Plaster on our Market.

Our testimonials are numerous, and are highly flattering, but the best proof of appreciation at the hands of our farmers is the steadily increasing demand.

305 King Street West, Toronto, and get full particulars and treatise free by enclosing stamp.

What the Rev. E. B. Stearns, D. D., a Clergyman of the London Conference of the Methodist Church of Canada, has to say in regard to A. H. Dixon & Son's New Treatment for Catarrh.

Messrs. A. H. Dixon & Son:
Dear Sirs,—I write of the 13th inst. to hand. It seems almost wonderful to me that I am cured of Catarrh, but I know that I am. I have had no return of the disease and never felt better in my life. I have tried so many things for catarrh, suffered so much and for so many years, that it is hard for me to realize that I am really better.

I consider that mine was a very bad case. It was aggravated and chronic, involving the throat as well as the nasal passages, and I thought I would require the three treatments, but feel fully cured by the two sent me, and I am thankful that I was ever induced to send to you.

You are at liberty to use this letter, stating that I have been cured at two treatments, and I will gladly recommend your remedy to some of my friends who are suffering. Yours, with many thanks,
RST. J. B. STEVENSON.
