

Various reports are afloat with reference to the existence of a fatal disease on board of that splendid piece of naval architecture, H. M. S. Orion, (90 guns) at present in this Harbour. We understand that the reports are much exaggerated, and have arisen from three deaths having taken place since the arrival of the Ship. The remainder of the sick are on board of the Pyramus, and are progressing favorably.

There have been reports that the 70th Regt. now in New Brunswick, is under orders for India; and that the 63rd now in this garrison, will supply its place in New Brunswick. The 26th Camerons at Bermuda, are also, it is said, under orders for India.

A paragraph appeared in some of the papers, to the effect that a meeting has been held at St. John, N.B., attended by His Worship the Mayor and some other influential persons, at which £1000 had been subscribed in order to contest with Halifax another rowing match. This movement proves that the respectability of St. John deem the character of their City and Province involved in the inglorious termination of the affair of the 23rd. We learn at the same time that the parties who on the side of Halifax were engaged in that affair, being determined to retire from all such contests, have sold their Boat. We dare say, however, that a challenge like that which has just been given, will be accepted, and an opportunity afforded, by fair and honorable competition, for New Brunswick to wipe away its reproach.

A fire broke out about 3 o'clock this morning, in the back premises, Upper Water Street, near the Round Church Hill, by which sheds forming a bakery and cooper's shop were destroyed, and a good deal of confusion caused among the tenants in the vicinity. It was soon subdued. The loss is confined to the burning of the sheds and a lot of soft wood. The sailors and men of the Royal Artillery, did good service at the fire engines and otherwise. The Engine Companies as usual were most effective.

MRS. C. BERTEAUX REMEDIES.

This is to certify that my child, 1 year old, was severely affected with croup nearly all over her person; I was induced to try Mrs. Berteaux' Remedy, which I did. I applied it three times a day, and in less than a week he was entirely well; and I would heartily recommend it to others similarly afflicted.

The old maxim that an ounce of prevention is worth a pound of cure, will be fully realized by those who make use of G. W. Stone's Liquid Cathartic and Family physic, as it cleanses the blood from all impurity, frees the stomach from bile, produces a healthy action of the liver and perfectly regulates the bowels; it also removes all local pains, prevents and cures dysentery, diarrhoea, or cholera, strengthens the whole system, and is agreeable to the taste.

LANGLEY'S ANTIBILIOUS APERIENT PILLS.

THE great popularity acquired by these Pills during the twelve years they have been offered for sale in this Province is a convincing proof of their value, as no undue means of increasing their sale have been resorted to by puffing advertisements—no certificate published concerning them.

These Pills are confidently recommended for Bilious complaints or morbid action of the Liver, Dyspepsia, Costiveness, Headache, want of Appetite, Giddiness, and the numerous symptoms indicative of derangement of the Digestive organs. Also, as a general Family Aperient. They do not contain Calomel or any mineral preparation, are effectual in their operation, yet so gentle that they may be taken at any time with perfect safety, by persons of both sexes; nor do they, as do most other Pills, necessitate the constant use of Purgative medicines, the ingredients of which they are composed effectually obviating this common difficulty.
