TO CORRESPONDENTS.

We have received the annual address delivered before the Queen's College Missionary Society. It shall have attention in our next. A short practical report might, if it is not usually prepared, prove a useful feature in the Association.

Communications intended for insertion should be in our hands not later than the 20th of each month in order to secure their appearance in the issue of the next month. We should also be furnished in confidence with the names of correspondents.

We again solicit clerks of Presbyteries and others to communicate any facts relating to the progress of our Church.
