

Eligible Medicinal SPECIALTIES.

Among remedies which are always in demand are alteratives, laxatives, and tonics.

We have a most eligible and therapeutically satisfactory line of these, as our facilities for securing the highest quality of drugs are unequalled. We guarantee every unopened package from our laboratory absolutely as represented.

Among these classes of preparations we may commend especially as tonics, Coca Cordial, Pepsin Cordial, Esencia de Calisaya, Weld's Syrup of Chloride of Iron.

Of the alteratives, Syrup Trifolium Compound, Syrup of Hydriodic Acid [2 per cent.].

Among laxatives we have many formulæ. As a general laxative Cascara Sagrada stands easily first. Many of the laxative formulæ meet special indications.

History, literature, and all experience indicate that Medication has to play its part, and that Nature cannot alone restore lost function. The duty of the modern doctor to the patient is, in prescribing, to specify drugs the purity of which he can vouch for.

The pharmacist of to-day appreciates the necessity of keeping in stock salable specialties, unprotected by patent or proprietary interest in them, to meet the requirements for pure palatable products.

We invite correspondence from the profession concerning our products, and will afford all information regarding them desired.
