*Publication Committee.*—Drs. A. Morrow, Halifax; Dr. James Stewart, Montreal; Dr. Sheard, Toronto.

The report was adopted, and the above-named officers and committees declared elected for the ensuing year.

The following resolutions were then proposed, seconded, and carried :

Moved by Dr. Buller, and seconded by Dr. Chas. O'Reilly, "That this Association has great pleasure in conveying to the Canadian Pacific Railway its most cordial acknowledgments for the facilities that have been accorded in coming to Banff, for the civility and kind attention they have received from all the employees of the Company with whom they have had to deal, as well as for the superb accommodation and the great enjoyment they have derived from their sojourn in the world-renowned Banff Springs Hotel. Taking into consideration the length of the journey, the season of the year, and the unavoidable imperfect information as to the location and numbers of those who formed the main body of the excursion, the arrangements as carried out by the Company have been such as to excite the admiration and grateful recognition of the Association. The thanks of the Association are especially due to Mr. William Whyte, General Superintendent of the road, for his exceeding kindness in accompanying them from Winnipeg to Banff, and giving his personal supervision in all matters concerning their safety and welfare."

Moved by Dr. Geikie, seconded by Dr. Bruce Smith: "That the cordial thanks of the Canadian Medical Association be and are hereby given to the citizens of Banff, for the kindness and courtesy exhibited towards this Association during the annual meeting just held, and especially for the address of welcome presented by the citizens to the Association at its first session, which contained so many expressions of interest in the Association and of good-will towards it."

Moved by Dr. Geo. Ross, seconded by Dr. McLellan: "That this Association hereby tender to his Honor, Dr. Schultz, Lieutenant-Governor of Manitoba, its grateful thanks for his cordial reception of them at the Government

House, during their passage through his province. That they rejoice to observe that the press of political duties has not interfered with the continuance of a keen interest on the part of his Honor in everything calculated to advance the interests of that profession in which he is so proud to number himself among its loyal members. That this Association assures Dr. and Mrs. Schultz that their generous hospitality in Winnipeg has been highly appreciated, and will in retrospect make one of the brightest memories of an ever memorable meeting."

Moved by Dr. Farley, seconded by Dr. Edwards, "That this Association appreciates and will gratefully remember the Grand Trunk Railway Company for kindly co-operating with the C. P.R. in making our trip to Banff a pleasant one."

Moved by Dr. Oldright, seconded by Dr. LaChapelle, "That the Canadian Medical Association do respectfully submit to the Government of the Dominion that it is highly desirable in the public behalf, as well as in the interest of medical science, that the profession should be in possession of reliable statistics of the climatic conditions of Banff and other resorts of the North-west Territories, as well as of the chemical composition of the soil and waters of the district, in order that we may act with greater confidence in sending patients to these resorts; and that the Association do further memorialize the Government to establish a signal station at Banff, with branches at such other points as may be found necessary, a competent person being appointed to superintend the observation at such station or stations."

Moved by Dr. W. S. Muir, Truro, N.S., seconded by Dr. Shepherd, Montreal, "That the local provincial secretaries be requested to ascertain the feeling of the medical societies of their respective provinces on the subject of affiliation with the Canadian Medical Association."

Vote of thanks to the medical men of Winnipeg, moved by Dr. W. S. Muir, of Truro, N. S., seconded by Dr. Geikie.

Moved by Dr. LaChapelle, seconded by Dr. Oldright, "That this Association hereby declares its opinion that it is the duty of all practitioners to loyally comply with the regulations in force in the different provinces, and to report cases of contagious disease to the respective local authorities so as to enable these authorities to give
