PSYCHINE

THIS is par excellence the greatest of all tonics, and is now prescribed by the medical profession throughout Europe and America. It aids digestion, combats stomach affections, creates appetite, nourishes and strengthens the whole human system. For **tuberculosis, throat and lung troubles**, its effect is immediate and lasting. Tested on its own merits, it proves its great reputation as the renovator of the vital forces; and it is without exception the best remedy for mental and nervous exhaustion. And where the system has become debilitated by disease, it acts as a general tonic.

"After making a careful examination of the Compound called 'Psychine,' and having tested its action on several cases that came under my observation, I believe it to be a most valuable tonic, and when judiciously taken should prove beneficial in creating a healthful appetite for food tending to build up nerve tissue, etc., during convalescence from wasting diseases.

"It is pleasing to know that it contains no metallic compound.

"A. R. PYNE, M.B., Dominion Analyst."
