THE TRUE WITNESS AND CATHOLIC CHRO

LIVER AND BLOOD DISEASES. By B. V. PIEROE, M. D. Sola

A healthy liver secretes each, day about two and a half pound of bile, which contains a great amount of waste material taken from the blood. When the liver becomes toipid or congested, it fails to elimiliver becomes to pic of congeneration to faile to entitie therefore, remains to poison the blood, and be converel to every part of the system. / What must be the condition of the blood when it is receiving and retaining each day two and a haif pounds of poi-son? Nature tries to work off this poison through other channels and organs-the kidneys, lungs, other channels and organs-tue klancys, lungs, skin, etc., but these organs become overtaxed in SISTERS OF THE CONGREGAskin, etc., out these organs become overaxed in performing this labor in addition to their natural functions, and cannot long withstand the pressure, but become variously diseased.

but become variously diseased. The brain, which is the great electrical center of all vitality, is unduly stimulated by the un-healthy blood which passes to it from the heart, and it fails to perform its office healthily. Hence the symptoms of bile poisoning, which are duliness, headache, incapacity to keep the mind on any subheadache, incapacity to keep the mind on any sub-ject, impairment of memory, dizzy, sleepy, or ner-rous feelings, gloomy forbodings, and irritability of temper. The blood itself being diseased, as it forms the sweat upon the surface of the skin, it is so irritating and poisoncus that it produces disso irritating and poisonous that it produces dis-colored brown spots, pimples, blotches, and other cruptions, sores, boils, carbuncles, and scrofulous tumors. The stomach, bowels, and other organs, tumors. In contraint, sources, and other organs, cannot escape becoming affected, sooner or later, and we have, as the result, costiveness, piles, dropsy, dispepsia, diarrhoa. Other symptoms are common, as bitter or bad taste in mouth, internal heat palpitation, teasing cough, unsteady appetite, chok-ing sensation in throat, bloating of stomach, pain in sides or about shoulders or back, coldness of in sides or about shoulders or back, coldness of extremities, etc., etc. Only a few of the above symptoms are likely to be present in any case at one time. The liver being the great depurating, or blood-cleansing organ of the system, set this great "housekeeper of our health" at work, and the foul curruptions which gender in the blood, and rot out corruptions which gender in the blood, and rot out as it were, the machinery of life, are gradually ex-pelled from the system. For this purpose, Dr. Pierce's Golden Medical Discovery, with very small ds 28 daily of Dr. Pierce's Pleasant Purgative Pellets is pre-eminently the articles needed. They cure every kind of humor from the worst scrofula to the common pimple, blotch, or eruption. Great eating ulcers kindly heal under their mighty curative in-duence. Virulent blood poisons that lurk in the system are by them robbed of their terrors, and by elsewhere. system are by them to beet of their terrors, and by their perserving and somewhat protracted use the most tainted systems may be completely renovated and built up anew. Enlarged glands, tumors, and sweilings, dwindle away and disappear under the influence of these great resolvents.

LETTER FROM REV. JOHN MCMURRAY. JAMES I. FELLOWS, ESQ.

DEAR SIR,-I have recently heard from an invalid of the great benefit derived from your Com-pound Syrup of Hypophosphites, and having in many other instances marked the most beneficial results from its use. I cannot but regard its discovery as a matter of devout thankfulness to a benign Providence.

I have used it considerably myself, and, at intervals during several years past, given it to some members of my family.

I have also recommended it to others, and invariably found it to be of essential benefit in those complaints for which it is especially recommended. In bronchial and other chest affections, in arrest.

ing incipient consumption, and in lessening the distressing symptoms of this disease in its hopeless stages, as well as in cases of nervous debility, in giving tone to the system, it is undoubtedly a valuable remedy.

I am, dear sir, yours truly. JOHN McMURRAY, Methodist Minister. NEWPORT, N.S.
