CARRIED OFF FIRST PRIZE AT WORLD'S FAIR

Waterman's Ideal Fountain Pen..

A good fountain pen is acknowledged to be the most practical and convenient writing instrument. The best in the world is "Waterman's Ideal." It consists of **A Gold Pen**, the best that can be made; **A Hard Rubber Holder**, of the best shape and the finest finish, containing an ink reservoir; and **A Feed** that conducts the ink from the reservoir to the pen point with absolute uniformity, and with the certainty of a never-failing stream of water. The special feature of the feeding device in the "Ideal" is its splits, which draw the ink from the reservoir to the pen with the same reliability that the split of the pen draws the ink to the paper, and both respond to the act of writing with automatic regularity. The split has not been improved for pens, and it will not be improved as a fountain pen feed. Consequently, **The Waterman**, which uses a split feed, will not be improved.

It is the Fountain Pen of To-Day

And it will be the Fountain Pen of the future. Therefore, there is no necessity to look further. **BUY ONE NOW.** If it does not please you and prove desirable to keep, it can be returned, and your money will be refunded. Its simple construction, the excellent materials used, and the superior workmanship, make it, of all the fountain pens in the market, the one least likely to get out of order. **The Gold Pens** used in it are of the best quality, and are warranted unconditionally. The assortment includes long, medium, and short nibs, and fine medium, coarse and stub points, all to suit any hand. The gold pens in the larger sizes are made with a greater variety of points and nibs than is possible in the smaller sizes. We give our personal guarantee with each pen.
