FOR TEACHERS

A NEW

Educational Monthly

THE SCIENCE COMPANY of New York announce that they will publish, at an early date the first of the

MONTHLY EDUCATIONAL NUMBERS OF SCIENCE.

The aim of these numbers is twofold. 1st. To give the teacher a paper that will interest him as an individual; and, 2nd, to give him the most reliable and valuable information obtainable regarding his profession.

The material for the first part will be such as has been originally secured for the weekly paper SCIENCE; that for the second part will be carefully selected, with especial attention to the needs of educators.

The price of these numbers for one year (thirteen in all), so pagged and arranged as to be bound by themselves in a separate volume if desired, will be \$1.50. Sample copies of the first number, to appear November 28th, will be sent free upon application. Ask for Educational number of Science, and address,

Re Industrial Exhibition.

The Pelee Island Vineyards, of Pelee Island, Lake Erie, the most southern point in Canada, made a very fine display of their grapes, grown in the open air, and wines made from the same, at the Industrial Exhibition. Their display of grapes comprised over sixty exhibits, and was the great leading feature of the Horticultural Hall. At the request of the Commissioner of the Colonial and Indian Exhibition in the fruit department, Messrs. J. S. Hamilton & Co., of Brantford, the sole agents for Canada for the Pelee Island Vineyards, have sent to London, England, a magnificent display from their exhibit here. It comprised thirteen varieties, and should of itself convince the most sceptical that Canada takes a front rank as a fruit-growing country. The Pelee Island Vineyard have this year placed their wines at the following reasonable prices:—In 5 gal. lots \$1.50; 10 gal. lots, \$1.40; 20 gal. lots, \$1.30; 40 gal. lots, \$1.25; cases 1 doz. quarts, \$4.50; cases 2 doz. pints, \$5.50 f.o.b., at Brantford. The judges, appreciating the excellence of Messrs. J. S. Hamilton & Co.'s exhibit of grapes and wines, awarded them one of the highest awards given this year, viz., a silver medal. A gentleman who has travelled extensively over the wine-growing countries of Europe expressed the opinion: "If the Pelee Island vineyards produce such wine as this, how can foreign wines be imported and successfully compete?" It may be mentioned that Pelee Island is the most southern point in Canada, and that the vineyards cover over two hundred acres. Their brands are for sale by the principal wine merchants throughout the Dominion.—Toronto Telegram.
