MANUFACTURED BY

Eichhorn & Carpenter,

64 COLBORNE STREET,

TORONTO.

The Inland Revenue Department having recently adopted regulations permitting distillers to bottle "in bond," under the supervision of an officer, the product of their own distilleries, we are now enabled to offer the public our

FINE OLD WHISKIES

bottled in accordance with these regulations, and each bottle bearing Excise Officer's certificate as to age of contents. This gives the consumer a perfect and indisputable guarantee as to age, which cannot be obtained in any other way. We are now bottling our celebrated

CLUB WHISKEY OF 1879

And our Old Rye Whiskey of 1879, 1880, and 1883, which can be had of all dealers. See that every bottle has our name on capsule and cork, and has Excise Certificate over capsule.

WHAT IS CATARRH!

From the Mail (Can.) Dec. 15.

B From the Matl (Can.) Dec. 15.

Catarrh is a muco-purulent discharge caused by the presence and development of the vegetable parasite amoeba in the internal lining membrane of the nose. This parasite is only developed under favourable circumstances, and these are:—Morbid state of the blood, as the blighted corpusele of uberdle, the germ poison of syphilis, mercury, toxomosa, from the retention of the effected matter of the skin, suppressed perspiration, badly ventilated sleeping apartments, and other poisons that are germinated in the blood. These poisons keep the internal lining membrane of the nose in a constant state of irritation, ever ready for the deposit of the seeds of these germs, which spread up the nostrils and down the fauces, or back of the throat causing ulceration of the throat; up the custachian tubes, causing deafness; burrowing in the vocal cords, causing hoarseness surpring the proper structure of the bronchiatubes, ending in pulmonary consumption and death.

Many attempts have been made to discover

death.

Many attempts have been made to discover a cure for this distressing disease by the use of inhalents and other ingenious devices, but none of these treatments can do a particle of good until the parasites are either destroyed or removed from the mucus tissue.

Some time since a well-known physician of forty years' standing, after much experimenting, succeeded in discovering the necessary combination of ingredients which never fail in absolutely and permanently eradicating this horrible disease, whether standing for one year or forty years. Those who may be suffering from the above disease, should, without delay, communicate with the business managers.

MESSRS. A. H. DIXON & SON, 305 King St. West, Toronto, Canada, and inclose stamp for their treatise on Catarrh

What the Rev. E. B. Stevenson, B.A., a very man of the London Conference of the Methodist Church of Canada, has to say in regard to A. H. Dixon & Son's New Treatment for Catarrh.

Oakland, Ont., Canada, March 17, '89.

Oakland, Ont., Canada, March 17, 789.

Messrs. A. H. Dixon & Son:

Dean Siras,—Yours of the 13th instant to hand. It seems almost too good to be true that I am cured of Catarrh, but I know that I am I have had no return of the disease, and never felt better in my life. I have tried so many things for Catarrh, suffered so much and for so many years, that is hard for me to realise that I am really better.

I consider that mine was a very bad case; it was aggravated and chronic, involving the throat as well as the nasal passages, and I thought I would require the three treatments, but I feel fully cured by the two sent me, and I am thankful that I was ever induced to send to you.

I am thankful that I was ever induced to you.

You are at liberty to use this letter stating that I have been cured at two treatments, and I shall gladly recommend your remedy to some of my friends who are sufferers.

Yours, with many thanks,

REV. E. B. STEVENSOR
