

off their farms. Our 33,000 farms maintain a population of 150,000. They produce 7,000,000 pounds of dairy butter, which is not bad for a small province. So I do not think we are so badly off in our province. We produce the finest apples grown in Canada, with a productive capacity of 2,000,000 barrels a year, the greater portion of which has in the past gone to the United Kingdom; but now that the whole of Canada has become acquainted with our apple juice, we are looking forward to markets for that product within Canada.

On motion of Mr. Isnor the debate was adjourned.

#### BUSINESS OF THE HOUSE

Mr. GRAYDON: Mr. Speaker, may I ask the Minister of Veterans Affairs if there is any possible chance of veterans legislation being brought into the house this week?

Mr. GREGG: The resolution to set up the veterans affairs committee will appear on the order paper before the end of this week, and I can assure the hon. member that the legislation will be brought forward just as soon as possible thereafter.

At six o'clock the house adjourned, without question put, pursuant to standing order.
