Opposite the Club House,  
**HALIFAX,**

Keep constantly adding Improved Machinery, New Types, Ornamental Borders, and other appliances and facilities for the speedy and superior execution of every description of

**Book and Job Printing.**

No efforts are spared to give the work done in this establishment the appearance of that turned out of the best offices in the United States.

Their **Card Stock, Card Cutters and Card Printing Machinery**, enable them to give particular attention to this class of work.

**WILCOX'S CALORIO ENGINE**

is employed for driving their machinery. The business is under personal supervision, and in the hands of those who have served apprenticeships to it.

This was the first Job Printing Establishment in Halifax, and has continued specially devoted to that line of the business.
