HAMILTON
HAPPENINGS
COMPLAIN OF FOUL
AIR IN STREET CARS
Matter Taken Up at the Meeting
of Hamilton Board
of Health.

HAMILTON, April 25.—(Special).—Unsanitary conditions in crowded street cars of the city evoked some gentle criticism of the street railway company at to-night's meeting of the board of health. Members of the board stated that many complaints had been made to them of the foul air that passengers on crowded cars were forced to breathe, and it was said that the ventilation in the cars were kept closed to keep the heat in. William Farrar expressed the opinion that the good workingman was worth more to the city than one idle man of wealth with a million dollars nailed down. He thought that a workman, after a hard day's labor, should have a decent conveyance to ride home in. Dr. Roberts was instructed to see if conditions on the street cars could be improved. Mr. Quinn said it was no use to try to get an act respecting the matter thru the legislature. Dr. Roberts asked for additional health inspectors for the summer months, and it was decided to have the board of control and to have the matter arranged.

Jack Johnson, blacker than his famous namesake, and Howard Clarke, also of ebony hue, were arrested to-night on charges of vagrancy by Constables Bleasley and Herkimer. They are recent arrivals from Chicago, and it is expected that other charges will be laid against them.

A packed house witnessed the firemen's benefit performance at the Grand to-night. "A Night at the Fire Station," a stunt put on by members of the fire department, was very pleasing and instructive.

Louis Roseau, who fell from a wall at the Oliver works this morning, is still unconscious in the city hospital, and is not expected to recover. His skull was fractured.

Tony Gillen, an Italian, was arrested to-night at the instance of immigration officers, and will be deported to-morrow. He comes from Italy.

Hotel Hanrahan, corner Barton and Catharine-streets, Hamilton, conveniently situated and easily reached from all parts of the city, is now open. Modern and strictly first-class American plan. Rates \$1.50 to \$2.00 per day. Thos. Hanrahan, proprietor. Phone 1483.

CENTRAL PROPERTIES ACTIVE

Numerous Real Estate Deals Done Town at High Range of Prices.

Enoch Thompson, Limited, brokers, report many sales of central properties and state that there is a greater demand at present than at the same time last year. The following are some of the recent sales:

Nos. 153, 155, 157, 159, 161 and 173 York-street. Four stores and a cottage, with a large brick building in the rear, 60 feet by 96. The property has a frontage on York-street of 95 feet and runs back 298 feet. It was sold by Mr. Samuel Crompton to an English syndicate for \$75,000.

Northwest corner Spadina and Grange-avenue, 50 feet by 160. This was sold by Dr. Cotton to the Cooper Cap Company, who will erect a large factory on the site. The price paid was \$22,500.

The Metropolitan Bank has purchased the southwest corner of Queen and Duncan-streets for \$25,000. The bank will erect a branch on the site. The property has a frontage of 206 feet on Queen and widens to 20 feet in the rear. The depth is 112 feet to a lane.

Nos. 163 and 165, Church-street, sold by George H. Palmer to a local investor for \$18,500. There is a frontage of 60 feet on Church and a depth of 110 feet, running back to Dalhousie-street.

The northwest corner of Nelson and Duncan-street has been sold by A. W. Wolfe to Jacob Singer for \$22,000. There is comprised in this property 73 feet on Nelson-street and 85 feet on Duncan-street. There are five or six roughcast houses on the property, which it is understood, will be pulled down.

Properties at Nos. 91, 93, 95 and 97 Jarvis-street, sold by G. D. Lee for \$19,000 to a local investor, frontage of 91 feet, depth 135 feet.

Piles, fissures, etc., successfully treated without an operation. Write for free booklet and references. Dr. Hawke, 21 Wellesley-street, Toronto.

Brewery Will Cost \$75,000.
The Reinhardt Brewery Company have taken out the permit for the architect's department for the erection of a four-story brewery on the Don esplanade at Wilton-avenue. It will be of steel, brick and concrete construction and will cost \$75,000.

The Toronto Furniture Company has taken out a permit for the erection of a three-story brick building on the east side of Dufferin-street, south of King-street. It will cost \$70,000.

CALGARY OFFERS FIELD FOR SHREWD INVESTOR
City Has Grown to Sixty Thousand Rapidly and Room to Build is Needed.

G. E. Buck, one of the many Torontonians, who have traveled the west to make their fortune, has returned to the city, from Calgary, with his partner, H. W. Ritchie, and a small party. They have opened an office here of the B. & R. Ltd., and are engaged in selling lots on the University subdivision of Calgary.

"When I went to Calgary four years ago," he said yesterday, "there was only a population of 11,000. Now there are at least 60,000 people there, and they are coming in by scores and hundreds from all parts of the old country and the United States. Why, they were there were no fewer than 50 guests turned away from the hotels for lack of accommodation, and all these were forced to find room in private residences. These, P.R., however, will help here, as they are spending ten million dollars in Alberta, the greater part of this in Calgary, and \$2,000,000 of this will be spent building a modern hotel in the growing city. Two other new hotels are also nearing completion, one of 150 rooms and one of 100.

Big Stores Also.
"Our stores are growing just as fast," continued Mr. Buck. "The Hudson Bay Company are building a great new departmental store, which will be finished by October 1, and which is costing \$2,000,000. Price Jones departmental store are also putting on an addition that will make their property worth a million dollars.

"One of the things we are looking forward to is natural gas, in the near future. A company has been formed to bring the gas from the Bow River and Burnside, at a cost of \$2,500,000. The plant of the Bow River Power Co. has also just been completed, and power will be supplied in another week."

Speaking of the railways, Mr. Buck said: "The C.P.R. now have six lines running from Calgary. The C.P.R. which is now half a mile outside the city, will have nine lines. The C.N.R. now about five miles out, will have seven lines. So we will not suffer for railway facilities."

Demand for Lots.
"University sub-division, about the best thing in real estate there, is selling rapidly. It is situated close to the new university site and is just across the river from the Western Canada College. A bridge across the river, which is almost completed, will cost \$70,000.

"We have sold a number of lots to Calgary builders, but we have reserved the greater bulk for eastern investors. We have opened offices here and are giving our buyers the lots at prices really much less than they are getting in order to build a permanent trade here."

Mr. Buck will be in charge for a few weeks, after which he will return to the west, leaving a competent man in charge.

MARY GARDEN AT MASSEY HALL TO-NIGHT.
Mary Garden, who, with the possible exception of Caruso, is the most exploited star in the operatic world, will sing at Massey Hall to-night, and that she will attract a big audience is fully expected. The singer whose rare beauty and magnetic personality have seduced various writers to refer to her as "The Modern Cleopatra," "The reincarnation of the Venus de Milo," and other equally expressive descriptions, is one of the best vocalists in America and Paris thru her interpretations of modern operatic roles like Thais, the Countess of Salmone, and she has recently proved her remarkable versatility by singing Marguerite in "Faust," which, according to all the critics, was backed by a huge chorus and simplicity. The bold interpreter of the Strauss heroine was able to subdue the unamed personality of Salmone to the gentle, delicate Marguerite, and again proved, if further proof were needed, that she is one of the greatest living opera artists. There will be 200 reserved seats on sale to-night at 30 cents.

Mr. Richard McCallum
A well known citizen of Stirling, Ont., cured of Chronic Catarrh and irritable throat by Catarrhazone.

A Remarkable Case Exciting Great Interest in Stirling, Which, if Possible, Added to the Popularity of Catarrhazone as a Cure for Catarrh, Bronchitis and Throat Trouble.

Catarrh is one of the most disagreeable, and at the same time hardest to cure, diseases. This has been Mr. McCallum's experience:

"For many years," he writes, "I have suffered from Catarrh, and continually hawked and coughed, so that my throat was always in an inflamed, irritable condition.

"Doctors' medicine did not help me in the least, and all other remedies I used were quite useless. In one case it was wasted in snuffing powder up the nose; in another using a greasy ointment, and so on. Not one of them was the least bit of good.

"I heard Catarrhazone favorably spoken of and tried a sample, and it really benefited me more in a few hours than years of treatment with doctors' and other so-called remedies.

"Receiving such immense benefit from the sample size, I got the complete outfit, large Hard Rubber Inhaler, etc., and but a few weeks of its use completely cured me of Catarrh and throat trouble.

"I recommend Catarrhazone as the most satisfactory Catarrh remedy on the market. Every word said about it is true." (Signed) "Richard McCallum."

Now, perhaps you need a remedy like Catarrhazone. It is the only treatment that is applied locally as well as constitutionally. The inhaler clears the air passages, stops hawking and spitting, and purifies the breath.

The Perseus Tablets, which are used in conjunction with Catarrhazone Inhaler, drive all the poisons from the blood and build up the system to a healthy, vigorous condition.

The complete outfit costs \$1; smaller size 50c. Sold by all dealers, or the Catarrhazone Co., Kingston, Ont.

Cured Awful Ringworm
"Well over four years ago my two little girls were taken with a dreadful scalp trouble that the doctors called ringworm. They had the Hospital as out-patients for a year. I had to apply their ointment with brushes, grinding the children's frightful pain. I also had to have their heads shaved every two weeks, but they got no better under the treatment. They used to cry with the tormenting itching, and their heads were covered with a thick scurf and dandruff.

"About a year ago I determined to try the Cuticura Remedies. I used ointment of Cuticura Soap and applied the Cuticura Ointment. I used only about three cakes of Cuticura Soap and three boxes of Cuticura Ointment and they were cured. Their hair is growing long and nice again. They had become so ill after their three years of suffering that I had to send one away to a convalescent home as soon as she was cured, but now she is home, well and strong. My younger girl was away from school for six months with the disease. I am very grateful to Cuticura and for their children's sake I would advise every mother to try it. The Cuticura Soap I will always use for it makes the hair so soft and smooth." (Signed) Mrs. Nora Estmott, 85, Lena Gardens, Brook Green, W., London.

Cuticura Soap and Ointment
afford the speediest and most economical treatment for itching, burning, scaly, sunburn, eczema, dandruff, etc. It is often sufficient. Sold throughout the world. Read the Posters and the Cuticura Book. If you are suffering from any of the above ailments, send for a trial box at once.

A PLOT OF CAPITALISTS DECLARES LABOR LEADER

President of Firemen's Brotherhood Joins Gompers in Denouncing Arrest of McNamara.

NEW YORK, April 25.—Timothy Healy, president of the International Brotherhood of Stationary Firemen, one of the best-known labor leaders in the country, joined with Samuel Gompers here to-day in denouncing the arrest of the McNamara brothers and McNamara, as a plot against labor by capital. During the recent car strike at Philadelphia, he said, he had frustrated a plot to "plant" dynamite in his hotel room, and then blow up one of the transit companies' power houses.

"Knowing what they were willing to stoop to in my own case, it is only reasonable for me to believe," he said, "that the men under arrest are the victims of a similar and more successful conspiracy. Capital will stoop to anything to retain its grip on the throats of the workers of this country."

"I know Jim McNamara and any I know him to be an honest, law-abiding citizen and incapable of the outrage attributed to him by the enemies of labor."

"It is not difficult for capital to find things which will commit crimes that are later fastened on the shoulders of honest men. I tell you these dynamite plots that have been occurring all over the country during the past year are only part of a plot that capital has framed in a last desperate effort to crush labor unions."

"But if money will buy tools it will also hire able lawyers, and labor will see that the McNamara brothers and any others who may be arrested with them have the best talent in the country to defend them."

SENATE DISCUSSED GRAIN BILL

Senator Davis Says United States Handlers Practice Manipulating.

OTTAWA, April 25.—The senate to-day discussed majority and minority reports of the committee which had dealt with the grain bill. Acting for the majority, Senator Loughheed moved to strike out the section which provides that no person owning or interested in any terminal elevator shall buy or sell grain or be interested in any other form of grain storage.

Senator Davis protested against this. He said Canada had been invaded by the United States grain handlers, who had built strings of country elevators and controlled most of the terminals at the lakes. He charged them with mixing and manipulating grain, and strongly advocated the bill as prepared as best able to meet the situation.

Senator Douglas said there had long been a grievance, which would be remedied in the bill if adopted in its original form. It should be tried a year in any event.

Senator Talbot denounced the debate. On motion of Senator Power a resolution was concurred in declining to furnish the vouchers of the senate expenditures not before the internal economy committee, but expressing a willingness to have a joint committee go into all expenditures of both houses.

King Gustav at the Quirinal.
ROME, April 25.—King Gustav of Sweden and the Queen are the guests of King Victor Emmanuel, and will remain in Rome for three days. They came to attend the Italian jubilee and have been honored by special demonstrations, as a number of Swedes were among the soldiers who fought for Italian unity, and Sweden was about the first country to recognize the new Italian Kingdom in 1851.

VETERINARY GRADS GIVEN USEFUL ADVICE

Prof. Hoskins of the University of Pennsylvania Praised Government's Support.

Well attended Ontario Veterinary College closing exercises were held at Convocation Hall yesterday afternoon. C. C. James, deputy minister of agriculture, presided.

Prof. Horace W. Hoskins of the University of Pennsylvania paid a tribute to the work of the late Dr. Andrew Smith, for most the needs and the country, veterinary instruction must have government support. This had been generally rendered by the Dominion Government, and the governments of the provinces. There was no boundary line raised against comparative medicine. His discoveries were freely made known. Dr. Rutherford of the Canadian Government, by the information he had given to the world, had been the means of opening up thousands of acres and of increasing the wealth of Canada by millions of dollars.

Veterinary medicine meant the controlling and prevention of animal disease. It was much more than the treatment of individual cases and included the prevention of epidemics.

A Thousand Vets Coming.
A convention of 100 members of the Veterinary Society of America, which had a useful career of half a century, would shortly be held in Toronto. This was the second visit to Canada. The first visit was to Ottawa, and the outcome was the international report on animal tuberculosis in the preparation of which Dr. Rutherford took an important part.

At the present time he believed that tuberculosis was leading the other provinces in its laws respecting animals and this he attributed to the activity of the Manitoba Veterinary Society. In connection with the usual certificates to connect themselves with such societies and to benefit themselves and the community by the active interest they took in the work of the organization.

Principal E. A. Grange explained that the Ontario Veterinary College had been organized in 1887, and before which the members read papers on various phases of the profession.

C. C. James presented the diploma to the class, and the graduates were presented to the college of the class picture.

GOUNO'S "REDEMPTION"

Last night in Massey Hall a very satisfactory rendition of Gouno's masterpiece, "The Redemption," was given by the Toronto Festival Chorus, and Orchestra, under the direction of Dr. T. J. Brindley. Unfortunately the public did not accord the support the oratorio deserved, but what it lacked in numbers was in a measure compensated by the appreciation extended to the soloists and chorus. The orchestra opened well in the movement descriptive of chaos and creation, and the first chorus, "The Earth to My Possession," at once revealed the good tone quality and capable training of the chorists. The chorus number, "Lord Jesus, Thou to All Bringest Light and Salvation," was very finely given and the first part closed with another excellent choral rendering.

The second and third parts were marked by equal merit, the chorus closing, the former being particularly well given, and a similar criticism applies to the final chorus, where the female voices were specially observable. The soloists were all good and included a principal Miss Grace Kerda, soprano, New York; Miss Mabel Koros, contralto, Toronto; Edward Strong, tenor, New York, and Mr. Chas. Brindley, bass, Toronto. All sang with much expression and reverent feeling. Miss Dollie Blair presided at the piano, and Arthur Blakely at the organ. Dr. T. J. Brindley conducted with his accustomed precision and ability and deserves hearty congratulations at the general artistic success of the production.

Royal George for Montreal.

The C. N. R.'s steamer Royal George is due at Quebec at midnight to-night and will be in Montreal to-morrow afternoon, the first trip to Montreal for the season.

Cold Upsets the Kidneys

And Uric Acid Poisons Bring Pains and Aches to Back and Limbs.
DR. CHASE'S KIDNEY-LIVER PILLS
You feel pains in the back, find the urine heavy and unduly colored, have indigestion and irregularity of the bowels and there may be rheumatic twinges.

You wonder what has gone wrong until you recollect that you have been exposed to sudden changes of temperature, perhaps sitting in a draught or passing from a very warm room to a cold one, or that you have been chilled by the outdoor air.

The kidneys are most susceptible to cold, and a sudden lowering of temperature, which is a burden on them by closing the pores of the skin, which are ordinarily a great aid to the kidneys in removing poisons from the blood.

The danger lies in not understanding the meaning of the symptoms given in the first paragraph. Once you know that the kidneys need assistance you can help them promptly by using Dr. Chase's Kidney-Liver Pills.

Every day you put off treatment you are taking the risk of developing Bright's disease, dropsy or rheumatism. Because of the inactivity of the failing kidneys your system is being loaded with poisonous impurities, and that means pains and suffering.

Get Dr. Chase's Kidney-Liver Pills. Luthersford's millinery, 542 Yonge-street. Style and price will interest you.

C. P. R.'s New Equipment.
MONTREAL, April 25.—(Special).—The Angus shops of the C. P. R. in Montreal are working at full capacity to turn out new equipment. Two hundred passenger cars, ordered last fall, have been turned out at the rate of 28 cars a month, and will be on the road by July.

Good progress has been made on the building of 3000 box cars, for distribution thruout the whole of the company's lines. The original order was for 3000 cars, but this was later augmented by 500 more, making a total of 3500. This is one of the largest single orders ever placed by the Canadian Pacific Railway, and means the expenditure of \$2,500,000.

Mr. Sherlock's Recital.
The recital given last night by the pupil of Mr. J. M. Sherlock, the well-known local teacher, was a most successful one. The singing of the group of vocalists who contributed to the program was eminently satisfactory and served to exemplify again Mr. Sherlock's excellent methods of voice training. Particularly pleasing was the uniform distinctness and correctness of pronunciation. This feature of the recital was particularly noticeable, while at the same time good tone production and intelligent phrasing and expression were in evidence thruout.
