## FIGHTING STILL CONTINUES IN CHINA

Continued From Page 1.

Yang, Kueik, Kweichow and Yunnan are apparently in active independence. An important question for the future is whether Gen. Chang, leader of the Lanchow soldiers, is acting independently or in collusion with other rebels. If the edicts satisfy the northern soldiers the control of North China will not be seriously imperiled. The support of the National Assembly is expected to be in the hands of Gen. Chang and the southern would probably result in the flight of the court to Jehol.

It is reported that the garrisons at Tientsin, Chanchung, Peking and Tachow have declared in favor of the revolutionists and that the rebellion is expected to result shortly. A revolt at Peking would be of great importance, as it would result in cutting Yin Tshing's communications completely. A despatch from that place says that the sixth division has marched out, that the women and children are leaving, but that the city is peaceful.

Gen. Yin Tshing has sent back all the Hunan troops suspected of disloyalty. His army at Sinyangchow is described as being without food for two days.

It is stated in some quarters that Yuan Shih Kai has been appointed emperor. It is added that the government intends to accede to every demand made by the Lanchow soldiers and other disaffected, and that it is expected that the ministry will resign tomorrow.

## Taking No Chances.

WASHINGTON, Oct. 31.—Yuan Shih Kai, the dominating force in China, will return to Peking in answer to the imperial summons only when the Prince Regent vouchsafes him the power he now enjoys of condemning any Chinese subject to instant execution without trial. It is the power of the National Assembly, and the immediate neighborhood of Peking who forced the crisis by backing up the demands of the troops at Lanchow. These troops number no less than 15,000 men and 4,000 cannons and 4,000 troops in Peking.

All Demands Not Granted. According to the State Department's advice a number of demands on the throne made in the ultimatum of the National Assembly have not yet been granted. Among them are the following: An immediate parliament; constitutional amendments originate

In parliament: that the army, the subject of the control of the emperor, be under regulations adopted by parliament; that the parliament approve the budget and all treaties affecting the general interests of the country; that the qualifications of electors for members of parliament be defined, and that the army be to be conscripted in regard to these matters.

Another source of difficulty, however, in the execution of the reform program has been found in the ominous attitude of the great Manchurian prince. They are in the hands of their despotic control of all control of the government, and are now threatening the peace of Peking.

## Extra Matinee at Royal Alexandra.

Grace George's popularity in Toronto has never before been more fully exemplified than during the present engagement at the Royal Alexandra. With an English comedy that is splendidly suited to her and her English company, she has scored the most sympathetic success of any of her previous visits to Toronto, necessitating by request, from the unusual demand for seats, the putting in of an extra matinee at the usual time and prices, on the afternoon of Thursday, Nov. 2.
