It is not likely that full returns of a satisfactory nature will come from Delaware, California, Kansas, North Dakota, Oregon, South Dakota, Washington, Wyoman Virginia until a very late hour, and in the appended table these States are placed, not from any reliable information, but rather on scant bulletins which may or may not prove to be correctly interpreted.

In New Hampshire.

Concord, N.H., Nov. 3.—Returns are commission in very slowly, but enough have already been received to indicate that the Republican have secured the most sweepling victory in this state in its history, and that their ante-election claim of a plurality of upwards of 20,000 for McKinley and that their ante-election claim of a plurality as much for Ramsdell for Governor, with increased majorities in both branches for Congressmen, will be verified.

Jackson, Miss., Nov. 3.—The election in this state was a quiet affair, and less than 50 precincts, ail Democratic, have been heard from. There is, however, no doubt of the election of the Bryan and Sewall ticket by an overwhelming majority. The Congressmen elected are all Bryan Democrats. It is estimated here that the state will go Democratic by 30,000. At Democratic Headquarters.

Chicago, Nov. 4.—At midnight Chairman Jones of the Democratic National Committee gave out the following signed states ment: "There is no foundation for the claims of the Republicans. There is at this time (midnight) no reason to think that any one of the States claimed by me for Mr. Bryan has falled to vote for him. While misleading reports are being sent out in all directions, private advices assure us that each one of the States has gone for Mr. Bryan. For two hours the most extravagant claims as to Kentucky and Indiana have been telegraphed all over the country, while within the last few minutes our committee assure us that both are safe. Mr. Bryan is certainly elected.

d Detroit, Mich., Nov. 3.—Michigan elects r. 12 Republican Congressmen.
Indianapolis, Nov. 3.—Indications are that McKinley's majority in the State will be over 8000.

Kansas—Both parties claim the State. Meagre returns show in Bryan's favor.
New York, Nov. 3.—The Times' builetin says Democrats concede Delaware to Republicans by 1000.
Lincoln, Neb., Nov. 3.—It is said the State is in doubt, with chances in favor of Bryan. Portland, Me., Nov. 3.—One hundred and minety-five towns give McKinley 55,175, Bryan 22,164, scattering 3319. The same towns in 1892 gave Harrison 43,373. Cleveland 32,452, scattering 3353. The Republican plurality now is 33,011, against 10,921 in 1892, a gain of 22,000. The towns to hear from gave Harrison 19,508, Cleveland 15,506, scattering 2109. If these towns gain in the same ratio the total plurality will be between 47,000 and 48,000, against 14,827 in 1892.

State is in doubt, with chances in favor of Bryan.

Jacksonville, Nov. 3.—The Florida Times-Union estimates that Bryan has carried Florida by 10,000 plurality. For Congress, Davis (Dem.), second district, 4000, and Sparkman (Dem.), first district, 5000 plurality.

Galveston, Tex., Nov. 3.—The Galveston News concedes Texas to Bryan, says Hawley (Rep.), 10th district, is reasonably sure of election and also Noonan (Rep.) of the 12th district.

Trenton, N.J., Nov. 3.—The State Gazette estimates McKinley's plurality in New Jersey at 55,000.

Columbus, Nov. 3.—Chairman Kurts of the Republican State Committee says the returns indicate that Ohio will give McKinley F110,000.

New York, Nov. 3.—The National Republican Committee has advised that its chairman, Mark A. Hauna, claims 331 electoral votes for McKinley and Hobart.

Tammany Wtped Out.

New York, Nov. 3.—McKinley and Hobart made a clean sweep of the Empire State. The Democratic plurality of 45,000 in 1892 is reversed, and the unprecedented plurality of 284,000 has been rolled up for the representatives of Republicanism and sound money. Tammany's usual enormous majority in this city has been overcome, and this stronghold of the Democracy has given a plurality of 21,000 for McKinley.

In Brooklyn, McKinley's plurality is 29,000. In the state, outside of two cities, he has a plurality of 234,000. In every county and every town there have been Republican gains, which are equal to all that Republican campaign managers claimed in this state. To-Day's Bulletins, New York, Nov. 4.—The Times' bulletin says the Démocrats concede Delaware to the Republicans by 1000.

New York, Nov. 4, 2.30 a.m.—Legislature reports from the various States indicate that sound money Republicans will have 48 Senators in the next United States Senate and Democrats and Populists 42.

Black is Governor of New York.

New York, Nov. 3.—Frank S. Black, the Republican candidate for Governor, is elected by about 240,000. Timothy L. Woodruff (Rep.) for Lieutenant-Governor and Irving G. Vann for Judge of the Court of Appeals are elected by nearly as large pluralities. The Republicans have elected 22 Republican Congressmen to the Democrats five. They will have about 110 out of the 150 members of the State Assembly, and the election of a Republican to succeed David B. Hill in the United States Senate is assured. About the only salvage from the wreck that the Democrats have secured is the election of Sulzer, Cummings, Mc. Clellan, Bradley and Vehslage to Congress from this city. Black is Governor of New York. London, Nov. 3.—In its issue to-morrow, The Standard, commenting upon the London, Nov. 3.—In its issue to-morrow, The Standard, commenting upon the elections returns rece. 7.1 from the United States, will say: Mr. McKiniey has doubtless won a splendid victory. The mere silence of the Bryanites confirms the belief that they have sustained a crushing defeat. Even the indefinite preliminary announcement of the result of the election will go far to restore calm in commercial circles.

The Bulletins in London,

London, Nov. 3.—As an illustration of the great interest displayed here in the Presidential election in the United States, the fact may be cited that a large number of Americans and others gathered this evening at Effingham House, Arundel-street, Strand, where are situated the London offices of the United Associated Presses, for the purpose of obtaining the earliest possible information regarding the result. The bulletins sent from New York, giving the results as soon as they were known there, were eagerly scanned and commented upon, according to the political faith of the readers. Most of the guests of the United Associated Presses have announced their intention to remain all night, if necessary, to learn definitely how the election has gone.

Londoners Bet on Mckinley.

London, Nov. 3.—The stock exchange was the scene of unusual excitement to-day, more time being devoted to betting on the result of the Presidential election in the United States than in the conduct of legitimate business.

Throughout the session there was a steady placing of bets at 4 to 1 on McKinley. Some of the large financial and brokerage firms will remain open all night and receive the results of the election, and many big houses are in expectation that there will be a mad rush to engage in transactions at the opening of the market this morning.

A Fatality at St. Louis. St. Louis, Nov. 3.—In an election row at Tenth and Cass-avenue, John Kerley, aged 30 years, and living at 1109 North Ninth-street, was shot and fatally wounded by John Eagan, a Republican ward politician,

Kinley Support Bryan?

Kinley Support Bryan?

Niagara Falls, Ont., Nov. 3.—(Special.)—Large numbers of Canadians flocked to the American side of the river this evening to hear the election returns, and returned disgusted with Yankee politicians. Crowds filled the streets or the electric city, but the enthusiasm was very tame. From the time of the first return until late in the evening hardly a cheer could be heard. The city of Niagara Falls went Republican by over 200, for the first time in a Presidential election. There was a feeling that an undercurrent was at work among the laborers, and especially among the railroad men, that although they apparently supported McKjnley they would cast their votes for Eryan. This to some extent turned out to be merely a scare, out it is certain that some employes of the railroad corporations, who claim to have voted for McKinley, are in sympathy with the Democratic party.

Nobedy Tramps Ills Grass.

From The Indianapolis Journal.

There's a front yard out in Nebraska
Where roses bloom all day,
Where the winding Platte flows slowly
down
To the ocean far away;
And the owner up and down the land
Is riding the silver ass,
And nobody tramps his grass.
The grass is just as green and sweet
When first it gently grew.
And not a bee was e'er disturbed
The livelong summer through.
No pallings of the fence are gone,
But all are there en masse,
For nobody calls on Bill Bryan,
And nobody tramps his grass.
When he gets home, if e'er he does,
He'll recognize each blade,
And each will say, "How are you, Bill?
We've had the lazlest of times,
No people o'er us pass.
Don't send McKinley crowds this way, We've had the laziest of times,
No people o'er us pass.
Don't sead McKinley crowds this way,
They're awful hard on grass."
There's another yard in the Buckeye State
Where never a blade is seen,
The fence is gone, the flowers pulled,
By eager hands, I ween;
And every blade and every flower
Said, when too late, "Alas,
We wish we were in Bryan's yard,
Where nobody tramps the grass."

What did happen was some roughs, having congregated under the stands in St. Lawrence Market, were fighting between themselves, when one of our committee went to look for a policeman to have them dispersed. There was not one in sight, but when they did actually arrive (after the fight was over) they came along with drawn batons, threatening to clear out the hall, saying to the members of the committee, that were trying to explain the occurrence to them, that if they did not get inside they would smash them over the head with their batons. Editor World: It is not very often I trespass through the newspaper columns, but I wish to express my entire disapproval of the present method adopted by the Harbord Collegiate Institute of checking late and truant students. I understand each master calls the roll at the commencement of each lesson. This is not only a pure waste of time, but it is neither honorable nor fair to honest boys and girls. I beg also to state that the having a class composed of the duller and more troublesome students, and called the "dumping ground," is a most objectionable classification. I admire strict discipline, and I want my children promptly brought to time, but let it be done without in any way humilinting them.
