

The Colonel Wears Them.

"Your money back if dissatisfied" means here that we want the goods back if they should prove unsatisfactory, because we could less afford to have them working against our future market than we could afford to promptly refund the money.

We have not yet made these goods ourselves for our stores, and so have been unable to guarantee every garment as perfect, but wherever and whenever a fault in "Fit-Reform," unseen by us, has been noticed by Wearers, we have gladly applied that redeeming clause—"Your money back if dissatisfied."

In Montreal, Toronto and Winnipeg this policy, with the earnestness and equipment of these three stores, has resulted in the acceptance of "Fit-Reform" into the wardrobes of the most critical and influential citizens.

Names which add lustre to the history of this country, and which illuminate the professions, are at least as numerous on our delivery books as they are on the registers of the best hotels.

We are proud of this patronage, because we deem it a great thing to have won from the Tailors such intellectual wearers of "Fit-Reform," breaking down the prejudices of a century against "ready-mades" in seven short months, through proper presentation of meritorious, money-saving garments.

To-day winter calls for heavy Overcoats to be delivered in time for to-morrow's wear.

Fifteen to twenty dollars will do as much here as \$25.00 to \$35.00 could do with any tailor who could produce such garments.

Your money back if dissatisfied. Open to-night till 10.30 o'clock.
