The blaze was first noticed by W. B. Wellwood, florist, next door, and he turned in an alarm. All the central sections of the brigade responded.

At first it looked as though it would be a serious fire, and many thought that the simpson building was in danger, as dense clouds of snoke were blown in every direction by the high wind.

The firemen were unable for some little time to locate the blaze, but when discovered it was extinguished anickly.

The premises are occupied by the New York Optical Parlors, of which Mr. J. B. Stauffer is manager.

Mr. Stauffer was seen last night by The World. He said he was on his way home from the store when the alarm was given and came back. He says his loss on stock will amount to \$2000, with Insurance for half, the amount in the Norwich Union Company.

WHAT "BIG FRASER" SAYS British Yukon Railway Company

Route to Dawson City.

Montreal, Jan. 26.—(Special)—Mr. D. C.
Fraser, M.P. for Guysboro, who introduced the British Yukon Rallway Bill into Parliament, and who has since visited the scene of the company's operations, says that after completing the track from Skaguay to Lake Bennett, 37 miles, they will build 100 miles of road into the Atlin country, joining the Hootalinqua River, and thus securing good navigation to Dawson City. He further says that the line is practically located all the way to Selkirk and that it Canada wishes for it, there is nothing to prevent her from securing the whole of the Yukon trade.

Woodstock, Ont., Jan. 26.—James Benedict, aged 19, was seriously stabbed by his younger brother Charles in a scuffle. The boys got into a quarrel, and, it is said, James "cuffed" his brother's ears. The latter, who is 16, grappled with James, and in the scuffle a fackknife was run into the elder boy's body, making a deep wound, which bied so freely that his life was in danger, but it is hoped the boy will recover. Charles feels his position keenly. No arrests have been made. The wounded boy says it was accidental.
