Balfour on Intervention in the Spanish-American War.

"PROTEST FROM JAPAN."

Washington, June 10.—Japan has entered a strong protest against the duty levied for opium in the war revenue bill, on the ground that it amounts to ten cents a pound on all teas, cheap grades will have the effect of ruining Japanese trade with the United States.

ANGLO-AMERICAN UNITY.

London, June 10.—The Westminster Gazette, after afternoon, commenting upon the American attitude toward the Liberals are hostile to the proposed Anglo-American understanding, says: "There is nothing more than to draw close the bonds between the United States. If its leaders are wise, they will need carrying no longer, it is because of their handling, it is because of their present conduct of foreign affairs that we have grounds for fearing that the best days of the world are in lack of wisdom and perseverance. We plead for care and caution in dealing with the United States, it is because we are anxious to see

BRITAIN AND THE SPANISH-AMERICAN WAR.
London, June 10.—In the House of Commons today, Mr. A. J. Balfour, the foreign secretary, replied to a question as to whether the government considered the populace of Cuba and the Spanish-American evils arising from the Spanish-American war a menace to the government or any of the European powers. He said the government was not intervening to prevent the hostilities by inducing one or both belligerents to negotiate terms of peace. He said the government's policy would gladly take any favorable opportunity for promoting a cessation of hostilities, but that it was not prepared to take any action upon their part. He said the government was not pursuing this purpose can only be understood if it is kept in mind that the prospect that it will be well received by the parties and of its being likely to lead to a reconciliation between them. Unfortunately, here the government is not believing this condition

Give Holloway's Corn Cure a trial. It removed ten corns from one pair of feet without any pain. What it has done once it will do again.

KILLED WHILE TELEPHONING.
South Bend, Ind., June 10.—B. F. Holloway had occasion to use a telephone during a thunder storm. He said a few words, when lightning came down the wire, killing him instantly while the man who was talking at the other end of the line was shocked down.

CAMP BLACK IS DESERTED.
Blountsville, June 10.—Southern camp followers have deserted the place. They could use Dr. SIEGERT'S ANGIO-CHLOR-BITTERS to offset the ill-effects of change of water and climate.

Sir Adolphe Chapleau Dying.

A dispatch from Montreal says that Sir Adolphe Chapleau lies in a dying condition at the Windsor Hotel in that city. Since his return from the United States health resort, Sir Adolphe has sunk rapidly, and it seems to be only a question of hours, or days at the most, when the end will come.

Sir Adolphe Chapleau, who is in his 58th year, has long been a prominent feature in Canadian public life. He has, in fact, been the leading Conservative statesman in Quebec Province for years, and was regarded as by all odds the best orator in the province for many years. He entered the Quebec Legislature as member for Terrebonne at Confederation, and in 1873 joined the Oulmet Government. He was called to the Premiership of the province in 1879, and three years later joined Sir John Macdonald's Government as Secretary of State. When Sir John Macdonald died, he became a member of the Abbott Administration, and held that position till he became Lieutenant-Governor of the province, which was his last official position. If he had regained his health, it was Sir Adolphe's intention to re-enter public life, but it seems to have been willed otherwise.

Topics of Today.

At the Toronto Methodist conference yesterday it was decided that under the discipline of the church women are not eligible as delegates.

Latest news from Winnipeg is to the effect that the crop outlook is excellent. There is a large increase in the acreage of wheat and other cereals in Manitoba.

An apt tribute to Sir Wilfrid Laurier's widespread reputation as an orator is found in the San Francisco Bulletin of June 4, which prints the full text of the premier's eloquent utterances on Mr. Gladstone in the Canadian House of Commons.

LATEST WEATHER FORECAST

Toronto, June 10-10 a. m.—Probable

ties for the next 24 hours for the Iowa lakes region: Moderate to fresh easterly winds; mostly fair and a little cooler today. Showers locally tonight, and becoming more general tomorrow.

Around the City

—Miss Cecelia Stinchcombe, city, is visiting friends in Norwich, Ont.

—The damage resulting from the fire at the Tecumseh House last night was about \$200.

—The city council will probably meet on Tuesday evening to consider the Normal School site.

—Gordon, a young son of Mr. George Heaton, of London, had a finger cut off in a lawn mower accident.

—Mrs. R. J. C. Dawson and Miss Anna Dawson left for Toronto today to attend the inauguration of Toronto University. Miss Dawson will have the degree of B. A. conferred upon her.

—A city council deputation will go to London this way to look at the chemical treatment of sewage, the system there is somewhat different from that of which the London council is considering.

—At the police court this morning Magistrate Parke discharged one defendant, reprimanded a driver for obstructing the view near the ball grounds, and fined three bicyclists—

And two \$2 each.

LONDON HONOR STUDENTS

At Toronto University—Brighten Distinctions Themselves

The honor list of the Toronto University has been given out, and shows that eighteen Londoners secured honors. They are:

First Year—Mathematics and Physics—**First class, P. A. Carson;** second class, Miss C. MacDonald. Natural Science—Second class, H. W. Davidson.

Second Year—Physics—**First class, W. J. Dromgoole;** Political Science—Second class, C. Garvey. Philosophy—**First class, H. Laidlaw;** highest standing, Mathematics and Physics—Third class, J. H. R. Gillespie. English and History—**First class, R. Bone.**

Third Year—Classics—Third class, Miss G. O. Burgess. Modern Languages—**First class, J. H. Laidlaw** (in history). Political Science—**First class, J. H. Laidlaw;** below the line in ethics. Physics and Chemistry—**First class, R. Bone.**

Fourth Year—Classics—Third class

A DINNER PILL.—Many persons suffer excruciating agony after partaking of a hearty dinner. The partaken of is like a ball of lead upon the stomach, and instead of being a healthy nutriment, it is a poison to the system. Dr. Farmacia's Vegetable Pills are wonderful correctives of indigestion, acidity, and flatulency. They correct the food partaken of into healthy nutriment. They are just the medicine to take if troubled with indigestion.

**Interesting Meetings of the
Lambton and Middlesex
Convention.**

**Large Number of Delegates Present—
Interesting Papers and Discussions
—Increased Membership in the
District.**

The convention of the Middlesex and Lambton Baptist Association at Poplar Hill closed yesterday. It was one of the most interesting in the history of the association. Able speakers, live choir and large audiences were some of the factors which conducted to the excellence of the meetings. The delegates were received with bountiful hospitality. Favorable conditions were such as to make the couple of days spent at the Hill pleasantly remembered for some time to come.

On Wednesday morning the delegates from London and the west were met

At Norfolk on the arrival of the trains from the West, the Rev. Mr. Speller, of New York, delivered a delightful journey along the country roads amidst the beautiful scenery. This was the first time that the roads gave prospects of an excellent harvest.

The convention opened at 11 a.m. with a prayer by the Rev. Mr. Speller. He delivered an interesting sermon from the text: "We have faith in God," his points being: The nature and objects of faith; the objects and its results. After the sermon Rev. Mr. Speller was elected Moderator, and the Rev. Mr. Speller, clerk. Committees were struck and the convention adjourned.

At 10 a.m. the papers were read and a statistical statement circulated. At 3 p.m. Rev. D. D. McLaurin, D.D., of New York, delivered a sermon from "Eternal Life," a very fine sermon. He thought the building was crowded, and although the heat oppressive the doctor held the service for an hour and a quarter.

In the evening the Rev. Mr. Speller of South London, read a paper on

What Soldiers Are Talking About on the Heights.

At the close of the present camp the time of Lieut.-Col. Henry Smith as D. C. will expire. Lieut.-Col. Buchanan, the brigade major, has now prominently mentioned for the position.

There is speculation in camp over the fact that no men have been detailed for police duty on the grounds as in former years. The rumor has been advanced that there are among the ranks one or two men employed in the Dominion department, who are taking stock of the situation. It is claimed, would be an effective means of preserving order.

Mr. Crosby and Captain Putehof and some of the other officers are giving an afternoon tea to the ladies at the camp this county.

MIDDLESEX COUNTY COUNCIL.

Grants Recommended by the Finance Committee.

THURSDAY.

The council resumed business at 10 o'clock. Mayor Wilson addressed the meeting on the city's financial scheme, but no action was taken.

The first report of the finance committee was made by the chairman, recommending a disbursement of \$25 to the Salvation Army; \$25 to the Home; \$75 to the Teachers' Association; \$25 to the West Middlesex; \$25 to the Farmers' Institute; \$25 to the West Middlesex, and an increase of \$100 to Constable McLeod's salary.

A committee was appointed to bring the county to order for a reward for the arrest and conviction of the thief who had been charged with the carrying off of the bills and five promissory notes from the residence of Edward Morgan, lot 18, block 10, street 10, west of the water was referred to the finance committee.

George B. Campbell and ex-Warden Edward Morgan were requested by the sheriff of the county to furnish a statement showing the number of days the prisoners had been in custody. The statement was presented from Jan. 1 to Jan. 10.

Re the expenses in connection of the thief, Richard Evans, of Oxford, the finance committee recommended that the county should pay the expenses of the trial and the expenses of the trial.

A telegram was received from the Lambton county council re the Thedford bridge and jama in the River Aux to the latter body meets next week, when the matter will be discussed.

On motion of R. W. Jackson it was decided to allow the bridge of Allea Craig \$10,000 in their equipment of Allea Craig, as in 1895, but limited in 1897. Of this money \$3,000 will be taken from the fund of \$10,000 and \$4,000 from Humber and Middlesex.

Mr. R. K. Cowan, local master in Lambton, extended an invitation to the members of the club at the London yacht club, Glenora, which was accepted by the majority.

There was no afternoon session of the council.

THE DAMAGE AT SANTIAGO.

On board the New York Herald dispatch boat, off Santiago de Cuba, via Admiral Sampson is confident that in addition to the great damage done to the forts and earthworks at the entrance to San Pedro de Macoris, more than one-half of the Spanish guns were actually dismantled. Perhaps even this may be found too low, when the effect of the shells fired by shot will become fully known.

It is now known that Naval Commander Hobson and the crew of the Commodore were not injured during the bombardment, although Mr. Conrad Castle, which they are held prisoners of war, was struck by a shell during the bombardment Monday morning.

I learned today that during the attack on Monday the Dolphin wrecked a rail train with a shell from one of her guns. The train was loaded with Spanish troops, and it is known that many of them were killed.

THE PLUCKY COYS.

With the blockading fleet off Santiago, June 10—Mole St. Nicholas, June 10.—Mr. Hobson and his heroic companions, while sinking the battleship Merrimack across the harbor of San Pedro de Macoris, did not lose time. Today Admiral Connelley sent word of the capture of Admiral Sampson's message that the prisoners were in the hands of the mili-

CUBA CUT OFF.—The United States cruiser Marblehead and the auxiliary cruisers Yamacraw and the gunboat Albatross, which were successful in cutting the cable between Havana and Santiago, after firing on a Spanish gunboat, today cut off communication with Cuba from the world. The army of invasion is eager to receive news and everything is ready for its reception. The blockade has been uneventful since Monday.

MANILA EXPEDITION.—San Francisco, Cal., June 10.—Wednesday, June 15, is fixed for the sailing of the second Manila expedition. The fleet will include the battleship Oregon, the armored cruiser Reina Lina, the light cruiser San Antonio, Senator 800, Morgan City 700, and the transport ship General Sherman. Senator 800, it being announced by the navy department, if no war would be added. The government will probably go with the ex-

appeal has been made to the pope to obtain the intercession of his influence. It is asserted that the queen herself has even submitted to the pope and that the government in order to allay public discontent.

The Times says editorially this morning: "Probably the next few days will form as a period as any in the English Government has known enough. It is useless for Spain to plead pleasing illusions. America has been too long in the shadow of a deal more quickly than seems to be anticipated in Madrid."

The Daily News says: "Spain's best friends can only urge her to submit without delay. There is no remedy in that fate, and there is no remedy in respectability. The international diplomacy deals with the war. Lord Salisbury will insist upon the just

On an item of \$88,800 for a fort-
nightly service between Montreal, Que-
and Manchester, England, during
winter season, Mr. Foster protested
no tenders were asked for
Richard Cartwright admitted that
was the proper principle to pursue,
there were exceptions, and this was
of them. The proposition came from

consent men and an agreement was made with them.

Foster then blamed the government for not bringing down the concession.

Mr. Richard retorted that the contract was not signed, and the opposition wasted the time of the house so important because of this kind of contract not be reached.

Mr. Foster denied that the opposition had wasted the time of the house, and he referred to the time taken up with the McKenzie-Mann contract; yet in the same time the government abandoned the Erie project.

Mr. Fielding replied that the opposition, with the assistance of the senate, had brought into a bill which would help them out. And so the government was not to be blamed for this arrangement with Manchestepeople, even if a Canadian firm was unable to do it.

Mr. Pope (Conservative) approved the position.

Mr. Fisher explained that the company was interested in the Manchester Canal, and that was a guarantee that competitive freight rates would be secured.

Liverpool would be secured.

Richard Cartwright said that the company was negotiating for a rumen freight case, so that the rate Manchester would not exceed that Liverpool. The contract was for 1000 tons of rumen to be shipped on the 1st of July. The Manchester Ship Canal was assisting the company by free tollage. The motion was passed.
