ANGLICAN PRIMATE URGES THAT CHURCH OF ENGLAND

Archbishop S. P. Matheson Favors the Uniting of His Denomination With Others — Advocates Adoption of Revised Prayer Book Wit hout Further Delay.

Toronto, Sept. 11.—"The men will field, upheld by the English societies for 100 years, but which in 1920 would be entirely dependent on the Canadian

which formulates religion in terms of church Should Adopt Prayer Book These words, contained in a letter rom a chaplain at the front, gave Most tev. Archbishop S. P. Matheson. Timate of the Church of England in Canada, the text for a forceful appeal or church union, in his opening adiress at the general synod of the church iress at the general synod of the church of the church can be seen to the church of rimate of the Church of England in Canada, the text for a forceful appeal or church union, in his opening adiress at the general synod of the church which here taday. or church union, in his opening adries of the church of the church which began its session here today.

"What are we of the Church of England going to do about this?" he asked. The arguments for delay did not appeal to him. It had been said that the arguments for delay did not appeal to him. It had been said that the experience of the war, as shown in letters of chaplains, had revealed so many defects that the book would have to be entirely recast. The exigentiate at the last triennial synod. The contention hat the Canadian church should await the action of the mother church in England moved him to declare, "I claim for he church in Canada the independence of a grown-up daughter." The strong the church in Canada the independence of a grown-up daughter." The strong the church he feared, would either sould await the lead of the other church, he feared, would either assult in deadlock, or radical changes in the none in reverence for the consider that they should await the lead of the mother church, he feared, would either assult in deadlock, or radical changes in the none in reverence for the church apaper, but added a rider that the committee reports its incommittee to consider the advisability and possibility of establishing a church newspaper under the auspices of the whole church, and, if this were found possible, to take the necessary steps to establish such a paper, but added a rider that the committee reports its remainder.

theological and ritual dissensions in the mother church, he feared, would either soult in deadlock, or radical changes here would transfer these lamentable livisions to Canada.

With solemn Service of Morning Crayer and Holy Communion in St. James' Cathedral this morning. The mother church in Canada the independence of a grown-up daughter. We must have features adapted to Canada. Solemn Service of Morning Crayer and Holy Communion in St. James' Cathedral business and delegates and the support of the mother church in Canada the independence of a grown-up daughter. We must have features adapted to Canada. One other reason for not waiting on the church in England was the acute theological and ritual discussions to the synode search upon its labors, which will be such radical changes as would lead to the carried in the care and the subject of the war and invited the representatives of the subject of the war and and the subpose, each attended by his two chaplains. These included is his two chaplains of the church in England was the acute th

against war weariness and the peril of a premature peace.

"Anything short of peace with victory," he declared, "is unthinkable. It may be costing much; it is costing much; but anything less would cost everything. If it were merely a war for possessions the church's duty would be to call out against the continuance of the carnage, but the contest was for things that money could not buy; for honor, decency, humanity and mercy, and the duty was to carry rosses.

The procession moved up the alsie of be cathedral, singing, "The Church's ne Foundation," and when the deleates, clerical and lay, had been placed the nave of the church, and the elates, with their chaplains, had taken their positions in the choir stalls, service of Morning Prayer began. The service of Morning Frayer began.
The sermon was preached by Right
ev. J. N. McCormick, bishop of Westn Michigan, U. S. A., and the celerant at the communion office was the
dmate, Archbishop Matheson.

Speaking of the lessons of the war, the primate declared, he was not one he said. The war had demonstrated, however, what they knew before, that in our ordinary life religion had not played the part it should. The complaints of soldiers showed that there plaints of soldiers showed that there is the church's the country today by plaints of soldiers showed that there had been a defect in the church's presentation of the gospel message to them. This question must be faced now.

It had been stated that organized Christianity had lost touch with the people, that preaching had lost its drawing power; in particular, that Anglean services were too long, too stereotyped.

In umber of interesting statements made in regard to that country today by Col. J. S. Dennis, head of the Canadian Pacific Railway department of natural resources, who is in the capital on Government business.

"The climate of Siberia, speaking generally," said the colonel, "is not as severe as that of Manitoba. It rather resembles that of Northern Alberta."

Remedy With the Laity.

The remedy lay with the laity, who should provide adequate endowment to provide the best staffs possible, and by additions to the divinity students' fund which would enable students to finish out the lengthened courses.

Any reconstruction of religion after the war, he went on, must include the Up Good Roads Move-

cultivation of religion in the home and in the schools.

On the subject of church union the primate was emphatic. "We speak regretfully of 'our unhappy divisions,' he said, 'and we greet each other at fraternal gatherings. The experience of this awful calamity of the war cries out that that's wrong. Cease your divisions; you, too, are facing one foe."

A chaplain's letter said: "We must co-operate with the other churches. The men will have nothing to do with any church which formulates religion in terms of division."

"What are we of the Church of England going to do about this?" the archbishop asked. "We must do something. OTTAWA, Sept. 11 .- Premier Hearst of Ontario, in an informal address at the directors' luncheon at the exhibition here today, revealed some of the remarkable results of greater production in Ontario, one of the most striking instances being that in spring wheat The production had been and going to do about this?" the archpishop asked. "We must do something.
"I plead that as a church we
really do something tangible and
practical. Have we been responsive
enough? Have we not been a little
too aloof to others? Shall we come

alone. The production had been \$8,000,000 bushels. compared with 4,000,-000 bushels in 1917. He spoke of the increase in field crops, hog production and livestock breeding, devoting most of his time to praising the farmers for what they had accomplished. He alluded to good roads in a casual way, emphasizing the fact that the Ontario Government desired the movement to go ahead as fast as possible in conjunction with the municipal governments.

PITTSBURG, Sept. 11.—There will be no shortage of coal or food this winter on account of transportation congestion, according to Director-General McAdoo, who is here today to attend a meeting of the regional directions of eastern and Allegheny Valley railroads.

Mr. McAdoo declared there will be no shortage of coal or food this winter on account of transportation and livestock breeding. railroads.

Mr. McAdoo declared there will be no repetition of the last winter's traffic delays. He said there is no dearth of cars at mines, and will be no undue shipping delays unless essential railroad operatives are drafted.

DEAD WITH HEAD IN POOL OF BLOOD his place. MacDonald Institute will open one day earlier than the college, Thursday, September 19, and it goes without saying that every room at "The Hall" will be occupied with the usual large wait-

from the door of his home, where he lived alone. A constable was called and found \$11 in the dead man's pocket, so it is clear that robbery was not the motive. As he had no enemies so far as is known, the case is a mysterious one. An inquest will be held, and County Crown Attorney A. J. Wilkes is following up the case.

PRINCETON, Sept. 11.—Mrs. Joshua Pelton of Etonia died very suddenly at the residence of her brother-iri-law, Samuel Pelton, where she had motored with her husband and a party of friends. She complained of pain in her head, and laid down a few minutes. On arising she fell over dead. She was in her forth year. Besides her husband she is survived by one daughter, Mrs. Ralph Martin. The remains were taken back to her horne, where the funeral took place Wednesday. Interment was in Paris Cemetery.

PITTSBURG, Sept. 11.—There will
be no shortage of coal or food this winter on account of transportation congestion, according to Director-General McAdoo, who is here today to attend a meeting of the regional directions with the creating of the regional directions with a great deal of interest, as the sectors northeast or Solssons and between the Alsne and Vesle rivers—the operations which have a direct bearing on those north of the St. Gobain forest.

The British have been successful in local encounters near Armentleres and in the region of the LaBassee Canal. Additional American troops have landed at Archangel, northern Russia, to add the other Allied forest.

The British have been successful in local encounters near Armentleres and in the region of the LaBassee Canal. Additional American troops have landed at Archangel, northern Russia, to add the other Allied forest.

The British have been successful in local encounters near Armentleres and in the region of the transportation for the first time over, so that everything will be in readiness when the boys and girls arrive to take up their fall studies. Girls are mentioned for the first time in this connection, for, in accordance with the announcement of Dr. Creelman some time ago, farmers' daughters and farmerettes who possess equal qualifications with the young men are to be admitted the observations which have been successful in local encounters near Armentleres and in the region of the LaBassee Canal.

Additional American troops have landed at Archangel, northern Russia, to add the other Aline dorest.

The British have been successful in local encounters near Armentleres and in the region of the region of the LaBassee Canal.

Additional American troops have landed at Archangel on the putting down of the disturbed conditions in that region.

Since the summer courses closed the buildings of the region of the LaBassee Canal.

The British have bee

college course. This is a real innova-tion and the outcome will be watched with a great deal of interest, as the girls have already proven that they are capable of doing just about anything the boys can do in the way of farming. Up to the present time there have been over 50 registrations in the freshmen's class, including several young women, and it is expected that before the college opens the class will total at least 70, which is considered exceptionally good during war time. The other classes will be fairly well filled, although since the college closed for the summer a number of students have donned the khaki and will not be able to complete their courses until after they have helped to put the kaser in his place.
