LAYS LACK OF FARM HELP AT HEARST'S DOOR

Government To Blame For Failure To Provide Labor, Says Wingham Speaker.

LIBERALS BACK FRASER

Member For North Huron

Placed in Field—Major

Tolmie Speaks.

[Special to The Advertiser.] WINGHAM, Sept. 19.—The Liberals of North Huron held a successful provincial nominating convention in the town hall here this afternoon. Considering the wet weather there was a good attendance with a good representation of women. Every municipality in the riding was represented. Sheldon Brister of Fordwich, president of the association, occupied the chair. Major J. C. Tolmie delivered a stirring address.

President Brister, in opening the meeting, gave a review of the contest of last fall, when A. H. Fraser, the present member, defeated the riding largely by the votes of the farmers. Fraser was born and raised on a farm, and is farming from choice.

W. H. Fraser Nominated. On the president asking for nominations, Mr. Fraser was nominated by Alex. Gibson of Fordwich, and B. Elliott of Wingham. There were no further names offered and on a standing vote Mr. Fraser's nomination was made unanimous.

Mr. Fraser, in accepting the nomination, thanked the Liberals for the confidence they had placed in him. "With the third party in the field with a policy nearly like that of the good as a year ago, but we want a year ago and won, and we will give another run for their money."

He was probably now expelled from the U. F. O. because he would not renounce his Liberal principles. If he were expelled from the U. F. O. he was glad he had not yet been voted out by the electors of North Huron.

He had no use for class legislation. Liberalism stood for legislation for the masses and not for the classes. He would use his independence in the future as he had done in the past. Prior to the U. F. O. convention he had been visited on a delegation from that organization asking him to resign as Liberal member and accept their nomination.

DELEGATION ASSURED HIM. The delegation assured him that their nomination would mean his election. Only yesterday a U. F. O. delegation questioned him to refrain from accepting today's nomination, as it would interfere with their chances. U. F. O. leaders were carrying their bitterness into the campaign, which was not a profit. The main issue was the tariff, but Ontario politics had no bearing on this question.

J. D. McGregor of Halton, a practical farmer, speaking to an audience composed largely of farmers, made an address. He criticized the Hearst Government from every angle. The Hearst supporters spoke boastfully of what they had done for the farmers, while the Hearst Government was spending one and a half millions for the benefit of the farmers.

Mr. McGregor said any fool could spend money, but it required an experienced man to show results, and the Liberals had always shown results for the money expended.

Thousands of farms are being deserted and allowed to go to grass at a rate of 100,000 acres this year. He said it will be an injury to all treated the farmers with contempt. In place of furnishing seed and loaning money and producing seed grain, the Government should have made an effort to procure labor for the farmers.

Hearst should not have taken the position as minister of agriculture, as a practical farmer would have given better results. He was sorry to find that Hon. Mr. Henry as minister of agriculture, was not giving good results.

Get Rights Quicker. Farmers would get their rights quicker by supporting their mutual friends, the Liberal party. Nothing would be accomplished by forming a new party and antagonizing all other classes. The speaker referred to the reciprocity election of 1911 when the Liberal party was defeated on a policy calculated to improve the condition of the farmer. U. F. O. members were retarding their local towns by buying goods in large centres. "Your local towns will go to pieces and large centres will be built up."

Farmers should stand side by side with local businessmen in place of being at variance with them. The Liberal party should be given all the credit for the temperance legislation secured in Ontario.

"Anything we ever did get as farmers we had had it from Liberal Governments, and we should support Liberals rather than join a movement that is out and antagonizing all other classes."

Major Tolmie Speaks. Major J. C. Tolmie, M.P.P. for Windsor, made a splendid impression, and his address was well received. Mr. Fraser had made a good member, and on numerous occasions in the House he had championed the interests of the farmers. The speaker said he had been absent from Canada for three years, and was rather out of touch with the affairs of the country. U. F. O. movement had not been satisfactory, or there would have been no U. F. O. movement. He had read the platform of both Liberal and U. F. O., and they were practically the same.

Not Class Legislation. "We do not want class legislation. We want legislation that will help all the people. We should all receive and be satisfied with a square deal. Sir William Hearst is not treating the people fairly when he does not announce the date of election. The Ontario ministers are not fit to govern. If they do not announce the date of the election."

Major Tolmie gave the new franchise act a bad knock. He declared it as being partisan and made places for party workers as enumerators, etc. Many names had been left off the lists. The two by-elections in Toronto had cost the Government \$24,000, and at this rate a general election would cost the people of Ontario one and a quarter millions.

The old method of preparing the voters' list was the most satisfactory. He was a strong believer in proportional representation. The Liberals one man, but were on a platform laid down by a democratic Liberal convention. We should put our country above our party at all times.

The history of the Liberal party on the temperance question was outlined by the speaker. It made no difference how individual leaders or members of a party voted on the liquor question. The main thing was the stand of the Liberal party on the temperance legislation.

The speaker referred briefly to agriculture, and felt there should be a model farm in every county.

He referred feelingly to what the soldier boys have done in the fight for freedom, and that Liberals stood for better pensions to wounded soldiers and widows. There should be equal pensions to all with similar wounds, no matter what rank held in the army. If a soldier wishes to farm he should be given all encouragement in old Ontario, and not sent to New Ontario to dig out a home.

The convention unanimously passed a resolution of appreciation to the soldiers who had fought so nobly in saving our country from barbarism.

PEACE TREATY FIGHT IN U. S. SENATE TO COMMENCE MONDAY

Republicans Say Amendment Will Carry.

EQUAL VOTING POWER

Would Give United States Equal Voting Power With Great Britain.

WASHINGTON, D. C., Sept. 19.—After the covenant of the League of Nations, a part of the German peace treaty, had been read today in the Senate, Republican leaders claimed votes enough to pass, probably next week, an amendment which would give the United States equal voting power with Great Britain in the league assembly.

While confident the amendment will be adopted, the Republicans hold that it would not restrict the whole question of peace and force the return of the pact to the peace conference at Paris, as President Wilson and Democratic leaders have predicted.

There will be no session of the Senate tomorrow, but the fight will open Monday in earnest, with prospect of a vote on the British-American amendment, proposed by Senator Johnson, Republican, of California, by the end of the week.

PAINFUL RHEUMATISM

May Be Driven Out of the System by Enriching the Blood.

In the days of our fathers and grandfathers rheumatism was thought to be the unavoidable penalty of middle life and old age. Almost every elderly person had rheumatism, as many as the young people. Medical science did not understand the trouble—did not know that it was rooted in the blood. It was thought that rheumatism was the mere effect of exposure to cold and damp, and it was treated with liniments and hot applications, which sometimes gave temporary relief, but did not cure the trouble. In those days there were thousands of rheumatic cripples. Now, medical science understands that rheumatism is a disease of the blood, and that with good, rich, red blood any man or woman of any age can defy rheumatism. It can be cured by killing the poison in the blood which causes it. There are many elderly people who have never felt a twinge of rheumatism, and many who have conquered it by simply keeping their blood rich and pure. The blood making, blood enriching qualities of Dr. Williams' Pink Pills is becoming every year more widely known, and it is the more general use of these pills that has robbed rheumatism of its terrors. At the first sign of poor blood, which is shown by loss of appetite, palpitations, dull skin and dim eyes, protect yourself against the further ravages of disease by taking Dr. Williams' Pink Pills. They have cured thousands of people—if you give them a fair trial they will not disappoint you.

You can get these pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Company, Brockville, Ont.

KITCHENER MAY GO TO WALKERVILLE FOR HINTS ON HOUSING

KITCHENER, Sept. 19.—At a meeting of the directors of the Kitchener - Waterloo Manufacturers' Association here this afternoon, it was decided that if Kitchener is to be a desirable place for the location of new industries, definite steps must be taken in connection with the housing commission. It was the feeling of the meeting that it would be a waste of time and money to attempt anything on a small scale and expect to obtain results.

A delegation will visit Walkerville for the purpose of investigating the community housing scheme there with the Wm. N. McEachern Company, and it is expected that the result will be that Kitchener manufacturers will club together for the erection of between 300 and 500 houses here.

U. F. O. CAMPAIGN. Gaven Barbour, U. F. O. candidate for North Waterloo, interviewed in Kitchener today, stating that all is going well with the U. F. O. campaign in the riding. He declared that he has been receiving many promises of support from unexpected quarters.

HAD NO FUNDS. The receiving many promises of support from unexpected quarters. In police court here today charged with issuing a check for which he had no funds. His pleader of children before the amount of the check which was \$35. Dr. Hagmeire of this city was the complainant.

PLEADS NOT GUILTY. Joe Sheppard was remanded today by Magistrate Weir until he pleads not guilty to indecent exposure. It is the intention of the crown to get the evidence in the case tomorrow, taking evidence in the case tomorrow.

WANT EXEMPTION. The Kitchener veterans of Kitchener, under the assessment act of 1913 which provides for the exemption from taxes of the homes of soldiers and officers who served overseas for a period of ten years, are asking the councils of Kitchener and Waterloo for exemption with the exception of school and local improvement taxes.

NOLAN-ROBERTSON. Miss Mary Robertson of this city became the bride of Joseph B. Nolan, the ceremony being performed by Rev. A. L. Zinger at St. Mary's Church this morning. The attending couple were John Nolan and Mary Nolan, brother and sister of the groom. After a honeymoon, Mr. and Mrs. Nolan will reside in Kitchener.

OFFERS POOL. The use of the Kitchener natatorium for the purpose of teaching school children to swim has been offered by T. H. Reider to the public schools board on the board's own terms. It is understood the board will arrange swimming classes so that the pupils will all have a weekly swim.

BRANTFORD ENTERS TEAM IN INTERMEDIATE O.R.F.U. BRANTFORD, Sept. 19.—The Brantford rugby team today formally entered the intermediate O. R. F. U., and will play with Woodstock and Dundas. John McKelvey, formerly of Hamilton Tiger fame, will coach the team, some 20 promising players having turned out to practice. The parka road is being asked for lights at the ground so that night practices can be held.

COALITION-LIBERAL DEFEATS LABORITES LONDON, Sept. 19.—In a by-election held today in the Pontefract district of Yorkshire, the coalition Liberal candidate, W. H. Forster, won the seat over L. Burns, Laborite. Forster polled 3,229 votes as against 3,438 for Burns.

Health and Happiness

Women of today seem to listen to every call of duty except the supreme one that tells them to guard their health. Home duties, church duties, war activities, and the hundred-and-one calls for charitable enterprises soon lead women to overdo. Nervousness, headaches, backaches and female troubles are the inevitable result.

Philadelphia, Pa.—"I was very weak, at ways tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which, added to my weak condition, kept me worrying most of the time—and he said I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness. Health and happiness? Yes, I have both now."—Mrs. J. WORTHLINE, 2342 North Taylor Street, Philadelphia, Pa.

The majority of women nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down nervous condition with headaches, backache, irritability and depression—and soon more serious ailments develop. Avoid them by taking in time
