To Relieve Catarrh, Catarrhal Deafness

Catarrhal Deafness
And Head Noises

Persons suffering from catarrhal deafness, or who are growing hard of hearing and have head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances. has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Parminit (Double Strength). Chicago, Oct. 13.—Wheat prices today in Chicago reflected the decline of values yesterday in the Northwest while the market here was closed. Later, however, something of a rally took place in connection with gossip that one of the largest millers in the United States had made an investigation which showed that domestic producers were nolding between 65 and 70 per cent of their wheat. Opening prices, which ranged from 1½c to 3c lower, with December at \$2 05½ 06, and March at \$2 01½ @ 2 02, were followed by moderate upturns from initial bottom figures.

Corn went lower with wheat. There was general selling in small amounts by commission houses.

Oats were easier as a result of the weakness of other grain, and displayed but little power to recover.

that he had murdered his two daughters.

Two hours later Coroner Floyd Estes, accompanied Roop to his farm, where the bodies of the girls were found.

Strangled to Death.

Coroner Estes said death had been die to strangulation.

Roop's wife, ill, and with a 6-day-old infant at her breast, is in a serious condition since being informed of the tragedy. It is feared she and the baby may die as a result of the shock.

Coroner Estes says in view of the confession no inquest will be necessary. Neighbors of the Roop family are loath to believe the father guilty of committing the crime while in full possession of his faculties. They declare he has been despondent over poor crops and the advent of another child for which to provide.

Seemingly without emotion, the man entered the sheriff's office at 5 o'clock. "Sheriff, I've killed my two little girls," he remarked.

The official at first believed Roop was attempting to joke, or was demented. Then, as the story was unfolded, its horror gripped the sheriff. He sent for Coroner Estes and investigated the man's tale.

The two children accompanied Roop into a field Monday afternoon to be with him while he was at work. At 3 o'clock Roop returned to the house alone, and went to the bedside of his wife. He handed her some money and remarked that the children were safe out where he was working.

remarked that the children were safe out where he was working.

Came to Sheriff.

Two hours later he appeared at the sheriff's office in Mason with the story of the double murder.

The young farmer spent the night in the village jail at Okemos, a short distance from his home. The community had not learned details of the crime before this morning, when Roop was taken to Lansing for safekeeping. The Roop family came to the farm near here from Lyons, Mich., two years ago. Roop has been forced to struggle to make ends meet, it is said.

Crowds flocked to the "murder farm" today, but sympathy for the suffering mother, who is only 21 years old, restrained their curiosity to some extent. Neighbors are seeking to console her
