### TEACHERS TOO QUICK TO BREAK CONTRACTS

Board of Education Will Try to Curb the Custom—City Auditors Are Reappointed.

HAMILTON, Dec. 9.—(Special).—The city auditors, O. S. Hillman and Walter Anderson, who have been drawing \$500 a year each, applied to the finance committee this afternoon for reappointment and for an increase of salary. They were reappointed, but action as to their request for more pay was deferred. It was agreed that the appointment of more sanitary inspectors should also be laid over, as it was stated that the board of control would be taking over the garbage collection next year. It was arranged to take in at once 75 acres of land south of Aberdeen-avenue on terms similar to those granted the new annex. Ex-City Messenger Charles Smith was given another grant of \$50.

The county council this afternoon wound up its business for the year. Warden Gage was warmly complimented on his ability shown during the year, and he presented the council with a portrait of himself, as is the custom of retiring wardens. Teachers and Contracts. Members of the board of education this evening took the stand that it was time that they were forcing teachers to live up to their contracts. The contracts are signed for a year, commencing Sept. 1 of each year, and are being continually broken when the teachers get better offers from other places. The question arose thru the application of W. Schofield to the reappointment of his duties as principal of Carleton-street school because he had received an offer of a larger salary from the Toronto School Board. The matter was referred to the internal management committee, after Trustee Booker had failed to get a second to his motion that Mr. Schofield's request be refused. The trustees will make a practical test of cooking as done by the domestic science class in the technical school. They will make the test in relays, half the board on the first Saturday of the New Year and the other half on the following Saturdays. They received their invitation from the teacher, Miss

Strong. The board declined to back the Collegiate Institute Glee Club to the tune of \$50. Residents in the district at the west end, which it is proposed to annex to the city, will be allowed to send their children to the city schools in payment of a \$1 a month per family fee. Fred Schofield applied for appointment as principal of one of the public schools. The building committee was authorized to expropriate a lot needed for the extension of the Barton-street school. Tigers Are Ready. All arrangements have been completed for the Tigers' trip to New York. They will leave Friday night via the C. P. R. Barron and Marriott are the only two members who will not be able to play, and their places will be taken by Thompson and Potticary. The spare man will be "Kid" Smith, Loftus, Turner and Tope. The team had its final practice in the drill hall this afternoon. Broke a Leg. George Hensley, Kenilworth, a driver, employed by the Adichison Lumber Co., had his leg broken this afternoon in a runaway accident on West Main-street. The temperance people of ward one nominated the following candidates this evening: Aldermen Morris and Milne, and J. H. Horning.

Acting Detectives Cameron and Barrett bagged three more alleged vagrants this afternoon, and a number of drunks. Their daily average of arrests is about six. Not Proven. Magistrate Johns acquitted Michael Cummings and Thomas Burns, brought to court because their delivery rigs were caught delivering liquor after 7 o'clock Saturday night. It was shown that the liquor was ordered before 7 o'clock, and there was nothing to show that it was bound for the foreign settlement. John McQueen, a Grimsby contractor, says he was released of \$100 last night while making some calls. With the promotion of Major Mewburn to the command of the 18th Regiment, Major Labatt will have charge of the right half and Major Ross the left half of the battalion. Lieut. Sey being promoted to the rank of captain. The office of Ontario manager of the Bell Telephone Company will be abolished at the end of the year, and Hugh C. Baker, who has held it for thirty years, will be relieved of part of the detail work of the office. His office staff will also be reduced. Endores Provincial Police. The county council this morning passed a resolution endorsing the action of
