## REPORTS FROM MISSIONS.

---

### GLENCOE.

This field of labor has five appointments. Our congregations are small at all the appointments except in the village of Glencoe, where it is very large. This is certainly a fine appointment. It has a membership of about eighty. As a denomination we stand high in the village of Glencoe. In Newbury we labor under a great disadvantage—the want of a church; our people at this appointment are poor, hence the difficulty in building a church. During the past year we have had a revival, and there have been forty or upwards added to the Church. As a circuit it is prospering, and is destined to take a high position in our work if properly managed.

D. M. KENNEDY.

### GODERICH MISSION.

Our cause in this town demands a new church edifice; but the church is financially weak and unable to move in the matter, unless they can be assured of the sympathy and hearty co-operation of the adjoining circuits. The subject has been agitated by your missionary, but, owing to the financial depression of the country, no decisive step has been taken. The mission has lost by removals 10, but 15 have united on probation, so that we report a net increase of 3. Total membership 43. We thank God and take courage.

W. PIERCE.

### ESSEX CENTRE MISSION.

This is a very promising field of labor. During the past year we erected a new church at Woodslee, at a cost of \$1,600; and built a vestry to our church at Essex Centre, at a cost of about \$300. We have six appointments, and three Sabbath Schools, and a membership of 185. God has very graciously blessed our labors at the Allen and Woodslee appointments; about 50 were added to the church during the year.

E. ADAMS.

### SYDENHAM MISSION.

Under the blessing of God this Mission is advancing, numerically, financially, and spiritually. We have six appointments, two churches, seventy-one members, and twenty-six probationers. If carefully attended to, under the blessing of God it may soon become self-sustaining.

A. J. PARKER.
