If people knew the thoughtful risk they run of infection from unclean dentistry they would better realize the awful chances they take and what a mighty important factor cleanliness is.

No one has ever disputed the fact that there are no cleaner offices in Canada than ours. This is worthy of consideration.

COMMON COUNCIL

Meeting This Afternoon to Consider Pender Proposition, Mispic Mill Lease and Other Matters

The Safety Board meeting this afternoon at 2 o'clock will deal with a request from the Exhibition Association for \$1,000 for use in repairs and some changes in the sanitary arrangements in the exhibition buildings. It is understood that the steps at the front entrance are sadly in need of repairs and other matters along the lines of proper sanitation will need some expenditure.
The City Council meeting at 3 o'clock will have among other matters to consider the request of James Pender for a fixed assessment on his mill plant. The request is backed by the Board of Trade's endorsement. It was said this morning that possibly the only thing in the way of the granting of the petition is the question that will arise as to making a fixed rate for other industries that might desire it.
The Mispic mill lease will also come up this afternoon for consideration, as will a number of communications, as well as Messrs. Sleeth & Quinlan against the recent award on the west side, among the number.

Mr. Irvine is survived by a widow, four sons, one daughter, four nephews and a sister. The sons are—Dr. W. H. and W. J. Irvine, of Fredericton; Arthur, of Millidgeville, and James, of St. John. W.
