EMPORIA, Kansas, Sept., 14—With damage estimated at upwards of four million dollars and five known dead, relief organizations today were rushing supplies to hundreds of families in southwestern Kansas, where heavy rains Sunday transformed streams into raging torrents. Although the streams were receding to day, forecasts of more rain threaten ed to hamper relief and salvage act tivities.

The heaviest damage was caused in the Neosho and Verdigris River valleys, starting at the head waters a few miles west of here and extending through a fertile farming section about thirty miles wide to the Oklahoma border nearly 150 miles southwest.

Extensive damage resulted to crops and farm buildings and to residences for towns and cities. Heavy livestock losses were reported throughout the territory.

People Said "Drunk"-But Man Was Sick

F. J. Pooler had "auto-intoxication" (food poisoning), so bad that he staggered and people said he was drunk. He had stomach trouble many years. After taking Adlerika he says: "I feel like a new man—no more hard stools, no more stooping over. My eyes are bright and I do a better day's work."

Many people keep the OUTSIDE body clean but let the INSIDE body stay full of gas and poisons. Give the inside a REAL cleansing with the mixture of buckthorn bark, glycerine, etc., as sold under the name of Adlerika. This acts on BOTH upper and lower bowl, eliminates metabolic poisons and removes old matter which you never thought was in your system, and which caused sour stomach, nervousness, sleeplessness, headache, etc.

Whenever you eat too much heavy food let Adlerika REMOVE the undigested surplus and leave you feeling fine. ONE spoonful relieves GAS and takes away that full, bloated feeling.
