

The Institution is open for inspection every Tuesday, at 3 o'clock; and at other times, and the Matron will always gladly welcome the visits of any interested in this important work.

The committee offer their very sincere thanks to B. H. Collins, Esq., for his liberality in giving a donation of two hundred and forty dollars in past years to the Institution. To Mr. Reardon also, the Institution is deeply indebted for his kindness in gratuitously painting and staining the rooms and ceilings of the Institution in this and previous years, amounting to a considerable sum.

Your committee desire to express their thankfulness to Almighty God in being permitted to take part in this important work, and they ask the prayers of the Christian public for a blessing on the work during the coming year.
