

Mr. SPEAKER laid before the House a letter from the hon. Mr. Secretary Crowdy, transmitting, by command of his Excellency the Governor, in pursuance of a resolution of the House, the following documents, viz.: A return of the expense of the Custom House Establishment; a return of the fees and emoluments of the Coroner, and Clerk of the Peace, for the year 1832; A return of the fees and emoluments received and receivable by the Clerk of the Supreme Court, Clerk of the Probate Court, and Registrar of Deeds, for the year 1832.—Ordered to lie on the table.

The House adjourned.

Friday, 25.

Mr. SPEAKER laid before the House an account of the number of Protestant Episcopal Churches in this Island, transmitted to him by the hon. Mr. Secretary Crowdy, by command of his Excellency the Governor. Ordered to lie on the table.

The order of the day was then read, and, on motion of Mr. THOMAS, it was resolved, that the House go into consideration of Mr. Emerson's Petition, on the day after the return of the Special Messenger lately sent by the House to summon Wm. Brown, Esq. (returned Member for Bonavista), to attend and take his seat in the House.

The Quarantine Bill was read a second time.

The whole House then went into Committee on said Bill—Mr. PACK in the Chair.

The SPEAKER having resumed the Chair, the Chairman of the Committee reported progress, and moved for leave to sit again on the consideration of the Bill.—Agreed to.

The House then resolved itself into a Committee of the whole House for the re-consideration of the Bill to prevent dangerous quantities of Gunpowder being kept in the town of St. John's; and the Committee having made some amendments, it was ordered that the said Bill, with its amendment, be engrossed.

Adjourned.

Saturday, 26.

The Bill for the prevention of dangerous quantities of gunpowder being kept within the town of St. John's, was read a third time, and passed.

The House went into Committee on the further consideration of the Bill to provide for the performance of Quarantine, and to prevent the introduction and spreading of infectious diseases in this Island; and the Committee having made some amendments, it was ordered by the House that the Bill, with its amendments, be engrossed.

House adjourned.

Council.

Monday, 28.

The Council met to-day at 12 o'clock.—Shortly afterwards the Serjeant-at-Arms announced a message from the House of Assembly, when Mr. HOYLES and other Members of that House appeared with a "Bill for preventing dangerous quantities of Gunpowder being kept within the town of St. John's," which was read a first time, and ordered to be read a second time on Wednesday, to which day at 12 o'clock, the Council adjourned.

In accordance with a resolution of the Council (and we cannot sufficiently admire the liberal spirit which gave rise to it,) the Council was yesterday thrown open to the public—and shortly after the *Gunpowder Bill* had been read, the Members of the Assembly availed themselves of the indulgence—the whole House having been admitted, occupied the benches which had been prepared for their accommodation within the Bar.—*Gazette.*

CARBONEAR STAR.

NOTICE.—We have been so severely treated lately by several GENTLEMEN, who after ordering and receiving our Paper for some weeks refused it, that we request, in future, all orders for it may be transmitted to us in writing.

WEDNESDAY, FEBRUARY 13, 1833.

By a private letter from St. John's, we understand Papers to the 3d ulto. have been received. They state that the affairs of Don Pedro, are, every day, becoming more desperate—that O'Connell is returned member of Parliament for Dublin, and it is probable six of his relatives will be returned for other parts of Ireland—Hunt has lost his Election at Preston—the County of Dorset has returned two Tory (Conservative) Members—and that Sir J. Byng and Mr. Ponsby are returned for Poole, both Reformers.

THE CARBONEAR MUTUAL INSURANCE SOCIETY.

At the Meeting, advertised in the *Carbonear Star*, of last week, held at Messrs. MOORE and BRANSCOMBE'S, on Saturday evening.

Thirty Owners of Vessels attended: Mr. W. W. BEMISTER, was called to the Chair, the Treasurers, Secretary, and Surveyors for the last year, were re-elected; (with the exception of Mr. JOHN NICHOLS, Senr. who

was elected as Surveyor, to fill the place of Mr. R. HOPKINS, deceased).

The most important question submitted to the consideration of the Meeting, was: whether the Scheme should, or should not, continue to Insure Vessels up to the last of December, instead of the first of December, as last year; this question was submitted with a general understanding, that another would follow, as to whether the Scheme, should, or should not, Insure on Foreign Voyages, any of the Vessels that might belong to the Scheme on the Sealing Voyage. The extraordinary increase in the size and quality of Sealing Vessels during the last ten years, having rendered many of them fit for the Foreign trade of this country; the Labrador fisheries not affording such Vessels profitable employment; and the high rate of premiums in Great Britain, the States, Halifax, and St. John's, Newfoundland, being a heavy deduction, from the low freights afforded in the fish trade: were the causes that gave rise to an attempt to extend the benefits of the Mutual Insurance Scheme to the Vessels of this country on their Foreign Voyages.

After a very long, and animated discussion on the first question, it was abandoned, and a Resolution was passed, as follows:—

This Scheme, shall Insure all Vessels fitted out for the Sealing and Coasting Voyages; from 12 o'clock at night, on the fourth day of March, until 12 o'clock at night, on the thirty-first day of May. Any Vessel leaving her Port, to go on the Sealing voyage after the tenth of May, shall be at the risk of her Owner after the last of May.—Any Vessel lost on the Sealing voyage (if such Vessel did not sail after the tenth day of May) shall be paid for, although such loss may happen after the last of May. But, Vessels lost on the Coasting voyage after the last of May, shall not be paid for. Payment of all losses shall be made during the month of June. Thus, leaving the question of Insurance on Foreign voyages, to be decided after the Sealing voyage is over:—and making, for the present; a Scheme of Insurance, principally for the Sealing voyage.

DIED.

At his residence, in Harbour Grace, on Wednesday morning last, between the hours of 1 and 2 o'clock, the Very Rev. Thomas Ewer, V. G. in the 87th year of his age.—His funeral took place yesterday, and was attended by the Irish, Merchant's, Fishermen and Shoremen's, and Mechanics' Societies, and an immense concourse of persons who testified by this mark of respect, the feeling they entertained towards the deceased.—We have not been enabled to procure a biographical sketch of his life for this week's publication, but hope to do so for the next.
