PERSONAL:-Mr. M. T. Monahan, superintendent of the Municipal Printing Plant, Boston, and a graduate of the ADVANCE office, paid a short visit to his home in Nelson the past week. His vacation was taken up in making a tour of the principal cities of the Dominion, visiting Toronto, Ostawa, Montreal and Quebec.

The many friends of Hon. Mr. Justice Barker were glad to welcome him to Chatham this week, where he held a session of the Equity Court.

procession by members of the 73rd, firemen and citizens and a public reception in the curling rink. Let everybody join in giving the boys

trne British reception. The Lightship Floated.

The lightship, which was ashore on the lower end of Bay du Vin Island, was taken off on Wednesday last, although it was not until Friday that she was finally aflat. The work of getting the vessel off was intrusted by Lighthouse Inspector Kelly to Mr. James Desmond of Chatham, who is our most experienced man in such business. Mr Desmond attached a decked scow to each side of her as she lay on the shore in about 19 inches of water at low tide. The scows were kept in position by truss work so as to secure their full lifting power upon the vessel as the tide rose. Oa Wednesday afternoon the tide rose sufficiently to float the craft, and there being no steamer on hand Mr. Desmond and his men warned her off by hand a distance of 250 yards. Ou Friday afternoon the steamers St Isidore and St. Andrew were on hand. The former towed the lightship off and the latter brought her up river. She is now stripped for the winter and lying at Call's wharf, Newcastle. She will be taken out of the water during the fall and blocked up for thorough repairs

It seems about time that a properly modelled and constructed vessel were provided for the Miramichi lightship station, where several second hand schooners have, in turn, the world for so important a light station as that at the Horseshoe Bar.
