It cost Miriam Lodge, I. O. O. F., about \$75 to entertain a grand lodge last month.—Beacon.

Officer George Henry, of the North End, returned from his holiday trip to New York, Boston and Portland today.

The high levels in the city will be short of water from 10 a. m. tomorrow until some time on Sunday afternoon. The water will be turned off while repairs are being made to the reducer at the Marsh Bridge.

Yesterday afternoon about 6 o'clock a horse slipped on a decaying board of a sewer man hold on King street. The covering crumbled and fell in the hole, but the horse escaped injury. A new cover was placed on last night.

The Portland Y. M. C. A. will be represented in the M. P. A. A. championships at Halifax by two members, Boivard and Giggey. Sterling had also been training for the sports but finds he cannot attend owing to a slight illness. The P. Y. M. C. A. representatives are entered in the 100, 220 and 440 yard dashes.

The ladies residing at Renforth have presented to James R. McManus a beautiful mahogany outboard motor. McManus is the baggage master on the suburban express and the presentation is a token of approval of the many kindnesses shown by him to the traveling public during the past season.

The death of Mrs. Ellen Beamish, of Buctouche, occurred on Wednesday, September 4th, in this city. Mrs. Beamish leaves one sister, Mrs. Mary Gifford, of Mirford, and two brothers, Patrick and Peter McFadden in Buctouche. The funeral was held this morning to the Cathedral, where a requiem mass was celebrated by Bishop Casey and Father Moehan. Interment was in the new Catholic cemetery.

The Bangor News of Wednesday prints an excellent cut of O. B. Fernand, chief of the Old Town fire department and grand marshal of the Maine division in St. John's firemen's parade. In an interview Assistant Engineer J. Frank Granville says: "The time of our lives. They couldn't do too much for us. We were royally entertained from the moment we landed until we left."

The steamer Bay State due yesterday did not arrive until this morning, having been delayed by bad weather. The steamer Yale, Captain Pike, also arrived this morning, and for a time matters were quite lively with the discharging of freight and the disembarking of passengers. On Tuesday night the Yale goes off the route, and on the 15th goes on the New York route. Captain Pike is to take charge this month of the large new turbine Camden.

A number of laborers working on the new I. C. R. freight shed on Pond street have struck for an increase in wages. They claim that they are getting \$1.20 per day and being paid monthly, while other laborers are receiving \$1.75 per day and are paid weekly. They believe that they should be paid a like amount. It is understood that the I. C. R. officials are investigating their claims.

Joseph Taylor, stage carpenter of the Opera House, received an internal machine yesterday. Mr. Taylor became suspicious, owing to the fact that one had damaged Harry McMahon several years ago at the theatre. Mr. Taylor immersed the machine, which was inside a pencil box, in water and then turned it over to the police. The parcel was given to Mr. Taylor last night and was securely wrapped up. Although it was stamped it had not been sent to the post office. Mr. Taylor does not know who could have sent him the box and Detective Killen is now working on the case.

The Massey Harris Co., Ltd. will shortly remove from St. John to Moncton, which latter town will henceforth be the distributing point for the Maritime Provinces. It is felt that the transportation facilities from there are more convenient than in St. John for the business of this company. A commodious building is being erected in Moncton and will be ready in a couple of months. By the first of December the company will vacate the premises now occupied on Germain street, St. John, but hereafter will conduct an agency in this city, although of course the work now being done here will be almost wholly transferred. It is yet known who will occupy the Germain street building when the Massey Harris people leave, but it is understood that the P. E. Williams Co. have an option on it. There is, however, said to be some objection on the part of property owners in the vicinity, who oppose the idea of the Williams concern opening a pork packing plant there, which the believe is the intention. The building is owned by Dr. Walker, of South Bay.

## GREAT PREPARATIONS FOR VISIT OF GENERAL BOOTH

Over Two Hundred Army Officers from Different Parts of the Provinces are Expected—Governor Tweedie Will Preside at Meeting in Opera House

The Salvation Army officers are making elaborate preparations for the reception of General Booth who is expected to arrive at Moncton on the steamer Virginia on the twentieth inst. He will proceed direct to this city arriving here on Saturday the 21st at one o'clock. He will be greeted at the depot, where a short public reception will be held, the general will be driven to the residence of Joseph Bullock, Germain street. During his visit to this city he will be the guest of Mr. Bullock.

On Saturday evening he will be present at an officers' meeting in the auditorium of the new Salvation Army barracks. On Sunday the Opera House will be hired and meetings will be held at eleven o'clock in the morning, three in the afternoon and seven in the evening.

At the afternoon's meeting His Honor the Lieutenant Governor will preside. Over two hundred Army officers from the surrounding districts will come to the city to attend the meetings. On Monday night the general will leave for Halifax.

On Sunday at sun-down the feast of Rosh Hashanah, the Hebrew New Year, begins, and lasts until Tuesday. The feast of Rosh Hashanah marks the beginning of the year 5668 in the Hebrew calendar and the new year will be ushered in with the usual thanks for the prosperity of the years that have passed and prayers for continued prosperity and happiness in the years to come.

In the absence of a permanent rabbi in the synagogue on Hazen street a reverend gentleman, who has not yet been decided on, will come from New York to conduct the services. The services in the Carlton street synagogue will be conducted by Revs. Seale and Horenstein. Services will be held in both synagogues Monday and Tuesday morning, afternoon and night. They will consist of the usual prayers of the New Year feast and the ceremony of blowing of the ram's horn at noon by the officiating rabbi in each synagogue, the blowing of the horn signifying peace to all the world. During this feast all true Hebrews close their places of business and there is a general suspension of trade.

Ten days after the feast of Rosh Hashanah comes the feast of Yom Kippur. This is the day of atonement and is most religiously observed by all good Hebrews. It is a day of strict fast extending from sundown of the day preceding to the sundown of the day of the feast. Three days after the charging of Yom Kippur comes the feast of Sukas. This continues for eight successive days and on the last day of the feast the chapter of the Hebrew Bible is read, the last page turned, and the first page is brought out. The New Year is then well on its way, there being no more feasts of any great importance until the feast of the Passover.

When the county court opened this morning to hear the trial of John Francis who is charged with receiving stolen money knowing it to be stolen, it was found that the panel of jurymen had run out and only six were available. Patchell, Jas. H. McHugh, W. H. Drake, Walter H. Bell, Caleb Dobson, Walter H. Carrell and James Wales.
