THIRTY-TWO PERSONS BLOWN TO FRAGMENTS

And Thirty Others Injured by the Explosion of a Bomb Thrown in an Attempt to Assassinate Premier Stolypin of Russia

ST. PETERSBURG, Aug. 28.—Saturday's unsuccessful attempt on the life of Premier Stolypin with its sickening, senseless slaughter of thirty-two persons was followed tonight by another revolutionary outrage in which General Min, commander of the Semenovskiy Guard regiment and who, since his promotion to be a general, has been attached as a personal adjunct to the staff of the emperor, was killed on the station platform at Peterhof by a young woman who fired five shots into his body from an automatic revolver and then, without resistance, submitted to arrest. The capture of the girl was effected by General Ming's wife, who held her until the arrival of an officer. The deaths resulting from the attempt on the premier's life now number thirty-two.

This was the third successive attempt on the life of General Min, who was condemned to death by the tsar immediately after the Moscow revolt last December on account of stern repression practiced by a battalion under his command and especially for the wholesale execution of partisans for being caught with arms in their hands.

General Min was returning from the capital to his summer residence at Peterhof and had just passed his wife and daughter on the platform when a young woman—almost a girl—approached from behind and fired three shots into his back and then three more into his body as he sank to the ground. Further shots on a second hand bag which she had placed on the platform before shooting the general explaining that it contained a bomb.

To the police the girl explained that she had done the deed, saying she had executed the sentence of the fighting organization of the social revolutionists, but she refused to give her name.

ST. PETERSBURG, Aug. 28.—Twenty-eight persons are dead and twenty-four wounded as a result of a dastardly attempt this afternoon to assassinate Premier Stolypin with a bomb while he was holding a public reception at his country house on Aptekarskiy Island. The premier was slightly wounded in the face and neck by flying splinters.

Among the dead are: General Zemetin, the premier's personal secretary; M. Khavostoff, former governor of the province of Penza; Colonel Federoff, chief of the premier's personal guard; Court Chamberlain Davidoff and Voronin and Alida Doukassoff, and four women and two children.

The wounded included M. Stolypin's three-year-old son, who is seriously though not fatally injured, and a number of persons prominent in the official and social world.

Of the four conspirators who engineered the outrage, two were killed with their victims, while a third, who acted as coachman for the party, and the fourth, who remained inside the carriage, was badly wounded and are now in the St. Peter and St. Paul fortress.

Whether the assassins who entered the crowded reception hall threw the bomb, or accidentally dropped it, probably never will be known, as all the immediate witnesses were killed. The tremendous force of the explosion absolutely blew out the front of the premier's residence and carried away the ceilings above and the floors beneath, and the walls of the adjoining rooms.

People were literally blown to pieces. Those who were not killed instantly were horribly maimed or lacerated, and all the others present were prostrated by the shock.

The premier's escape was miraculous for, only a moment before the explosion took place, he had stepped inside his study at the rear of the salon to speak to Prince Shakovskiy. Although he was slightly injured, he is completely prostrated by the calamity.

The havoc wrought by the explosion is indescribable. Bodies were so torn to pieces that identification was impossible, some of them headless, arms or legs lying in the blood dripping wreckage. Pieces of flesh and clothing clung to the shattered rafters overhead and some lodged in the branches of the elm trees which border the roadway separating the premier's residence from the river.

Owing to the increasing number of known speed skaters and are thoroughly competent to teach the graceful art of roller skating. Both men will commence their new duties this morning and ladies and children who contemplate learning roller skating will do well to remember this fact. In reply to inquiries the management wish to announce that the season ticket given as a prize at the carnival was not a season ticket for the rink, but a season ticket for the San Francisco pictures to be shown at the coming exhibition.

A TRAVELLING TEACHER. A hobo stealing apples in an orchard near Cleveland saw the farmer coming and started to descend from the tree. He fell the last twenty feet and landed in a cesspool raw, bloody, badly hurt. He should remember the farmer warmly for not keeping his implements put away. That is one of the first principles of farming.

GOOD NIGHT'S SLEEP No Medicine so Beneficial to Brain and Nerves

Lying awake nights makes it hard to keep awake and do things in day time. To take "tonics and stimulants" under such circumstances is like setting the house on fire to see if you can put it out.

The right kind of food promotes refreshing sleep at night and a wide awake individual during the day. A lady changed from her old way of eating to Grape-Nuts, and says: "For about three years I had been a great sufferer from indigestion. After trying several kinds of medicine, the doctor would ask me to drop in of potatoes, then meat, and so on, but in a few days that craving, gnawing feeling would start up, and I would vomit everything I ate and drank."

When I started on Grape-Nuts, vomiting stopped, and the bloating feeling which was so distressing disappeared entirely.

"My mother was very much bothered with diarrhea before commencing the Grape-Nuts, because her stomach was so weak she could not digest her food. Since using Grape-Nuts she is well, and says she doesn't think she could live without it."

"It is a great brain restorer and nerve builder, for I can sleep as sound and undisturbed after a supply of Grape-Nuts as in the old days when I could not realize what they meant by a "bad stomach." There is no medicine so beneficial to nerves and brain as a good night's sleep, such as you can enjoy after eating Grape-Nuts."

READVILLE, Mass., Aug. 27.—The feature of the opening day of the second week in the Grand Circuit meet at the Readville track today was the entry of Kingstess and Totara into the 2:10 trotting class, the former securing a record of 2:09 3/4 in the 2:10 trot, which she won, while Totara trotted the first heat of the 2:15 trot in the same time. Totara worked in the other heats, and Lady Resolute won the greater portion of the purse.

The 2:07 pace went to Prince Hall in straight heats. In the 2:13 trot, Kingstess went out in the lead of the several starters, on the first heat and although pressed hard by Betty Brook and Totara, she won the heat by a neck in the second heat and led in the last one until the stretch was reached, when a break ruined her chances and Kingstess won.

Totara was picked to win the 2:15 trot, but after taking the first heat in new time, Lady Resolute proved stronger and captured the place of honor.

Prince Hall won the race for pacers without difficulty.

READVILLE, Mass., Aug. 28.—"Lotta" and "Jack" Crabtree's trotting gelding Nut Boy won two heats of the rich Massachusetts Stake at Readville Friday. This classic among trotting features and the biggest event of the local season brought out the largest crowd to attend the Grand Circuit

The receipts for foreign missions during the year from churches was \$6,827.78; from the W. B. M. Union, \$9,330; from legacies, \$1,848.31; from special donations, \$1,800.29; from interest on treasury fund, \$1,554.75; from interest on legacies, etc., \$1,991.87, making a total of \$23,938.51. There is about \$1,700 on hand.

On the Telegu field there are now nine male and fourteen female missionaries, six of which are wives of missionaries. This number will be enlarged by eight next month, making 31 in all.

A communication from "The Joint Committee of Presbyterians, Congregationalists and Methodists on Union" was read before the convention. It was read before the convention. It was read before the convention.

The report of the treasurer of Home Missions in Nova Scotia and P. E. Island, \$3,582.13, and \$6,338.49 was expended, leaving a balance of \$2,248.64.

The report of the Baptist Historical Society was read by Rev. J. W. Brown of Wolfville.

Dr. E. M. Saunders urged upon the convention the need of preserving the past history of the Baptist bodies of the Maritime Provinces. He said the history of the Baptists was a unique one. While the history of Episcopalians, Presbyterians, Methodists is great, that of Baptists is greater. He spoke of the union as a sensible, righteous and rational movement that would be noted by the historians in the future.

The convention instructed the Home Mission Board as soon as possible to take such steps as would make the minimum salary of missionary pastors \$600 and a parsonage. A committee was appointed to attend to the amalgamation of various annuity and ministerial relief funds of the Maritime Provinces.

United Baptists in Session at Liverpool Talk of Establishing a Theological School at Acadia—Home Mission Report is Gratifying.

LIVERPOOL, N. S., Aug. 28.—The first annual convention comprised of the United Baptist Churches of the Maritime Provinces opened at Liverpool, Saturday at 10 o'clock. The president, Rev. Geo. R. White, of Charlottetown, P. E. I., was in the chair. Rev. D. Hutchison of the Main Street Baptist Church, St. John, conducted the devotional exercises. A nominating committee, of which Dr. B. H. Eaton of Halifax is chairman, was appointed.

University. He thought the help afforded such a project by the Payzant fund, coupled by donations from individual members, would make it possible to bring such a plan to a successful issue.

At this point of the meeting the convention suspended business and proceeded to raise the amount of \$300 for special home mission work.

The nominating committee presented a further report, including the following nominations:

For foreign mission board to retire in 1907—Rev. W. W. McMaster, Rev. David Long, Rev. J. W. Manning, Rev. J. H. McDonald, E. M. Sippell. To retire in 1908—Rev. D. Hutchison, Rev. W. Camp, Rev. C. Goucher, Rev. H. White, A. A. Wilson. To retire in 1909—T. S. Simms, T. L. Ray, Rev. W. E. McIntyre, J. J. Wallace and C. E. Vall.

LIVERPOOL, N. S., Aug. 28.—The Saturday evening session of the convention was given up to a discussion of home missions. Rev. I. W. Porter, the corresponding secretary of the home missions, the first speaker, urged upon the people the necessity of more liberal support for the missionary pastors. He said that the Halifax pap-

ers, with all their sins upon them, had rightly attempted to teach us that we were delinquent along this line of work. Six hundred dollars is the least any man should be asked to preach for. The expenter, clerk, and day laborer get more money than the preacher on a mission field. He advocated the creation of an endowment that would provide for the expense of the corresponding secretary and general missionary so that the contributions from the churches could go direct into missionary work.

On Sunday, the annual convention of the United Baptist Church by Rev. D. L. Morse of Wolfville. Rev. C. W. Townsend of St. Martins, was appointed to preach the convention sermon, but was detained at home. The theme of the sermon was, "The Eternal Purpose of God."

PRES. PALMA WILL DECLARE AMNESTY

No Conflict on Sunday but Both Sides Are Preparing for the Fight

HAVANA, Aug. 28.—The deep anxiety of President Palma to extend every possible opportunity for peace without bloodshed and his desire to permit those who joined the insurrection under misguidance to repent and return to their homes unmolested, combined with the general wish to end a situation fraught with so much loss and suffering, has led to consideration by the president and his cabinet of a project decreasing a thirty day amnesty period, during which the insurgents are invited to lay down their arms and return to their peaceful pursuits.

So far as actual conflict went, Sunday proved to be a day of inactivity, abatement. A fund of \$2,000,000 has been set aside by the treasury for defense and drafts on it are heavy and constant.

The situation is so increasingly serious that it is tacitly admitted in all government circles that the enlargement of the army will not stop at a given number, but will continue indefinitely.

A concern and its advertising cannot be separated any more than a man can be separated from his face.
