THE MARKET IGNORES ALL BAD SIGNS

NEW YORK, April 8.—The day's proceedings in the stock market exemplified the adage that "every dog has his day," the stock exchange's special adoption of the term dog making the old saying apt. The market gave every evidence at an early stage of a disposition to curtail operations on the eve of the three days' recess. The occasion was seized, however, by numerous pools to rush into prominence innumerable favorites and to push them upwards by violent advances. This sudden appearance of activity and strength was accompanied by nothing in the news to account for it. The substantial body of the stock list was quiescent today, but firm in tone. Such an ebullience as that of today in low grade stocks is that of a sign of degeneration in the speculation and a harbinger of the end of a movement. The market showed its usual recent disposition to ignore bad signs, however, and there was no urgent pressure to get out of stock holdings over the holiday intervals. The stock market kept one eye on the wheat market and saw evidence there to confirm the belief that the government crop report did not promise well for the winter wheat crop. The reassembling of the conference between the anthracite operators and the representatives of the miners was hopefully regarded as promising a settlement. The coals continued to benefit from this view. The estimates of the currency movement indicated that the money supplies would be increased by the time stock market operations are resumed on Monday next. Receipts from the interior this far this week are reported to have reached as large an amount as the total from that source for all last week. Money, therefore, continued easy. A good deal of encouragement is felt over the marked improvement in the government finances, largely by reason of the expansion in customs receipts. The United States treasury, in consequence, finds itself in such resources that an early issue of government bonds is considered to be unlikely necessity. The profit-taking sales at the end of the day subtracted about as much from prices of the principal stocks as had been added by the advance, leaving the only notable changes of the day in the class of stocks which made the feature of the day.

Bonds were firm. Total sales, par value, \$7,706,000.
U. S. bonds were unchanged on call, for the week.

The White Plague.

T. Watson, Grantham, Ont.
"The destruction that wasteth at noonday."—Psalm xci, 6.
Sad tears like running waters
Make Nature's face to frown.
Because of sons and daughters
In early life cut down,
Before the spirit tasteth
The choicest fruit of time
This dread "destruction wasteth"
Their strength at noonday's prime.

But earnest souls are yearning
For sure relief at last;
And thoughtful minds are learning
Rich lessons from the past.
And nations are consenting
With this disease to cope;
And kindness is presenting
An open door of hope.

For every means of healing
Some noble spirit seek;
Some urge, with wise appealing
The strong to help the weak.
By those who give attention
Many wondrous things be done.
For largely by prevention
The victory must be won.

Poetic Justice.
A certain couple in a New England village, each the parent of six children, recently had meted out to them a kind of poetic justice in which they failed to see the poetry.
The woman, a widow, pleading that she had no home, and was, therefore, unable to care for her children, induced the local authorities to admit them to an orphan asylum. The man, a widower, pleading he had no housekeeper, and, therefore, no one to care for his children, induced the authorities to admit his six also. Thereupon, being free from all incumbrances, these two married.
All went well for a few months, when the authorities, learning of the situation, promptly despatched the twelve children back to their parents, and the woman, no longer able to represent herself as homeless or the man without a housekeeper, they were forced to receive them.—New York Times.

Took His Breath Away.
A dapper little man was making his exit from the dining room of a fashionable hotel when the head waiter stepped up to him and took him by the arm, and said, "I have tumbled to your little game, you rascal. This is the fourth time you've had your dinner here without paying." "Sir," exclaimed the little man, breaking loose from the waiter's grasp and looking the official sternly in the face, "you are mistaken. It is the fifteenth!" Before the waiter had recovered from the shock the man was in the next street.

A Good Suggestion.
One of the speakers at the dinner given in Cleveland by the National Educational Association was Booker T. Washington, the distinguished negro leader of the South. In the course of his remarks he told the following story:

I am very glad to send you this letter about Tiger Tea, and if you wish I will send you a sketch of a tiger which would perhaps be fiercer than the tiger on your label. The rich cherry color of Tiger Tea pleases everyone, and I hope that you will always keep the quality of it as good as it is now. I enclose the 12 cards required, and I truly this is my own handwriting.

Every Canadian should buy a 1-lb. packet of Tiger Tea, for, besides the good quality we know that the work of blending, labeling, boxing, packing, etc., is all done by Canadians in St. John.

My age is _____ my last school teacher was _____
Hoping that this letter will win a Tiger Tea prize.
I am, respectfully yours,

story about a Southern minister, who was evidently rather long winded. "One Sunday morning, while the minister was in the midst of his sermon and had reached the point where he was shouting, 'And fourthly, dear brethren, a man poked his head through the door, and said in a low voice:—
"Don't get too much excited, parson, but your church is on fire!"
"All right, Brother Jones," said the parson, "I will hasten out. But possibly you'd better wake the congregation."—Judge.

Call It An Irish Stew.
First Seaman—"I say, Bill, wot's this card?"
Second Seaman—"That's the saloon passengers' menu, of course."
"Int wot does it mean?"
"Oh, it's a list of all the things they have for dinner—soup and fish and vegetables and meat. That's the difference between the saloon and the fore-castle; they get them all separate and call it menu. In the fore-castle we get them altogether, and call it Irish stew."

That Robin.
It might cheer things up somewhat if some person with an established reputation for truth and veracity would see the first robin.

ST. JOHN CITY BASEBALL LEAGUE

The executive meeting of the team composing the St. John City Baseball League will be held in a few days when the teams composing the league will be decided upon. Negotiations for the grounds are already under way, and the Victoria Grounds will probably be secured by the clubs.
The teams which composed the league last season will again seek admission, and one or two other teams desirous of entering may be received. In that case one of the old teams would be dropped.
The Marathon team, champions of the league, will be practically the same as last season.
Baseball is again booming on the West side, and a league will be formed to play on the Market Square during the summer evenings.

SOCCER TODAY AND TOMORROW

There are to be two local soccer matches this week. This afternoon the St. John City team will meet the Corsican XI at three o'clock on the Victoria Grounds. The make-up of the city team will be practically the same as it was in the match against the Empress of Britain.

CAFFERY IS RUNNING ONCE MORE

The "has-been" of Marathoners are getting back into the game. Billy Sherring has made the announcement that he is after his reinstatement and Johnny Caffery is the latest "was-bird" to take his running shoes down again from the shelf.
So far, the long-distance men have had the outdoor work all to themselves. Sherring, George Adams and Johnny Caffery leading in this respect. Sherring is in regular training, and is fast showing his old-time form, and is pointing for the big Brantford to Hamilton race, to be held on May 24 by the Spectator. Of course Billy has not been O.K'd by the C.A.A.U., but he expects to be any day. With Sherring as a starter in this race, the Canadian lovers of the long distance game will have all the interest. The big affair necessary, as there is not a fan in the Dominion but who is eager to see what condition the hero of Athens is in. Interesting as the announcement that Sherring expects to be a starter is the statement made yesterday by Johnny Caffery, Hamilton's "daddy of them all," that he would be one of the starters on May 24, is an even bigger surprise. After the grand old man's return from England last summer it was expected that he would hang up his shoes for all time, but Johnny says no, and he has been quietly but hard at work for over a month.

LOCAL MARATHONERS IN SHAPE
The runners who will compete in St. John's first professional Marathon race, and indeed St. John's first Marathon, are in excellent shape. Dan Reilly who is well-known locally from his participation in road-races held here, is said to be going fifteen miles a day in training. Finegan is going pretty near the full Marathon distance and is in first class shape. There should be a good crowd at St. Andrew's Rink on the 14th.

ODDS AND ENDS.
The National baseball commission has granted the application of F. C. Reising for reinstatement, he having been placed on the ineligible list because of alleged violation of contract with Brooklyn several years ago. A \$100 fine is imposed.
New York's relay Marathon runner made Pittsburgh's pride look small in a race at Pittsburgh Monday night. Smallwood and Blackhawk, from the former city simply running away from Schoeller and Sweeney, the fastest Pittsburgh men, the time being 2h.28m. 55.15s.
C. C. Little '10 won the handicap shotgun in the Harvard Stadium Tuesday from scratch with an actual put of 25. This is an excellent performance and is in the year. J. H. Long '11 was second with handicap of six feet and an actual put of 33 ft. 2 inches.
Dan Ryan will manage the Wakefield Baseball Club this season. The team will open the season on Patriot Day with a double-header, probably with Stoneham.
Phil Brock, the crack wrestler light weight and Arthur Cote, of Maine will meet in a 12 round contest at the re-opening of the Apollo A. C. at Salem Monday night.
Bey Reilly will report to the "White Sox" at Chicago June 27, the close of the term at the Yale law school.
Harry Jacobs of the London Wonder and has deposited \$5000 with Sporting Life for a contest between Joe Driscoll and Johnny Summers, or as an alternative he will give the purse for Summers and Fred Wolfe.
Jack Murray of the New York "Giants" is said to be the first man who has knocked a ball against the left field fence at Columbus.

Bankers vs. City.
On Saturday the various banks of the city will play the city team, Kie at 3 p. m.
The Bankers team will line up as follows: Goal, Brown; backs, Stewart, Scott, Halves, Rothwell, Bray, Emerson; forwards—Gibson, Turley, Swift, Tarel, Thomas. The game will be played on the Victoria Grounds.
The way the association football game started out this spring would indicate that soccer is to boom here.

Packers of Tiger Indo-Ceylon Teas.

Dear Sir:—Our choice at home of Tiger Tea is grade—at—c. per lb. It is true that the tiny dried, whitish buds in Tiger Tea give it that fine delicate flavor? We used to drink China Tea years ago, but prefer the Tiger Tea in 1-lb. packets, as it looks clearer, and because Tiger Teas are prepared and packed by machinery instead of by the nasty, sweaty hand-treatment as in China. The pretty blue and white label is enough to make one wish to taste a cup of Tiger Tea. The tiger paws on the label show how strong the Tiger Tea is.

I am very glad to send you this letter about Tiger Tea, and if you wish I will send you a sketch of a tiger which would perhaps be fiercer than the tiger on your label. The rich cherry color of Tiger Tea pleases everyone, and I hope that you will always keep the quality of it as good as it is now.
