

RETAIL COAL DEALERS BREAK DEALINGS WITH MR. HOOVER

Reply to Secretary Charges Evasion of Issue and Favoring Few at Expense of Many.

Washington, June 13.—Retail coal dealers today broke off negotiations with Herbert Hoover, Secretary of Commerce, in regard to fixing a fair price for bituminous coal to consumers. In replying to the communication sent by Mr. Hoover to Homer D. Jones of Chicago, president of the National Retail Coal Merchants Association, the retailers declare that it will be a waste of time to continue the discussion.

The reply to the Secretary of Commerce was prepared by a committee of the board of directors of the National Association, which claims to represent a majority of the retail coal dealers east of the Mississippi river. They have contended that they must immediately advance their prices and they blame Mr. Hoover, saying that his fixing of the price of coal has resulted in more expensive coal to the retailers.
