The Proof of the Pudding

Since our ad. first appeared we have put down six Wells in Nictaux Falls.

Some of them were put down where other methods had failed.

Every well we've put down is a good well furnishing today plenty of nice pool water.

The average cost to the customer of these Wells is \$106.00.

Why try to manage with a makeshift water supply when a sanitary well can be had at these figures.

Write today to THE TRASK WELL CO. Berwick, N. S. 27tc

Several have already responded. If you are in the district served by The Outlook write a message, say of 100 or 200 words. Your people would like to hear from you. Do it today.

The day will come when a man rather than build a great house for the overflow of a mighty hospitality, will give himself in the personal labor of outgoing love, to build spiritual houses like St. Paul—a higher art than any of man's invention. O my brother, were it not for thee to have a hand in making thy brother beautiful.—George Macdonald.
