District and General.

West Lorne tax rate this year is 24 mills. Miss Blott of Wardsville has been engaged to teach the Crinan school. Thamsville Red Cross workers used up \$1,450 worth of yarn from Dec. 5th to July 1st.

Strathroy has purchased a carload of oil for the side streets and a one horse sprinkler to put it on. By the end of the present year Toronto will have spent five million dollars on account of the war.

Jacob Beecroft of Dunwich and Miss Eva Light of Vienna were married at the manse in Dutton on Thursday afternoon.

Charlie Chaplin has signed a contract for \$1,075,000 for 8 movies. It pays to be funny—though some fail to see Charlie's humor.

The residential streets in Strathroy will be laid out with a road allowance of 20 feet, allowing twenty feet on either side for boulevard.

Watford postmaster has received permission to close his office on Wednesday afternoon, the village half-holiday, during the summer.

The Hydro-Electric Power Commission has given the village of Alvinston an estimate of \$73.10 per year for power on a basis of 100 horsepower.

A severe hailstorm at Tyroneville Monday of last week broke many windows in the village, including 41 lights of glass in the Methodist church.

Miss Elizabeth Russell, who has the distinction of being the oldest woman in Brookline, Mass., recently had to call on a doctor for the first time in 143 years.

Over 700 acres of beans have been planted in Mersea and a portion of Grosfield this year. In former years not more than 50 acres of beans were planted in the same district.

E. S. Everett, 55 years old, a farmer living on the river road, near Ridge-town, died a few hours after being attacked and terribly stung by a hive of bees that were swarming.

Two promised airship flights failed to materialize at Petrolia's Dominion Day celebration, but the committee had a clear surplus of \$1,000 for the patriotic funds of the town.

While bottling fruit at her home in Toronto Mrs. Louisa Trembley, aged 26, fell forward on a glass jar, which broke and penetrated her throat. She died to death within 30 minutes.

Thomas Dunsmore, principal of the Strathroy public schools, who has retired after a long service, was presented with a purse of \$115 in gold by the board and his fellow laborers.

George Connors of Parkhill, Dominion fruit inspector, was in Lexington district last week investigating some charges against growers of not filling their berry boxes as they should.

At the meeting of the Grand Camp Sons of Scotland in Toronto, W. P. Dutton of Dutton was elected district deputy for No. 1 district, which comprises the counties of the western peninsula.

A few evenings prior to her marriage on Wednesday of last week Miss Ethel Downie, daughter of Mr. and Mrs. James Downie, near Wardsville, was given a shower at her home by some sixty of her friends.

The 100-acre farm, situated in the 3rd concession of Canada, north of the Longwoods Road, and owned by John B. Kellestine, now of London, was sold by auction to Mr. Spettigue of London for \$3,025.

Fully 10,000 Orangemen from West Middlesex, Oxford, Elgin and East Middlesex counties marched in a big twelfth of July parade at London and afterwards took part in the ceremonies and a picnic at Springbank Park.

At Chatham Harvey Burley was convicted on a charge of having robbed James Oliver of Boxwell \$30, and was remanded a week for sentence. The money was stolen while the men were riding on a train from Windsor to Chatham.

Scores of children attending Sunday School at Strathroy Presbyterian church on Sunday afternoon were terrified when a bolt of lightning crashed into the room and tore the big chandelier down, followed by a terrific clap of thunder. No one was injured.

Mrs. John Auld of Melbourne and others of Appin and vicinity recently petitioned the Dominion Government, praying for certain amendments of the Criminal Code of Canada, respecting the legal protection of girls up to the age of 21 years and for other purposes.

Dr. Daniel Stalker, pastor of the First Calumet Presbyterian church and dean of the Michigan Synod, after a critical illness of six weeks, is slowly improving and hopes for his recovery are now entertained. Dr. Stalker was born at Crinan and has many relatives in this section.

At San Francisco John Lampas, a young Greek, gave the Red Cross his touring car, his gold watch, his bank deposit of \$521 and \$25 in cash. Having this, he said, disposed of all his worldly possessions, he enlisted in the army. "That's all I have," he said, "and I'm glad to give it."

Fire entailing an estimated loss of \$175,000, and which throws 150 employees out of work, totally destroyed the three-story building and its contents of the Strathroy Canning Company Friday night. The company is a branch of the Dominion Canning Company of Hamilton.

Trying to keep her horse under control when it took flight at a wagon standing in the roadside ditch, Miss Shirley Kerr, daughter of Mrs. Barbara Kerr of North Dunwich, had her wrist broken. The accident was an unusual one. The sawing of the reins apparently pulled the bones of the wrist out of place.

High School Entrance.

The following is a list of the successful candidates at the recent High School examinations. The names are arranged alphabetically, and not in the order of merit. A total of 380 marks, as well as 40 per cent. of the possible marks in each subject, was required to pass. The marks of those that failed were mailed to them. The certificates of the successful candidates were also sent to them.

Boring holes into the stumps of hard wood trees and filling these holes with equal parts of nitric and sulphuric acid was so often the work that it can be removed by ordinary picks. This has been demonstrated in Germany, and is the common treatment there of hard-wood stumps.

For the first time in the memory of the oldest Grand Trunk employee steam was turned on in July in the company's trains passing through London on Wednesday. Passengers sat in early morning trains wrapped in overcoats before the heat from the locomotive was turned into the pipes in the cars.

While playing around an old apple tree, recently cut down, Arthur Harrett of Keith put his hand into a hole in a branch where there had been a sparrow's nest, but he hastily withdrew it when he touched a snake which proved to be a copperhead four feet long. The snake had eaten the nest of sparrows and then coiled itself up in the tree to sleep.

His dog was a fierce Airdale, which could whip, and had whipped, every other boy-woman in the neighborhood. The dog clipped the coat. "Yes," he said to a friend, "the clipping was my own idea. I believe it made him look better, but it was awkward for the dog. 'How was that?' queried the friend. 'Oh, the other dogs didn't know him. He had to fight them all over again.'"

Philip J. Kearns of the second concession of Aldborough was driving home from Wardsville a few days ago and had just reached the south end of the river bridge when he met an auto which was being driven at a high rate of speed. His huggy was struck and he was thrown out, sustaining serious injuries. The auto contained a boy, who was driving, and three women, who were thought to be from Adams, Mass. They did not stop, and the police were notified to apprehend them.

Mrs. Eliza Jane Morse, relict of the late ex-Mayor Morse, of St. Thomas, died last week at the Annsa Wood Hospital, of pneumonia, aged 70 years. She leaves two sons, Dr. James Morse, of Toronto, and Charles K., with the forces in France; one sister, Mrs. George Marshman of Melbourne, and one brother, Arthur Williams of Shedd. Mrs. Morse was born in Moss township, and had been a respected resident of St. Thomas for 40 years. She was the daughter of the late Thomas Williams, brother of the late Thomas Williams, who built the Thomas Williams' Home, for the poor and aged.

Carlton Robinson, a young farmer of Kincardine township, has entered an action in the High Court, in which he is asking damages from Dr. Ferguson of the town of Kincardine, who performed an operation on him for appendicitis. Shortly after the operation, it is alleged, Robinson's mother was handed what was claimed to be her son's appendix in a bottle. As the son, it seems, didn't feel, after a considerable length of time, that he had been greatly benefited by the operation, he went to Dr. Groves of Fergus, and the latter, it is alleged, also took an appendix from him. At the examination for discovery, the two appendices, both of which are claimed to have been taken from the interior of the one man, were on exhibition.

Writes of Vimy Ridge.

The following is part of a letter written to John Craig by Pte. Ed. Smith, under cover of June 5th, 1917, from somewhere in France.

Dear John,—I am going to tell you of the time I had on the morning that we took Vimy Ridge. At 5:30 a. m. the great bombardment started and one would imagine the gates of hell had opened and allowed the million of flames to spread along the whole countryside, accompanied by noise of a million riveting hammers. At the same moment the artillery opened fire. The officers waved us to advance, and away went the first wave. The first wave takes the first line of trenches and stay there, while the second wave follows at about 150 yards. They go right over the top of the first wave and take the second line of trenches, and so on. The artillery keeps up a line of fire a short distance in front.

You have seen by the papers how far we have advanced and on how big a front. But perhaps you will understand better when I tell you that we started at 5:30 in the morning and did not reach our objective until 11:15. As soon as we reached Fritz's front line we began to find dead and wounded by the dozens, and the prisoners started to come in with their hands in the air, first in ones and twos and then in groups of 10 or 15, some carrying their own wounded and ours. Our men soon got stretchers for them and made them carry in our wounded also. Right behind us came Red Cross men who give first aid to the wounded, and stick their rifles in the ground beside them with something white on them. They are then taken to advance dressing station where a doctor fixes them up and puts a ticket on the dozens, and the prisoners started to come in with their hands in the air, first in ones and twos and then in groups of 10 or 15, some carrying their own wounded and ours. Our men soon got stretchers for them and made them carry in our wounded also.

Right behind us came Red Cross men who give first aid to the wounded, and stick their rifles in the ground beside them with something white on them. They are then taken to advance dressing station where a doctor fixes them up and puts a ticket on the dozens, and the prisoners started to come in with their hands in the air, first in ones and twos and then in groups of 10 or 15, some carrying their own wounded and ours. Our men soon got stretchers for them and made them carry in our wounded also. The next few days were much the same. The papers are full of praise for the Canadians.

Reception to Soldier.

Charles Stinson, who enlisted and went over to England with the 135th Battalion and was rejected there for service at the front on account of over-fatigue, was tendered a hearty welcome on his arrival home on Monday night. He was escorted to his home, where brief addresses were given by Reeve A. Wright, J. N. Currie, president of the Patriotic Association, and others, and the customary purse of ten dollars was presented by Lewis Suitter on behalf of the citizens. Owing to the train being delayed and not arriving until nearly midnight many were prevented from attending the reception.

Gillette-Innes.

A pretty wedding took place at the home of Mr. and Mrs. Wm. Innes on Thursday evening at six o'clock when their youngest daughter, Marion, was married to Avery R. Gillette of Chatham. Rev. G. S. Lloyd performed the ceremony. The bride was given away by her father and was beautifully gowned in white silk crepe de chene trimmed with real lace, with the bridal veil of tulle caught up with orange blossoms, and carried a bouquet of sweetheart roses.

The groom's gift to the bride was a pearl set lavalliere. Immediately after the ceremony the guests sat down to a dainty wedding dinner. The table decorations were carried out in pink and white. Mr. and Mrs. Gillette left on the 10:10 train for Toronto, the bride wearing a sand-colored tulle suit and leghorn hat.

Hamilton-Gardiner.

The marriage took place Wednesday afternoon at 8:30 o'clock Miss Millie Gardiner, daughter of Peter Gardiner of Mossa, to J. E. Hamilton of Alvinston. The bride and groom were attended. Rev. R. Fulton Irwin, pastor of the Glencoe Methodist Church, officiated. The two immediate families of the bride and groom were present.

The young couple left on the 6:20 train for London, St. Thomas and Port Stanley, the bride travelling in a suit of brown tulle, with panama hat.

An exchange suggests that someone may have placed a bent pin on the Chinese throne.

Newbury Honors Khaki Boys

Newbury, July 12.—On Tuesday evening the Town Hall was crowded to the very street with friends who gathered to do honor to our boys in khaki—Fred Connelly, Clayton Armstrong, Jim Brennan, Gordon Armstrong, Cameron Bayne, George Harcourt, Carl Regis and Ernest Johnston all having recently enlisted. Early in the evening the Wardville band arrived and kindly and generously furnished lots of good music, which brought out the people and put them in a happy mood. The hall was a beautiful picture, decorated with flags, bunting, maple leaves and profusion of flowers—even the very rugs on the platform were of patriotic designs, all blending to complete the picture.

As the large crowd were assembled, seated on the platform were the chairman J. A. Armstrong, Reeve Holman, Gertrude Manders, Fennell and McNaughton, Postmaster D. Stalker, Revs. Malcolm and Hale and Wm. Armstrong, a veteran of the Cuban war, and the four first named "boys," the latter four being unable to get leave from their battalions.

The program opened with all singing "The Maple Leaf." We will give the numbers, with the general comment that each and all were good, appropriate and much appreciated, as the applause showed. Instrumental duet, Miss Carrie Fletcher and Mrs. Edwards recitation, Miss Gertrude Burr; solo, Miss Ella Jeffery; recitation, Mrs. Moore; chorus by a number of young ladies; duet, Miss Pauline Wilson and Charlie Wilson; song, Wm. Mims.

Then the feature of the evening—the reading of the address and presentation of wrist watches and fountain pens to the boys. Reeve Holman read the address, after making a neat speech in which he expressed his pride in our "men" as the boys have shown themselves to be. Each of the boys replied in a few words, which came right from their hearts, of appreciation to the people for their kindness and a wish to do their duty and bring honor to their home town. The response to the boys was hearty indeed.

After the presentation the chairman spoke of his pride, too, in the lads whom he had trained in school. He had tried to instill ideas of patriotism in his pupils and was now seeing the result of that effort. Revs. Hale and Malcolm made fine addresses. The national anthem was then sung, and then the ladies served a beautiful lunch in the way in which they have gained fame for themselves in the past. Thus closed another of those outstanding days in the history of our village.

Your Coal Supply.

Toronto, July 18.—"There is no need for the citizens to feel alarmed over the coal situation, but at the same time it is advisable for everyone who is in a position to do so to get their winter's supply in as soon as possible. The more who get it now, the fewer there will be who will need to be supplied in the winter."

This was the statement made by a prominent coal dealer who is in close touch with the coal situation both in Toronto and at the mines. It appears that nearly 90 per cent. of the coal used in furnaces is that grade known as "stove." When the coal is mined, it is passed down the breakers and is then separated into the grades, by sieves. Naturally there is about the same quantity of stove coal as there is of egg, nut, or any of the other grades. Owing to the great demand for stove coal the dealers have been compelled to back up large quantities of the larger grades. This year, however, they are not doing it, with the result that the demand very much exceeds the supply. Stove coal, therefore, is at a premium.

According to the dealer quoted above the best method to meet the situation is for the consumer to place his order for both egg and nut coal. The former is slightly too large to make a good fire in the average furnace, while the nut coal is too small. The plan is to make the fire up with a shovel of nut coal which will burn up quickly and to throw on that a shovel or so of egg coal, finishing off with another shovel of nut. The combination has produced the best of results and is strongly recommended.

Girl Autoists in Trouble.

A party of young ladies from Bothwell had a narrow escape, while climbing the hill south of the Tait bridge in an auto a day or two ago. Their motor stalled when near the top and the car started to back down. Not being able to keep in the road, the driver, with great presence of mind, cranked the car straight over the embankment and into a tree, thus preventing its overturning or going through the fence into the ravine. Mr. Berdan came to the rescue with his team and pulled the car back to the level road. No one was hurt, but it is suggested that the next time the young lady driver take father or somebody's big brother along.

Attractive Dining Car Service.

Probably nothing helps more to make a railway journey really enjoyable than a visit to the "Dining Car," especially if it be a Canadian Pacific dining car, where the passenger is assured of the highest form of efficiency in the culinary art, the chef's provisions that the market affords prepared on the scientific principle known as "Dietetic Blending." Your favorite dish, as you like it, may be enjoyed at reasonable cost, amidst ideal surroundings, while travelling on the Canadian Pacific.
